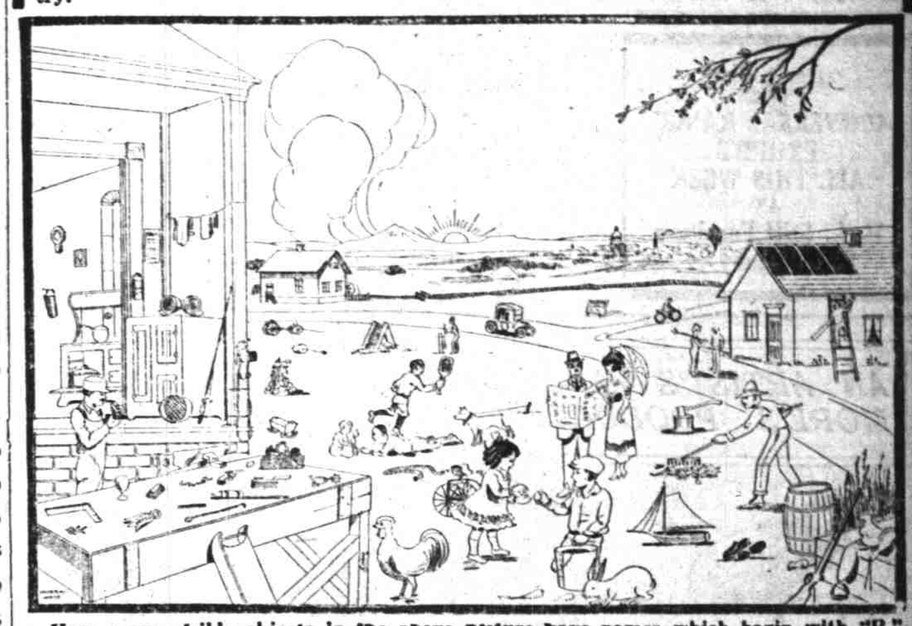
Great Observation Puzzle

Young and old may join in the fun—all can participate, from the tiniest child to grandfather and great-grandmother. No object is so small but that the poorest eyesight can see it. It is a test of skill. Your ability to find "R" words determine the prize you win. The most interesting puzzle ever devised. No complicated rules.

GRAND PRIZE $500.00 CASH

and a whole series of other cash prizes. You do not have to be a subscriber to win a prize. This puzzle is open to every man, woman, boy or girl—it costs nothing to try.



How many visible objects in the above picture have names which begin with "R."

YOU CAN WIN $500.00

Here's How—If your answer is awarded first prize by the judges and you have sent in two subscriptions in class C as described you will receive $200.00 as your prize instead of $20.00; second prize $100.00; third prize $60.00, etc. (see third column in prize list) or if your answer is awarded first prize by the judges and you have sent in three subscriptions as described in class D you will receive $500.00 as your prize instead of $20.00; second prize $200.00; third prize $100.00, etc. (see fourth column in prize list)

You will be taking some paper paper or magazine any way. By subscribing in this way you will get full subscription value for all the money paid and in addition have an opportunity to win $500.00.

It takes only one subscription to qualify your answer for a $100.00 prize, two subscriptions to qualify for a $200.00 prize or three subscriptions to qualify for the $500.00 reward. Three subscriptions as described is the maximum necessary to qualify your answer for the big $500.00 cash prize.
