

MILLION LINE IS AGAIN EXCEEDED

Achievement is Accomplished for Tenth Consecutive Full Session

NEW YORK, April 13.—Business on the stock exchange today passed the million share line for the tenth consecutive full session

but failed but a liberal margin to reach the more impressive dimensions of recent days. Tomorrow's recess (good Friday) promoted additional selling to insure good profits. The tendency was most in the more representative steels, equipment, foreign oils, the latter giving evidence of renewed liquidation. Domestic oils, notably the Standard Oil of New Jersey and of California, were among the strongest issues with Sinclair, Coaden, Pacific Associated and Tidewater. Extreme advances in this division ranged from 2 to 8 points accompanied the buying of Pacific

representative, second district, Linn county. Walter H. Evans, Portland, for Republican, nomination for circuit judge, department No. 6, fourth judicial district, Multnomah county. J. N. Hart, Portland, for Republican nomination for circuit judge, department No. 5, fourth judicial district, Multnomah county. L. B. Reeder, Portland, for Republican nomination for circuit judge, department No. 7, fourth judicial district, Multnomah county. Roscoe P. Hurst, Democrat, Portland, for circuit judge, fourth district, department No. 6, Multnomah county. Mrs. Maria L. T. Hidden, Portland, Democrat, for representative from Multnomah county. George A. Lovejoy, Portland, Democrat, for representative from Multnomah county. Elmer R. Lundberg, Oak Grove, Democrat for representative from Clackamas and Multnomah counties. Hall S. Lusk, Portland, Democrat, for representative from Multnomah county. John M. Wilson, Portland, Democrat, for representative from Multnomah county. James T. L'Healien, Adams, Democrat, for representative from Morrow and Umatilla counties. Joseph R. Jeffery, Seaside, Republican, for representative from Clatsop county. Denton G. Hunter, Island City, for Democratic nomination for representative from the 25th district, Union county. Charles A. Hunter, Wallowa, for Republican nomination for representative from the 24th district, Union and Willowa counties.

Again eliminating the coal strike which threatened to become an adverse factor of increasing importance, the day's general news was distinctly encouraging. Before the opening of the market, cables announced the cut in the British discount rate to the lowest level since July, 1914. This evidence of international money ease was followed by further relaxation of rates at this center. Call loans opened at 4 per cent, that figure applying to renewals into next week. In private negotiations, however, demand money was obtainable at 3-4 and even 3 1-2 per cent on approved collateral. Contrary to expectations, foreign exchanges were not perceptibly responsive to the lower British bank rate. Sterling eased a fraction from yesterday's high quotations and a few of the continental remittances showed more than nominal changes from the previous day.

Cut This Out—It is Worth Money

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache, and sluggish bowels. Sold everywhere.—Advt.

Flax Acreage Contracted Expected to Reach 1100

Only enough seed for the planting of 17 acres of flax is left from the purchase of state flax seed made last winter by the Willamette Valley Flax and Hemp association. The total will be practically 1100 acres of flax under contract, when this last little lot is taken up. Secretary Bohrnstedt has this last lot already lined up and it will be closed out today or Friday. Bids are being called for the tearing down of the old elevator at Rickreall, on the mill and elevator property recently purchased for the association. The old buildings contain an immense quantity of lumber, but not much of it is usable in its present condition. It will be torn down and rebuilt, and made into a modern, usable plant.

Mr. and Mrs. Bohrnstedt to Entertain Live Wires

Mr. and Mrs. A. C. Bohrnstedt are to entertain the Live Wire class of Leslie Methodist church at their home in South Salem, Sunday morning. This is an annual event, occurring in April, when the Bohrnstedt home is turned over to the young people, 150 of them, for a social gathering. It is not all play, however, for it is made the occasion of pledging for their life work; to community, or state, or business, or religious or missionary service, wherever the pledgee expects to serve his fellow man. Many of the class members are from Willamette university, though there are many young men and women from business life in Salem, as members of the class. It has grown to be one of the most notable institutions of its kind on the Pacific coast.

Big Eaters Get Kidney Trouble

Take Salts at First Sign of Bladder Irritation or Backache. The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; it cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.

"COPPER PRINCESS" RETURNS TO UNITED STATES

Miss Barbara Guggenheim, daughter of the financier, copper king and mine owner, who returned to the United States after several weeks in France and on the Riviera, where she held a prominent place among society folk.

GYMNASIUM PLAN TO BE PRESENTED

An interesting proposal is to be presented to the Willamette university executive committee Friday at the chapel hour, when the Student Body is to submit a plan for the financing of a new gymnasium. The general argument of the plan is that it costs as much in actual money that comes out of the students and the parents and the university itself to rent the armory down town, as the interest and maintenance on a really adequate gym located on the campus would cost. It has been suggested at various times, that a gym be built and bonded for at least part of its purchase price so that it can be financed through athletic dues and rentals and other revenues from the building itself. It is proposed to tax the students a regular gymnasium fee in addition to all their other school bills, to provide a maintenance fund that would not burden the university as a corporation. By taking away all the cost of maintenance from the university financial load, and by providing also for at least a part of the interest on a new building, the students believe that they are laying out a plan that can be acted upon for next year's athletic needs. It has been proposed to vote a gymnasium fee of \$5 a year, which would give a fine sum for taking care of the maintenance and making a start on the interest of the new building. With the added enthusiasm for athletic events, it is figured that the revenues from all sorts of university athletics would help still further, and the young people are willing to assume their part of the load for a chance at better physical training for the years to come.

