THE COURSE WAY SAME WAS SONT OF THE

Movement of Previous Day Followed in Trading on Stock Exchange

NEW YORK, April 25 .- Trading in the stock market today followed the irregular course set by yesterday's movement. Seasoned shares, including most of the recent favorites, were under further pressure while bull pools continued their aggressive tactics in specialties and miscellaneous is-

This was reflected, however, in the leading commodities, higher prices being quoted for oil products and the base metals, bue the food stuffs market quotation in- Doane to R. W. and Ruth P. Pot-

Oils, motors, equipments, and the independent steels represented the market's more ractionary side at declines of 1 to 2 points, these in some instances being partially recovered

at the close. Sales amounted to 1,325,000 shares. The quarterly statement of the United States Steel corporation, issued after the market's close, showed total earnings slightly under those of the final quarter of last year, not all of the preferred dividend having been earned

The money market also followed the trend of the previous day, call loans holding at 3 1-2 per Either can be bought for less than cost cent until the final hour when 4 per cent was demanded. Persistent Selling by Houses

With Eastern Connections Main Cause CHICAGO, April 25 .- Persistent selling on the part of houses with eastern connection resulted in a decided drop in wheat prices today and was accompanied by reports that private settlement: had been effected on large contracts calling for delivery wheat here during May. The marke closed unsettled, 1-5 to 5 cents net lower, with May at \$1.40 7-8 to 1.41 and July 1.27 1-4 to 1.27 3-8. Corn lost 7-8 to I 1-4 cents and oats 1-4 a 3-8 to 5-8 a 3-4 cents. In provisions the outcome

It was currently estimated that private settlements involving as much \$5,000,000 bushels and rendering actual delivery here o' that amount of wheat necessary in May brought about. Reports of this kind, together with tall that some leading bulls were lefting go of their holdings of May did a good deal to ease the strain which has recently been appar ent in the market in connection with forecasts of a huge shortage Oregon, duly made and entered on of supplies of wheat in Chicago Smaller holders of May whea

hastened to realize profits or to be, with the market meanwhile descending rapidly at times, and showing at one stage an extreme fall of 5 1-4 cents as compared with yesterday's finish. Mersages from the seaboard saying that fully 1,000,000 bushels had been taken for shipment to Europe, lead to somethting of a rally in prices, but fresh downturns ensued in the last hour, and f seemed evident that numerous longs in May had no further intention of paying at steep rates for actual delivery of wheat next month Corn and oats declined in sym-

pathy with wheat. Besides there was considerable talk of larger receipts of corn after planting is Provisions were easier owing to \$28,50,
