FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.—Adv.

MAGLADRY SEEKS POST IN SENATE

Lane County Man Will Oppose Jones and Bell for Republican Nomination

J. S. Magladry of Dorena yesterday filed with the secretary of state his declaration of candidacy for the Republican nomination for state senator from the third senatorial district, comprising Lane county. He will oppose Walter B. Jones and John R. Bell.

"Reduce the overhead. Cut down the cost," is his slogan. He offers the following as a platform: "Use my best efforts to abolish every item of expense that is not absolutely necessary to conduct the affairs of the state along sane, good business and economic lines. The only way to reduce taxes is to stop spending the money. I have no axe to grind, no interests to serve except those of the taxpayer. I am under no obligation to anyone and am in position to use my best judgment and any ability I may have to relieve the taxpayers of their present serious condition, and I will do it."

Delbert Fehl of Medford today filed as a candidate for the Republican nomination for representative in the legislature from Jackson county. "Business efficiency, lower taxes, development, progress, liberty, American ideals, Oregon first," is his slogan. As a platform he submits the following:

"Stand for American ideals and principles; for constructive reduction in taxes, by doing away with duplicate government agencies and demanding business efficiency from employes having charge of public work; through uniform methods of valuation and the development of Oregon's resources to the end that more property be taxable; through advertising Oregon as a home state to the people of the world, thereby securing more taxpayers, and to make it a fact by repeal of unjust and burdensome laws, by enacting fewer and better laws and removing defects from present statutes in the interest of equity and business. High educational standards."

HAWLEY SUBMITS HIS DECLARATION

First District Congressman Has Progressive Planks In Platform

More millions for the development of waterways, national aid in road building and exclusion of undesirable legislation are planks in the platform of W. C. Hawley of Salem, representative in congress, who yesterday filed with the secretary of state his declaration as a candidate for renomination by the Republican party.

Mr. Hawley uses the slogan that has served him for many years "No interests to serve but the public interests."

The first congressional district served by Representative Hawley comprises the counties of Benton, Clackamas, Clatsop, Columbia, Coos, Curry, Douglas, Jackson, Josephine, Lane, Lincoln, Linn, Marion, Polk, Tillamook, Washington and Yamhill.

His platform follows: "Faithfully serve all the interests of the nation, state, district, and people, including obtaining more millions for the development of the waterways, until all are adequately provided for, and for

public buildings, national parks, etc.; national aid in construction of public roads; extending postal facilities; adequate provision for veterans and their widows; proper protection for American products; needed labor legislation; aiding settlers and miners; promoting the welfare of those engaged in agriculture and stock raising; excluding undesirable immigration; reduction of taxation by eliminating unnecessary expenditures; moral and progressive legislation generally."

Irregularities Found Among Obchain Jprors

LOS ANGELES, March 20.—Three members of the jury who disagreed in the case of Mrs. Madalynne Obchain, charged with the murder of J. B. Kenney, visited District Attorney Thomas Lee Woolwine today to discuss with him incidents of the jury room deliberations. They were among the nine who voted for conviction.

The assertion was made, Mr. Woolwine said later, that one of the three jurors who held out for acquittal had been seen talking to a person interested in the defense during the progress of the trial and that all three refused to listen to any arguments in the jury room. The district attorney declined to say what, if anything, he proposed to do as the result of the jurors' visit to him.

Mr. Woolwine also said the prosecution would move for a joint trial of Mrs. Obchain and Arthur C. Burch, her confederate. Burch's first trial also ended in a disagreement. The motion may be made tomorrow morning to which time Mrs. Obchain's case was continued after the disagreement of the jury Sunday night.

PORTLAND, March 20.—Fifteen persons died in Portland from influenza last week, according to reports at the city health bureau made public today. Although 11 deaths were recorded the week previous, acting City Health Officer John Abele is certain the epidemic is practically over.

Wishes He Had Known It Sooner

"I only wish I had discovered Foley's Honey and Tar 50 years ago, as I have been the victim of attacks of influenza and bad colds until I found this wonderful relief," writes W. H. Gray, 854 No. Wita Pl., Venice, Cal. Foley's Honey and Tar helps coughs and colds, bronchial and la grippe coughs, tickling throat and hoarseness. It is good for croup and whooping cough. Mr. Gray adds: "Worth its weight in gold. Marvelously effective." Sold everywhere.—Adv.

Aumsville Schoolhouse In Building Process

Work was begun a few days ago on the fine new \$23,000 schoolhouse at Aumsville, both for which were voted some time ago. For the present the building will be used for both high school and grade school, but it is planned that as the high school fills up, the grades will be located in a separate home. The building is to be of concrete, a strictly modern structure in every way, and a credit to the community.

Plans have been approved for a new school building at Turner, though no contract has as yet been let. It will be of modern construction and arrangement, and it is expected that it will be built this season.

Several other school districts have come to the conclusion that they must have more school room and plan to build this year, according to County School Superintendent Mrs. Fulkerson.

POSTAL ORDER FORGER TAKEN

R. J. Turner Nabbed in Tacoma in Act of Passing Spurious Paper

SAN FRANCISCO, March 20.—R. J. Turner, arrested here today as he was said to have been attempting to pass a forged postal money order, confessed, according to postoffice inspectors, that he broke into a sub-station post-office in Atlanta, Ga., March 2, and stole a block of money orders.

Leaving Atlanta, Turner is said to have admitted cashing spurious money orders in Kansas City, Oklahoma City, San Antonio and Los Angeles. He admitted passing four orders in Los Angeles, the inspector stated.

Turner's method was to register at the best hotel and immediately make a small purchase at a large store, paying for it with one of the orders and receiving the change. He is alleged to have succeeded in passing one here and was in the act of negotiating a second when suspicion was attracted to him. He ran from the store, pursued by an employe, whom he struck down. He was caught and the officers said they found in his possession 23 out of the original 65 blanks stolen.

The prisoner said he was 23 years old. He admitted that Turner was an alias. He declined to reveal his real name.
