limb as best I could and stayed with Lewis until Sandefer and the others came up with the two Browns, after the elder Brown had been apprehended.

"Sandefer said: 'Where's your gun Archie? Why didn't you use it as protection for yourself?'" "Lewis answered: 'It's in my left hip pocket, Sandy. He never gave me time'."

"Sandefer felt in Lewis' pocket and found the gun. It was a .32-calibre gun and held all the cartridges and there was no evidence of fresh powder smoke or powder fumes," concluded Primrose.

Witnesses told of finding Forrest Brown at the lonely spot on the river road, where, they said, Sandefer's undercover men had made arrangements for the Browns to deliver 20 gallons of moonshine. This, the raiding party had prepared to intercept when the shooting occurred. While awaiting the arrival of the older Browns, Forrest was questioned as to his father's whereabouts.

"He is in Portland," Sandefer quoted Forrest as saying. Then the undercover men appeared in a large motor car and staged a mock pursuit with the intention of disarming the suspicious of the Browns, witnesses said. The shooting followed this incident, it was stated.

Witnesses for the state testified concerning the discovery of two kegs of moonshine whiskey in a cornfield near the shooting. Tracks leading from the whiskey to the scene of the shooting were made by shoes corresponding to the ones worn by J. M. Brown, it was asserted.

Brown Declared Drunk A white handkerchief was attached to the fence near the road where the 20 gallons of whiskey was found. Prosecutor Carson told the jury in preliminary presentation argument that the state would show that the elder Brown had remained in the cornfield for some time during the night of the shooting and that he had used a small rubber tube in imbibing from the contents of the kegs before opening fire upon Lewis. The handkerchief and the rubber tube are listed with the guns as exhibits for the prosecution.

"Brown was under the influence of liquor and the fumes were very noticeable when he was captured," Sandefer said while on the witness stand. Sandefer said that it was not the custom of special officers to issue stars to their aides, asserting that a special agent had the authority to summon any person to aid him during an emergency. During the afternoon, Prosecutor Carson called upon several witnesses who testified as to the similarity between tracks in the road to the whiskey cache and shoes worn by Brown at the time of the shooting.

Much Interest Shows The case has aroused much interest in Marion county as many boozers raid by agents working for the county court had brot about a resentful attitude toward law enforcement by moonshiners and bootleggers who had not been apprehended prior to Sandefer's activities in this locality. Several men who have been arrested for various liquor offenses are attending the trial. J. M. Brown is at liberty on bonds of \$1500 which was furnished shortly after his indictment in September, 1922. Forrest Brown, was also released on bonds of \$250 at the same time. He was later arrested in connection with having booze in his possession and was sentenced in justice court to serve six months in the county jail. Half of that period has not elapsed but Brown enjoys much liberty as he is held by Sheriff Dower to be a model prisoner and is often allowed to spend some time at his home in Polk county, according to county officials. Brown has a wife and four small children.

Lewis Did Not Draw GUN, SAY WITNESSES (Continued from page 1) wounded man, witnesses testified, after he had fired four or five shots, Brown started to run from the scene of the shooting which was a lonely detour of the river road about one mile south of Salem.

Defense counsel asserts that Brown thought he was being held up and fired in self defense. Prosecuting Attorney John H. Carson and his assistant Thomas Prown introduced testimony given by Sandefer, Lewis, Primrose, Caples and others who stated under oath that Lewis had not fired a shot during the evening and that he had not drawn his gun at any time during the incident.

Lewis Did Not Shoot "I did not join in the pursuit of Brown, but went to the assistance of Lewis," said Primrose, while on the stand.

Many Attend Opening of New Salem Store

A large number of visitors attended the formal opening of the Men's Shop, on State street Friday night. The store was kept open during the evening, with the Bungalow orchestra discoursing delightful music for the entertainment of the guests. The women had flower favors served by young women at the door, the men receiving cigars — and they were "Made in Salem" cigars, too; putting the buy-at-home practice to work is one of the store's principal policies of business.

Commercial Club Also to Observe Better Music Week
