WITH SPECIAL ORCHESTRA

Written, Directed by and Featuring **Von Stroheim**
 "A Man You Will Love To Hate"

John A. Jeffrey of Portland yesterday became a candidate for the Republican nomination for district attorney for Multnomah county, having filed his declaration with the secretary of state. "Faithfully and efficiently administering the office," is his platform. "Regular Republican candidate. Justice without fear or favor," is his slogan.

Walter Jones Files

Walter B. Jones of Eugene filed his candidacy for renomination on the Republican ticket for the office of state senator from the third senatorial district, comprising Lane county.

Jones' platform says: "I will do all I can to lower and equalize taxes. Give everyone a square deal, and fight for what I believe to be right regardless of personal gain. Never double-crossed a friend. My past record is my platform."

Eberhard Opposed

Joseph T. Hinkle of Hermiston, formerly a member of the house of representatives in the Oregon legislature, yesterday filed with the secretary of state his declaration as a candidate for the 19th district, comprising Morrow, Umatilla and Union counties. He is a Republican, and will oppose Colon R. Eberhard of La Grande for the nomination.

"Live within our means. Do our best for home and flag," is his slogan. His platform follows: "Work for reduction in taxes by cutting down expenses, and favor millage tax for schools with no additional appropriations. I will devote my time to the enactment of fewer and simpler laws, and have no bills or pet measures of my own to tie my hands. I favor the present plan of highway and market road construction with reduction in overhead and no more bonds for the present."

6 New Era Men Run
 George R. Randall of New Era

is a candidate for representative from Clackamas county. He is a Republican. "Honesty, strict economy and a straightforward administration," is his slogan. His platform reads: "I will work to put all paid state officers back to pre-war salaries, and will support agriculture and other productive industries in every possible way. I will strive to equalize and lower taxes. I am opposed to alien ownership of land and favor American labor and the American people."

Standard Bearers Will Give Program at Church

A program is to be offered on Wednesday night at the lecture room of the First Methodist church. The Standard Bearers, the high school girls' society, is to put on two playlets to raise funds for the club's thank offering for missionary purposes.

The first of the numbers is "The Answer," a play in two scenes, the first in Japan and the other in an American girl's home. It comprises a cast of 10 or a dozen girls. The second number is "Thanksgiving Ann," a missionary titling lesson, laid in a southern home, with six characters represented.

Chorus singing by the society, and several piano and violin numbers, are to be the musical offerings. The girls are very modest in their financial demands, the admission being only 15 and 10 cents.

Chief Moffitt Censured for Not Booking Offenders

Chief of Police Verden Moffitt was censured Monday night by members of the city council who asserted that the names of several recent traffic offenders had not been booked on the police court docket.

Alderman Henry Vandevort demanded information as to specific instances in which he claimed there had been no prosecution although arrests had been made. Chief Moffitt explained that in accordance with usual routine all minor offenders were booked and reprimanded. A second offense would result in a police court appearance, he said.

The two offenders mentioned by Alderman Vandevort were booked in the 'minor offense' record," stated Chief Moffitt. "One of these offenders was fined \$20 for a major traffic infraction just a few days before was reported to have had an argument with a traffic officer."

"I believe that it is the demand of this council that all laws be impartially enforced," said Mayor Halvorsen. "The chief of police and the city recorder must see that the law is carried out and if they fail to do this, the council will make efforts to secure men who will enforce the law."

S. P. REFUSES TO HELP PAVE

Company Unwilling to Spend \$12,000 on Seventeenth, Says Billingsley

That the Salem Street railway, owned by the Southern Pacific company, will refuse to cooperate in paving Seventeenth street, was admitted before the city council Monday night by Superintendent T. L. Billingsley, of the local railway lines.

"We receive only a \$7 daily revenue from this line," said Mr. Billingsley, "and my company cannot see why it should spend \$12,000 in paving between tracks on this street."

H. Suter, of the sixth ward, led a successful fight in support of a petition to pave North Seventeenth street between Market and D streets. Mr. Suter asserted that trolley support poles were in the street five feet from the curb line. He claimed that the company had refused to remove the poles or to aid in street improvement plain in a section where such improvement was absolutely necessary.

Alderman Henry Vandevort, J. A. Jefferson and Mayor Halvorsen expressed themselves as favoring improvement of streets regardless of opposition by street railway lines.

Alderman Utter asked Mr. Billingsley if the Southern Pacific company had given orders to reject any proposal to come in for a share of the pavement of Seventeenth street.

"Yes, I have received such orders," replied Mr. Billingsley. "I want to tell the Southern Pacific officials that the franchise and charter of this city still stands and I believe that all members of

this council will aid Mr. Suter in his fight to get a square deal for his ward," declared Alderman Hal Patton. "I, for one, am tired of this railroad domination of city affairs. If the present street committee does not get busy and demand improvement of those paved streets now being neglected by the street railways, it would be a good plan to secure a new street committee."

The Seventeenth street improvement resolution was unanimously adopted.

Rush Made to Pay Taxes As April 5 Draws Near

Today is the last date for the unpenalized payment of the first installment of Oregon taxes. The Marion county sheriff's office is being overrun with taxpayers, these last few days, to get in before the close of the books.

During the last few days the letters with remittances are held up if the time doesn't allow of their being answered by the regular clerical force, until after the personal rush is over, then they are worked over and the proper credits are given, even though the receipts are not actually written for a day or days after the closing date.

Today Will Be Award Day at Willamette University

Today is "Award Day" for the Willamette basketball and forensic champions of 1922. Special exercises are to be held at the chapel hour at 11:30, which are open to the general public.

Dimick, Gillette and Doney will receive certificates for basketball. They have already received their sweaters on other years. Patton, Sociolofsky and Logan, the new men of the year, will receive sweaters. All the debaters and hurlers of the discuss will be crowned with the varsity laurels appropriate to their activities. The varsity closed a hard-luck but still brilliant basketball season, while the debaters came near cleaning up the whole northwest, in a remarkably successful series of contests.
