Oh! My Back Is Hurting Me So
Old, reliable St. Jacobs Oil will stop all Backache, Lumbago and Stiffness at once!

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin. L i m b e r u p! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. If never disappoints, and has been recommended for 60 years.—Adv.

The Oregon Mint Growers' Co-operative association had its second annual meeting and a banquet at Corvallis last Saturday night. Fifty growers were in attendance. The mint growers are not getting big prices this year, but they are mostly enthusiastic and intend to stay with the industry and see it through.

If they do this, they will win out, for this is the best mint country in the world, or at least the best in the new world, and the growers of the Willamette valley can compete with any old country or section and come out on top in the long run.

The Wasco county live stock men have had a long, hard winter on stock. They have had to feed this winter for a longer time than in any year since the country was settled, and some of them are obliged to ship in hay from outside points. Austrians are naturally much relieved at assurances from London that the pawned collection of

Southern Pacific Company Will Act at Oregon City

The improvements will be better passenger station facilities, a new freight depot and livestock corrals. A conference by members of the commission, representatives of the railroad company and of Oregon City representatives will be held the latter part of March.
