BITS FOR BREAKFAST

More like spring. Among the distinguished arrivals in Salem is Mr. B. V. Dee.

The new checking of voters by the county clerk indicates that Salem has passed the 20,000 mark in population. Ought to be fully up to 30,000 in 1920, and 50,000 less than 10 years later.

What did the Salem man who married a widow with two children get? A Lizzie and two run-arounds.

Between the radio set and the onion sets Salem people are kept fairly busy just now.

Spring is here, but only three hills of beans can be hoed to the tune of "La Paloma."

In Marion county 13,895 voters register as Republicans, and only 3883 as Democrats. Some one might as well move to make it unanimous.

General Semenoff, the Siberian Cossack, is the first Ataman we have ever had in this country, but there have been quite a number of Attaboys.

Radio receiving sets are all the rage, but what is needed is a set that will not only send sounds broadcast, but can be utilized as a cake baker, a toaster or a carpet sweeper as may be needed in our up-to-date apartments.

Helped Her Mother Wonderfully. In these days of "flu," coughs, colds, croup and whooping cough, it is well to know that every year there are used more bottles of Foley's Honey and Tar than of any other cough medicine. Mrs. S. L. Hunt, 515 W. 6th St., Cincinnati, Ohio, writes: "Foley's Honey and Tar relieved me of a hacking cough, tickling in the throat, wheezing and pains in the chest. It is helping my mother wonderfully." That's why druggists recommend Foley's. Sold everywhere.—Adv.

Muscovites Gather for Ceremonial at Dallas

DALLAS, Ore., April 24.—(Special to The Statesman.)—The Muscovites, the fun making order of the Odd Fellows, held a big ceremonial in Dallas, Saturday night at which 38 candidates were given the work. Members of the order and candidates from every city and town in the valley were present and a degree team of Portland, accompanied by a large number of members of the order from the metropolis were also in attendance, the degree team conferring the work. A big parade was held on the main streets of the city in the evening prior to the initiatory services. A chicken pie supper was served the members of the order at the Woodman hall at the close of the services.

Seaback Conference is Discussed at Corvallis

Edward Socolofsky, county Y.M.C.A. secretary; Roy Skeen, president, and George Oliver, vice president, and Oury Heisy and Dwight Findley also of the Willamette Y.M.C.A., attended the big Y meeting at Corvallis Saturday and Sunday. The convention, which was attended by representatives from University of Oregon, O.A.C., Chemawa, Linfield, Albany, Pacific university of Forest Grove, Pacific college of Newberg, and Willamette, was for the purpose of laying out plans for work for the coming year President W. J. Kerr of O.A.C. was one of the principal speakers.

Professor U. G. Duback of Corvallis was another, and there were several others from the student ranks. The convention took up the matter of getting out a great representation for the Seaback summer camp, June 16 to 26, one of the really great Y training schools of the country.

Buchtel's Friends Are Busy in His Behalf

In behalf of Fred G. Buchtel, member of the public service commission against whom recall efforts are directed in Portland, a letter was received by Secretary of State Sam A. Koser yesterday from Roscoe P. Hurst, Portland attorney, objecting to the further filing of petitions against Buchtel and contending that those deposited here on April 18 were in reality filed.

Hurst implies in his letter that he represents a Portland element opposing the recall, but does not say whom he represents.

"This is to notify you," says his letter to Secretary Koser, "of my objection and the objection of the people I represent, to the addition of any further petition to the list of petitions which were filed in your office on Tuesday, the 18th day of April, 1922, for the purpose of recalling Fred G. Buchtel, public service commissioner. I am informed by your office that the petitions now on file do not contain sufficient signatures to warrant you in calling a special election. Our contention is now and shall be in the future that these petitions are state documents and should be in the future that these petitions were filed during your absence on the 19th day of April, 1922."

The petitions filed against Buchtel lacked about 1200 names of the legally required number, and the petitioners said they would have more names to add later.

A Sense of Triumph THE youngster is proud of the bat he he worked and saved to buy. His Dad feels the same sense of achievement in the bigger possession purchased perhaps through years of effort. The man who finally buys a home, or graduates from the ranks of the employed to a little business of his own, is more the man than the one who all his life has things handed to him.
