Washington Official Here—
Percy F. Thomas, assistant director of the department of licenses in the automobile division of the state of Washington, was here yesterday conferring with Sam A. Kozler, secretary of state, relative to the motor vehicle fuel tax laws in this state. The state of Washington has a straight tax of 1 cent a gallon on all gasoline and distillate sold in the state, modeled after the Oregon law of 1919. That state has not put on an additional tax on gasoline as was done in Oregon in 1921.

BITS FOR BREAKFAST
Harbingers of spring—
Auto campers are arriving.
In the management of the prisoners, Lou Compton has made a splendid superintendent of the penitentiary.
Announcement that women are to wear their skirts and gloves longer doesn't interfere with Sister Lou. She says she has worn those she has as long as she proposes to and that settles it. That's long enough, heaven knows. Easter is coming, too.
The indications are that the non-union mining centers are speeding up; that if the coal strike lasts long enough the business will all be transferred to the non-union mines. On account of short sighted leadership of the walking bosses, that very thing is happening in many industries throughout the country.
Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.—Adv.

BEAN AND HALL FILE STATEMENTS

Two Candidates for Governor Record Declarations With Secretary

L. E. Bean of Eugene and Charles A. Hall of Marshfield, candidates for governor, filed their declarations with the secretary of state yesterday.

"Income tax on wealth untaxed, reduce property tax; abolish commissions, reduce expenses," is Mr. Bean's slogan. His platform as submitted to the secretary of state follows:
"Faithfully carry out the will of the people and discharge duties imposed without fear, favor or prejudice; no secret government; apply practical business methods in all state business; favor abolishing commissions and substitution of cabinet form of government, thereby cutting out duplication, waste and extravagance; favor income tax to reach that source of wealth now going tax-free, applying taxes collected thereupon in reducing property tax; maintain educational facilities under strict supervision of expenditures; oppose land ownership or control by foreigners; oppose issuance of further bonds or increase of state's debt; oppose further increase of motor or gasoline tax."

Mr. Hall's platform follows:
"Administer state affairs in interest of all people; reduce taxes; urge budget system; substitute departments for useless commissions; improve marketing facilities; aid farmers' credits; equitably adjust automobile taxes, using gasoline tax for highways only; treat fairly employer and employee; further good roads, particularly farmers' market roads; favor compulsory attendance in primary school grades, and teaching pure Americanism to all pupils; oppose Japanese land ownership or control; and strictly enforce the laws."
William M. Stone of Oregon City filed for the Republican nomination for state senator from Clackamas county. One plank in his platform is opposition to further appropriations to the state fair, international livestock show and Northwest Tourist association. He also would restrict institutions of higher learning to the revenue derived from the millage tax.

Second Appearance of Clubs Are Successful

A none-too-large but thoroughly appreciative crowd attended the second concert given by the Willamette glee clubs at Walker hall last night. It has been a strenuous week in music and entertainments circles and not everybody could go to everything all the time. But they turned out to hear the Willamette singers, in two of the most enjoyable concerts that the university has yet presented.

Some interesting figures were given out yesterday regarding the new stage and curtain in Walker hall. The stage itself with its footlights and wiring cost almost \$160 and the curtain \$250. These two much needed improvements were paid for by the dramatic section of the university turning in the money it has amassed during the year, about \$70, and the men's glee club coming in with \$350 cash, the excess receipts from its 1922 concert tour in eastern Oregon and Washington. The presentation was made at the Wednesday night concert.

GASOLINE SALES SHOW INCREASE

February Distribution Ahead of That of January, Statement Shows
An increase of 10,213 gallons is shown in the gasoline sales in Oregon for February over those of January, according to a statement prepared by the secretary of state's office, while the sale of distillate reached a total of 51,390 as compared with 36,307 gallons for January.

Distribution of gasoline in February was an increase of 21,120 gallons over the same month in 1921, while distillate sales declined nearly 30,000 gallons.
"Receipts of the state for February, under the motor vehicle fuel tax laws, aggregated \$63,080," said Sam A. Kozler, secretary of state. "Monthly collections and remittances since the first tax law became effective in February, 1919, total \$1,918,488.30. Of this sum \$1,382,236.85 was produced by the law of 1919, while \$536,251.45 accrued under the operations of the 1921 law. To date, \$18,238 collected under the law of 1921 has been returned to operators of farm tractors, motor boats, commercial cleaning establishments,

A woman who was defeated in her political campaign as a candidate for mayor of an Iowa city now makes charges that her opponent used money and liquor to defeat her. This stuff has a familiar ring. Politics seems to be a sexless game, after all.

Dull Headaches Put a Brake on One's Ambition
Nothing so helps back the ability to work and think as dull headaches. For a long time I had very inactive bowels and indigestion. I was nervous a good deal of the time and had a weak back which would bring on a drawing sensation along the spine. At present, after having a course of twelve chiropractic spinal adjustments, I can say my physical condition is better. My headaches have left me, and my nerves are in much better condition.—G. C.