Willamette Executive Committee to Hear from Student Body Friday

Twelve new application for authority to appropriate water from the streams of Oregon are on file with the state engineering department. They are: By John Lawless of Grants Pass covering the appropriation of water from Applegate river for irrigation of 27 acres in Josephine county. By William D. R. Dickey and Charles D. Johnson of Grants Pass covering the appropriation of water from West Fork of Willamette river for irrigation of 230 acres in Josephine county, at a cost of approximately \$2500. By W. E. Wehr of Murphy covering the appropriation of water from Applegate river for irrigation of 25 acres in Josephine county, at a cost of \$800. By Rollie Carls of Murphy covering the use of water from Carls and Miners creeks for irrigation of a 23-acre tract in Josephine county. By the Creswell Light & Power company of Creswell covering the appropriation of 24 second feet of water from Coast Fork of Willamette river for development of 50 horsepower in Lane county, at an estimated cost of \$500. By J. K. Carson of Hood River covering the appropriation of water from an unnamed spring branch of Columbia river for irrigation of a nine-acre tract in Hood River county. By Leon Vial of Paulina covering the use of water from South Grindstone creek for domestic use and irrigation of 10 acres. By Enterprise Electric company of Enterprise covering the appropriation of water from East Fork of Wallowa river for development of additional power in Wallowa county, at an estimated cost of \$100,000. By the Fort Vanoy Irrigation district covering the appropriation of water from Dutcher creek, tributary to Rogae river, for irrigation of 90 acres of land near Grants Pass, at an estimated cost of \$1500. By J. D. McLucas of Hood River covering the appropriation of water from an unnamed spring branch for irrigation purposes. By W. H. Brummer of Post covering the use of water from Lava Point springs for irrigation of two acres and for domestic water supply in Crook county. By Carl D. Speelman of Bridgeport covering the appropriation of water from Log Town creek for irrigation of 20 acres in Baker county.

Twelve Applications to Use Water Are on File

How, Why, and What oes a mole see? Many people think a mole has no eyes because they are so tiny and so deeply set in its fur that they cannot be easily seen. It doesn't need to see in its home down under the earth, but when it comes out in the open at night it trots about with its eyes open. Why will two men, sitting 100 feet apart, and not seeing each other, yawn at the same time? Is there a scarcity of oxygen? A woman relative of Benjamin Franklin will make the race for congress in one of the Philadelphia districts. She hopes her candidacy will draw a bit of the political lightning from the clouds.

Last of Passion Week Services at Noon Today

Today noon will see the last of the series of noon business men's religious services that have been held at the Oregon theater every day this week. Rev. Ward Willis Long of the First Presbyterian church will preach, following the brief organ recital from 12 to 12:15. Henry V. Compton will be the soloist. The attendance has been growing steadily from day to day in spite of the number of regular noon business luncheons during the fore part of the week. Today, the first day when there is no conflicting service, and the last day of the Passion week series before Easter Sunday, is expected to see the largest attendance of the week. Yesterday W. L. Kuser, superintendent of the state training school, was chairman of the meeting, and Miss Mildred Straley of Willamette university was the soloist. The sermon was by Rev. Clayton Judy of the Central Congregational church. Meetings have been held at almost all of the city churches during the week.

How, Why, and What oes a mole see?

Why will two men, sitting 100 feet apart, and not seeing each other, yawn at the same time? Is there a scarcity of oxygen? A woman relative of Benjamin Franklin will make the race for congress in one of the Philadelphia districts. She hopes her candidacy will draw a bit of the political lightning from the clouds.

Invitation Session is Called by Medic Society. An invitation session of the Tri-County Medical Society is to be held at the Salem Commercial club rooms next Tuesday, April 18. The society, composed of the regular practitioners of Polk, Yamhill and Marion counties, about 50 in number, have invited the doctors of the Central Willamette association further up the valley to be their guests for the day. During the afternoon there will be a clinic on mental diseases at the state hospital. Following this a luncheon is to be served at the Commercial club. Immediately after the luncheon they will take up their professional work. Two papers are to be presented: one by Dr. L. F. Griffith of Salem, on "Mental Diseases," and one by Dr. Frederick D. Stricker, state health officer, of Portland, on "The Public Health." All the members are to bring their wives and it is to be a social session de luxe. An attendance of from 30 to 40 doctors is anticipated, although the number is as yet not quite certain. Dr. P. W. Byrd of Salem is president of the association; and Dr. Charles W. Southworth secretary and treasurer. Dr. E. E. Fisher is vice president.
