ASTORIA LEADS BY BEATING NEWBERG IN INITIAL CONTEST

After beating McMinnville, the semi-champions of the district, for the honor of representing district No. 8 in the first round of the play, Thursday afternoon.

The Newberg team, because of its victory over the strong McMinnville, had been counted on to make a brave showing for the runner-up if not for the final championship. But the dope didn't work, a bit; for Astoria, a more or less unknown and unconsidered entrant. won the game, 27 to 21.

that Newberg had one bright, the other team. particular star, who counted for about two ordinary men. He did, all right; his name is Carson, not derson, guards; Diamond, center. Kit, but Clayton, playing forward. He shot all the fouls, he made wards; Carlisle, center; Maimpractically all the scores for his varding, Cronin, guards. team. There were 15 points to his credit when the game closed. 6; Kiminki, 4; Diamond 2; Luo-He was easily the individual star to, 2; Anderson, 13. Newberg: of the game.

Astorian Stars Anderson, of Astoria, made 13 record in a game ever made on a Salem floor for so many tries Blach center made one field goal. There was little chance to choose played in white jerseys. between them. Newberg usually tipped the ball-and Astoria got

Some clever leading of the ball in long throws, was done by the Astoria players. No college game played here this year has been better in that particular. Astoria of the first half Newberg was and 3 o'clock, between the win-Newberg easily excelled in long night. passes. The Astorians dribbled far more, and got the better of the exchange in styles. Gallery Cleared

An earnest spectator up in the gallery, about the east goal, leaned out to bat one high throw isfactorily. At only \$1.50 for the that was coming his way. The ref. eight games, fans buy a lot for a ed both galleries at the goals, so there will be no further interference. Ralph Coleman, O. A. C. was the referee. He will take the whole series, as it is now plan-

Newberg played a good game, but the loss of so many points on fouls had a disquieting effect as

Crowd is Large A gratifying crowd, including many business men of Salem, was in attendance, at the first game, and the sale of season tickets is understood to be progressing satlittle money. The proceeds of the ticket sales, and the sale of programs, go towards defraying the cost of the meet.

World Heavyweight Grappler Avers Wrestling is Superior to Boxing

NASHVILLE, Tenn., March 16. -Basing his action on his belief that wrestling is superior to boxing as a means of self-defense, Ed (Strangler) Lewis, world's champion wrestler, today chai lenged Jack Dempsey, heavyweight boxer, for a mixed match

The challenger made public through an announcement of Billy Sandow, his manager, that he had deposited \$5,000 with a local sporting editor as a guarantee to meet Dempsey "anywhere in the United States at a date that may be selected later." Upon hearing that Dempsey's manager had said he would agree to such a match, Lewis invited him to send his \$5,000 as a guarantee.

Sandow also indicated his confidence in the outcome of the proposed match by offering to wager \$5,000 personally that Lewis would defeat Dempsey before a qualified referee within 20 mon-

Some doubt was expressed in whether any state would permit a m'xed match of boxing and wrestling to be held.

State Boxing Laws Give

NEW YORK, March 16 .- Boxing has greatly increased in popularity throughout the state under the new state athletic laws, said tier after the recent operation he a joint report of the state athletic underwent was given as 160 and the license committee, made public tonight.

Excess receipts over expenses derived from taxes and license fees amounted to \$200,087.62.

The commission declared that sham or collusive contests were no day: longer perpetrated on the public the law "there has not been a single serious accident in the state." that he should be defeated by The safety feature was attributed Lowis." to the commission's rigorous physical examination of contestants.

ROGER HORNSBY IS HIGHEST PAID PLAYER IN BIG CIRCLE

Rogers Hornsby, leading batsman of the National League, who has been holding out, has signed his contract with the Cardinals. Terms of the contract were not made public, but it is understood that the salary is between \$20,000 and \$25,-000, probable \$22,500, with a clause inserted increasing it if the club finishes first, second or third in the league race. Hornsby has been demanding \$25,000 and the club recently offered \$17,000. The contract, it was said, makes Hornsby the highest paid player in the league.

B. L. Deaton, representing the United States Cartridge company. who was a Salem visitor Thursday, tells of some interesting developments in loading standard Y. M. C. A. Beavers Lead shells. It has been found possible to give the old 30-30 cartr dge, for 30 years a standard load, a velocity increase of 150 feet per second, making it now 2125 feet velocity at the muzzle; it increases the striking energy by 200 pounds, and makes it approach the 30-40 Krag army load. The 30-30 still uses the old 170 grain bullet, while the 30-40 uses a 220-grain ball. This speeding up of an old stand-by load, that is used by more rifles today than anything else on the market, puts floor. it fairly into the modern army riby a superior, progressive burn- one making six points. Russel ing powder that gives almost no Lehman was the close second and increase in breech pressure, so made three baskets from the foul that the more powerful new load line. The fulminate in the primer had been so strong a corrosive for copper, that the brass case had been used. It was stiff and heavy, and guns with a mainspring at all weakened might have many m'sfires. But by lacquering the inside of the thin copper cap or primer case, it has been found possible to use this sensitive detonator with entire safety against the corrosive fulm'nate, and shell-buyers can now have the sure-fire shells to order. In general, the ceaseless search of the chemists for a non-corrosive fulminate has been quite successful, so that the buyers of the latest shells, for shotgun or rifle or pistol, will get ammunition that will not destroy the barrels as did the first of the smokeless powders. The cartridge companles are still making practically all of the old rifle and pistol cartridges, but they have discontinued as "regular", dozens of the

An interesting little trade story related by Mr. Deaton. Complaint came in that one of the famous repeating shotguns of the country was giving serious trouble all over the country, with all but | one make of shell. Kicks came in by the hundreds and the trade besituation. Finally Mr. Deaton and the sales representative of a all the companies and took them out for trial. They found that whereas the gun was supposed to handle a 2%-inch shell, it would really take a she! 12% of an inch 'n length, and only one company was making them that lengthand they fitted the gun. With proper munitions, the gun funconed perfectly. But it took a cooperative test of the ordinary bitter rivals, to put the whole trade wise to the reason.

shotgun loads, so that the ammu-

nition trade is much simplified
