ORGANIZED BASEBALL GETS SLAM BEFORE SUPREME COURT

WASHINGTON, April 19.—Professional baseball, as represented by major and minor leagues, operating under the national agreement, was attacked today in the supreme court by counsel for the Baltimore club of the defunct Federal league, in arguing the suit of that club for damages alleged to have been suffered when the Federal league disbanded under a "peace" agreement with organized baseball.

The Baltimore club contended that professional baseball teams under their schedules engage in interstate commerce and that those who are parties to the national agreement constitute a monopoly in restraint of inter-

state commerce in violation of the Sherman anti-trust law.

The court of appeals of the District of Columbia, reversing a decision of the supreme court of the district, awarding the Baltimore club damages of \$240,000, had held that professional baseball teams were not engaged in interstate commerce.

"No statute can be construed as applying to combinations to regulate sport," counsel for the defendants said, unless congress has plainly indicated an intention that this should happen.

"The court must decide whether organized baseball is above the law or the law is above them," counsel for the Baltimore club said.

INDOOR BICYCLE RACE IS ANNOUNCED FOR SATURDAY

Harry W. Scott, the cycle man, has arranged to hold another indoor bicycle race in his store window on Saturday, April 22, in celebration of Davis day, which is a nation-wide event and observed by most bicycle dealers selling that line of wheels.

It will be remembered that Mr. Scott held a similar event here one year ago and in which over 200 boys took part. This year, however, it will be limited to 50 entrants, so all boys that are intending to enter should sign an entry blank before Friday evening and be assigned the time of day that they will ride.

Several prizes will be awarded the winners, and also a souvenir speed cap will be given to each boy who takes part.

SALEM HIGH WINS FROM M'MINNVILLE

Score is 12 to 5, Coach Reinhart's Men Performing With Valiance

Salem high school caught the McMinnville jinx when it wasn't looking, Wednesday afternoon, and after kicking it in the slats and busting it in the beezee, took off its fuzzy hide with one herculean yank, and now has the jinx and the McMinnville hide on the Salem barn door.

The Salem high athletes, verbal, Spencerian, footballish and every sort, have been losing so steadily to McMinnville that they have been doing somewhat as the Arkansas traveler's chickens used to do—whenever they saw a covered wagon coming along they rolled over on their backs with feet in the air to be tied. McMinnville had 'em going south just like that.

But this time something happened! Maybe it was the bad weather that made 'em mad; maybe it was Coach Reinhart who threatened to kill every man who didn't make at least one score. Anyhow, they trounced McMinnville high 12 to 5, right on the McMinnville home grounds, with all their sweethearts and their hero monuments and their brass bands 'n everything.

A curious similarity to the championship game last year was noted, all except in the final result. In both games, the Salem team got 14 hits and the McMinnvilles 3; but last year Salem failed to convert the hits into runs, while this year they rolled up 12 grand circles. McMinnville made only three hits off Ellis, who pitched a high grade game. He struck out seven men. McMinnville was running rings around itself hunting for a pitcher. Five men in the ring for McMinnville during the game; each one less successful than the last.

L. Jones of Salem was the star batsman of the game. He made one two-bagger and two singles. Reinhart made a three-bagger, and Adolph knocked 'em all dead with a stunning homer. If 12 to 5 is scoring at random, that's what

WOMEN'S ATHLETIC PARLEY IS ANNOUNCED FOR EUGENE

EUGENE, Ore., April 19.—Announcement was made today at the University of Oregon that a women's athletic conference of colleges and universities of nine western states will be held in Eugene May 12 and 13. States to be represented are Oregon, Washington, California, Utah, Idaho, Nevada, Wyoming, Arizona and Montana.

The copy for this booklet is to be approved by a committee appointed by President Hubbs of the county federation, the committee being T. E. McCroskey and L. J. Chapin of Salem, and Joe Keber of Mt. Angel.

The books are to be distributed by the local community clubs, through the tourist parks, and through the state tourist bureau and every possible agency that will reach the traveling public. Work is to be begun at once on these books, and they should be ready for distribution within the next two weeks if the communities will get in their copy for approval, easily enough.

But for the divorce court we should not have nearly as many moving picture stars.

MOUNT ANGEL TO ENTERTAIN CLUBS

May Meeting Goes to North Part of County, According to Vote

Mt. Angel will entertain the next meeting of the Marion county federation, according to a vote taken at the regular meeting held at the Commercial club last night. The meeting will be the third week in May.

The federation voted to endorse the proposal presented by Nell Littler of Salem, for the printing and distribution of 10,000 descriptive booklets setting forth the facts about Marion county. The books will be somewhat similar to those issued in the federation name two years ago, in which every section of the county was given space for an adequate presentation of its argument for visitors, land buyers, business consideration of every kind. However, the books will be of 100 pages, instead of 48, and will contain local advertising as it may be secured by the publishing company.

Y. M. C. A. MEN WILL GO ON TOUR

Kells, Day, Craven, Rickli, Moodhe, Warren and McClain Leave

Six Salem Y.M.C.A. boys, and C. A. Kells, secretary of the local association, are to leave this morning for a four-days tour of the big Y.M.C.A. centers of the northwest. The travelers are Lester Day, Everett Craven, Ben Rickli, Noble Moodhe, Edward Warren and Arthur McClain, besides Secretary Kells.

They go first to Portland, expecting to reach there by 8:45. The Portland branch is to open its doors to the visitors, every department head taking them through his whole course of work, down to the minutest detail. At noon, the Willamette quartet, three of the boys being of this Y bunch—Moodhe, Craven and Oliver—and P. M. Blenkinsop, who is to meet them in Portland, will sing before the Portland Ad club.

At 4 o'clock, the tourists start on for Centralia, where they are to be guests of the association there for the night. Friday morning they go on to Tacoma, and spend most of the day there. Friday night, they will be interested attendants at the debate between the Willamette team and the team from Puget Sound university at Tacoma. Saturday morning, they drive over to Seattle, where they spend the day in an investigation of Y.M.C.A. methods, the same as they are to make in Portland and Tacoma. They plan to attend church at Seattle, and then make the drive home in the afternoon and whatever part of the night it may require. They travel in a big seven-passenger car, with Craven at the wheel.

Four of the boys are seniors in Willamette, and taking a special Y course that will fit them for associate directorate work—Craven, Rickli, Day and Moodhe. All might have signed attractive contracts with big associations for next year's work before now, and two of them are pretty certain to decide to accept the offer to join in with the Portland branch after their graduation in June.

Fine Prizes, Souvenirs

Every boy in town is welcome to enter this big stationary Bicycle Race. Handsome Wool Jersey and other valuable prizes for the winners.

You will want one of the snappy "speedkaps" given as souvenirs to all boys entering the race.

All entries must be made before 4 p. m., April 21. Do it today.

MOORE AND HERREN FISH FOR SMELT ON BIG SANDY

R. T. Moore and James Herren of Salem visited the smelt fields at Troutdale Tuesday, coming back with 200 pounds of smelt. They found the fish running freely enough that they had no trouble in snaring this quantity, and then calling it a day's work. The smelt have been running in the Big Sandy in enormous numbers; some of the "fishermen" have taken as many as 100 pounds in a single cast of a hand dip net. They sell usually at a cent a pound, or a dollar for a gunny-sackful at the fishing grounds. Thousands of visitors have gathered in what they wanted, or bought them at the dirt cheap local price, and have canned bushels and barrels of smelt for next winter's use.
