gram for the day as arranged by pastor: Rev. John McNeese, Bishop Shepher of Portland, district superintendent, E. E. Gilbert of Salem, Rev. Mr. Hertzler of Portland and Rev. G. S. Roeder of Salem. Quite a number of letters will be read, which have been written for the occasion by former pastors. Abe Welty was a visitor yesterday at the home of his daughter, Mrs. Robert Rooney, who has been on the sick list but is improving slowly at present. Mr. Welty also visited his brother, John Welty. Although Mr. Welty is over 80 years old seems to be in good health and does not mind to walk a mile or two. Farmers are beginning to farm now quite a lot of oats which was sowed in low land last fall, has to be reseeded again, also the slugs have killed some wheat which was sowed in clover sod, which has to be reseeded. This with the regular spring work and about a month late to start with will make a very busy spring for the farmer of this neighborhood.

PASSION WEEK TO BE OBSERVED

Rev. Charles Ernest Powell to Assist at First Methodist Church

Following the series of intensive spiritual efforts that have been put forward in the First Methodist church this winter, a week of especial spiritual service is to be observed, Passion week, the week before Easter. The church feels that it is fortunate to command the services of the Rev. Charles Ernest Powell, a returned missionary who is now living in Salem, as a representative of the home mission board of the church. He has had unique experience. He was with the intrepid Dr. Grenfell, in Labrador. The Grenfell-Powell story is an epic of ger and deadly cold. He was for several years with the Indian

tribes of Canada, as missionary. He has seen all that there is in pioneering in the land of the midnight sun and the long hunger and deadly cold. He was for six years a missionary in India, where the Bengal tiger and the cobra and the elephant and the even more deadly caste system of mankind have their homes, and he has developed some of the most faultless English, along with the clearest, most logical thinking, that has been the pleasure of any one to hear anywhere. It is a university highbrow series and also a series for the laborer, the business man, the skeptic, the earnest believer. "Logic on Fire" is the way one famous lawyer hear terms his speaking. He traveled for two years for the Centenary church movement, as one of its most trusted speakers, and visited 44 states of the union in that time.

A Russian by the name of Raskofsky is becoming prominent in that country. What a man he would be to act as delegate to the Genoa conference.

 COMPLETE HOUSE FURNISHING

Miss Cornelia Marvin, state librarian, will leave within a few days for the east. She will be gone for several weeks, which will be her first vacation in more than two years.

Of the \$3500 asked of Salem residents by the local Y. W. C. A., only \$2321.50 had been raised last night and of this more than \$400 had been contributed by members of the board of directors. Disappointment was expressed last night by members of the board regarding the returns from the campaign.

According to Mrs. W. S. Kinney, member of the northwest field finance committee, who was recently in Salem, an association can not be self supporting since the nature of its work takes it into public service work, which is not self supporting.

High School Seniors to be Club Guests

Oregon Agricultural College, Corvallis, April 6.—Plans for a Salem high school senior excursion to the college were discussed at a meeting of the Salem O. A. C. club Wednesday night. Ila L. Spaulding, Nan W. Putnam, Frank Deckebach and Madison Nichols were appointed to make arrangements for the excursion. No definite time has been decided upon, but the high school seniors are to be brought here some time other than junior week-end so that they will gain a knowledge of the real work of the different departments on the campus and find out just what the school has to offer to them.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.—Adv.

We are making extra big inducements for Friday and Saturday. I wish to say to the public that the pianos we are offering during this great sale are the same standard high grade lines that I have sold for years; they are the finest that money and brains can produce and I give the same guarantee with these pianos that the manufacturers give because I know they are quality clear through. I do not know of any dealer in the country who has ever made such drastic reductions on standard make pianos that I am making during this sale. They are all standard makes that you will be proud to own and I am mighty proud to sell. You can buy these fine pianos during this big stock reducing price cutting sale for as little money as you would pay for just ordinary pianos.
