One Shine Stand Here Announces Cut in Rate

At last Salemites feel assured that the high cost of living is on the decline in one instance. A shoe shine can now be secured for 10 cents. Since the gloomy war time years the 15 cent schedule for footwear polishing has been faithfully adhered to by sons of Greece and of Ethiopia who have operated shine shops here for many years. Yesterday the evening paper reported that certain shops had united in not meeting the 10-cent price now established in Portland. But one shoeshine proprietor, Charles Chase of the stage terminal shining stand, was not interviewed. "Without consulting any newspaper, I yesterday reduced my shine schedules to a 10-cent charge," said Mr. Chase last night. "For several days I have contemplated such a reduction and believe that it should be made in order to conform with lower wages and salaries now prevalent. According to an announcement made yesterday Salem shine stands now charging 15 cents will make no reductions until an agreement can be attained at a meeting said to have been called for Monday March 13.

DALLAS, Ore., March 9.—(Special to The Statesman)—A fire starting from what is believed backfire of an automobile in the garage of Isaac Entz at his home on Ellis street Wednesday afternoon about 1 o'clock destroyed the garage together with a big barn adjoining the Entz property owned by C. J. Crook. The store building of Mr. Crook was only saved by the prompt work of the firemen and neighbors who kept the building wet until the arrival of the fire department. On account of the low pressure on the mains, at this point the fire department had some trouble in getting water on the fire. Mr. Entz' automobile which was in the garage at the time of the fire, was considerably burned and it was saved with difficulty. His loss, including that of a year's supply of wood was probably \$100. JUDGE HAS CASE AGAINST SALEM

Attorneys Submit Briefs in Case Brought by J. F. Wilson The suit of J. F. Wilson of The Dalles against the city of Salem occupied the time of the Marion county circuit court yesterday. After the case was presented, attorneys for each side agreed to submit briefs. The suit is a matter of paving assessment, as the property owned by Judge Wilson is the point of land at the junction of Summer street and the Fairgrounds road, upon which a filling station is located. In paving the intersection of Summer street and Fairgrounds road, the city levied an assessment against the four corners, one-fourth to each corner. The assessment against the triangular lot of Judge Wilson was \$154.05. The contention of Judge Wilson is that the piece of land on Summer street is located just outside the assessed district and therefore the city should not hold a lien against it for paving. Final disposition of the case will come up before Judge George G. Bingham.

IF BACKACHEY OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.
