BITS FOR BREAKFAST

All eyes on Genoa. Germany and Russia have signed a treaty. But the other powers are disposed to take it apart and see what makes it tick.

Whatever the rest of the world does or thinks, with or without a treaty, Germany and Russia are bound to do team work; and, by the same sign, to keep the waters of Central Europe and of the world disturbed for a long time to come.

An asteroid is reported as circling around Saturn. Possibly looking for Salem.

The east may be short of coal, on account of the miners' strike; but plenty of hot air is being supplied by the fuglemen of both sides.

Some crops depend upon the sun, but wild oats thrive on moonshine. There is some unemployment in Salem, owing to unreasonable weather. But this will not be for

long. In a little while, jobs will be seeking men—and women and children, too.

Airplane taxi rates in London are now 16 cents a mile, compared with 24 cents for earthbound cabs, but they don't stop at quite so many crossings.

Feels Like a New Woman "I was a sufferer from kidney trouble for several years," writes Mrs. Arthur Demulle, R. F. D. 1, Gramere, N. H., "and suffered so much I felt completely lame all over. Since I have been taking Foley Kidney Pills I am not so lame. My back ached all the time and my eyes were all a blur. Now I can see fine and feel like a different woman. Since I have taken two bottles of Foley Kidney Pills I don't have that tired feeling. I can do my own work now." They bring quick results. Sold everywhere.—Adv.

FOREST SAVING WEEK SET APART

President Issues Proclamation—April 22 Anniversary of Arbor Day By proclamation of President Harding the week of April 16 to 22 has been set aside as forest protection week throughout the United States, and the governor of each of the states, has been called upon by the president to make a similar proclamation for the states.

"Whereas, the protection and perpetuation of our forests are vital to our continued industrial welfare and national strength and to our individual health, comfort and prosperity, and

"Whereas, a period of 50 years has passed since in April, 1872, there was instituted in the state of Nebraska observance of a day especially set apart and consecrated for tree planting, and known as Arbor day, and

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothrs You. Drink Lots of Water When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and back-ache.—Adv.

Write for free illustrated catalog No. 2. Contains helpful hints for remodeling the old home or planning the new one. O. B. WILLIAMS Established 1898

ing observance of Forest Protection week, public attention has been commendably directed to the value of trees, the unnecessary waste of our diminishing forests through preventable fires, the deplorable effects of forest devastation and the need for remedial measures against depletion of an essential natural resource.

"Therefore, I, Warren G. Harding, president of the United States, do urge upon the governors of the various states to designate and set apart the week of April 16-22, 1922, as Forest Protection week, and the last day of the week, April 22, as the golden anniversary of Arbor day, and to request officers of public instruction of counties, cities and towns and of civic and commercial organizations to unite in thought and action for the preservation of our common heritage by planning such educational and instructive exercises as shall bring before the people the disastrous effects of the present waste by forest fires and the need of individual and collective effort to conserve the forests and increase our tree growth for ornament and use."

Of course, we all know why a chicken crosses the road, but why does a man cross his knees? There is something for Edison to put in his next questionnaire.

DIED

STANFIELD—On the Fletcher place, five miles east of Salem, Silverton road, April 15 accidentally killed, Ray Stanfield, age 32 years, husband of Hilda Stanfield, father of Kenneth and Harold.
