When the bull was advertised for salae inquiries were received from all sections of the coountry and he was sold to the New York man on a telegraphic bid. He will be shipped by express to his new home where, it is said, he will head one of the best herds in the state of New York.

Sophie's Golden Borello is a full brother to Sophie's Oregon Tormentor, first prize senior calf at the acific International Livestock exposition in 1920 and first prize yearling at the Oregon state fair in 1921.

McArthur & Stauff also report the sale of two bulls to breeders in California and Wasahington. Their herd has attracted much attention by maintaining an average production of over 57 pounds buterfat for the last 10 months. It is predicted that a world record fo rall dairy breeds will be estab-lished by the herd for the year ending April 30.
