**College Women Desire Branch of A. A. U. W. Here**

College and university women of Salem are being invited to meet in the Commercial club rooms on Wednesday for the purpose of considering the organization of a branch of the association.

While there are 110 colleges and universities on the accredited list of the association the greater number of women in Salem who are eligible for membership are graduates of the University of Oregon, University of Washington, Mills, University of California and Whitman.

All college and university women in Salem are invited to attend this meeting whether they are graduates of an accredited school or not, according to Mrs. Raymond Walsh, who is in charge of the preliminary arrangements for the Wednesday meeting. It is thought that such an organization might facilitate the placing of Willamette university on the accredited list.

Oregon Agricultural college is not yet on the accredited list but was notified recently that it probably would be placed on the list.

a group of Corvallis women, themselves graduates of accredited universities, have formed a local group for the purpose of furthering the interests of the college women.

Only two branches of the association are located in Oregon, one at Portland and the other at Eugene. A group of Eugene women will be present Wednesday to present the work and plans of the association to Salem women. Those who will come over from Eugene are Mrs. Eric Allen, Mrs. Sarah Tingle, president of the Eugene branch; Mrs. Susan Beach-Smith and Miss R. Louise Fitch.

The association was first organized in 1882 as the Association of Collegiate Alumnae and was last year affiliated with the Association of Southern University Women and another similar organization into the present association known as the American Association of University Women. Thirteen thousand women are affiliated with the organization which has numerous branches over the United States.

Next year the national convention of the A.A.U.W. will be held in Portland. The convention for this year was just recently held in Kansas City.

The purpose of the organization is to unite university and college women for practical educational work and maintain a high standard of education generally. It is said by officers of the national organization that the work of the various branches is as varied as their geographical distribution. The aims of the great group of college women are educational, civic and social.

Women who have had one year of work in a college or university of accredited rank are eligible for associate membership.

**CROKER WILLS SPECULATED ON**

Friends in New York Wondering Who Will Get Former Boss' Estate

NEW YORK, May 1—Relatives, friends and former political associates of Richard Croker, who died Saturday at his estate in Ireland, speculated today as to whether the former Tammany hall chieftain left a will. Richard Croker Jr., said that in his opinion his father probably left no will. Even if he did, he added, there was nothing of material value to dispose of, for control of his fortune passed to his second wife, the "Indian bride" who was Miss Buelah Edmonson of Florida, after the bitter litigation in which the children by his first marriage failed to wrest the estate from her son on the grounds that he was incompetent.

New Wills Rumored  
From other sources it was said that both Mr. Croker and his wife made new wills abroad just prior to coming to America for the last time. Tammany hall friends expressed the opinion that if he did make a will his second wife was the legal legatee, for she was devoted to him, especially after the estrangement with the children. Richard Jr., Howard, Mrs. Ethel White and Mrs. C. J. Morris.

The estate was variously estimated from \$2,000,000 to \$5,000,000. A considerable part of the fortune was said to be property along the waterfront at Palm Beach, Fla., worth about \$2,000,000.

Many Were Revoked  
The former "boss" of New York left many wills, some close friends declared but revoked them all after his second marriage. A trust fund was formed for his first wife during her life time. This was the subject of litigation by some of the children who alleged the income from the fund was less than \$4000 a year.

**TONGUE PRAISES RALPH WILLIAMS**

And He Denies a Malicious Report of the Opposition of Senator McNary

(Oregonian, Wednesday, April 26)  
"Wide circulation, both in the press and by passing the word along," has been given a malicious report originated by the opponents of Ralph E. Williams, to the effect that Senator McNary questions the loyalty of Mr. Williams and is opposed to his re-election as Republican national committeeman," said Thomas H. Tongue, Jr., Republican state chairman. While in Portland on business yesterday State Chairman Tongue took occasion to give the rumor "one on the chin."  
"I know this report to be absolutely false and untrue," continued Mr. Tongue. "The story is unauthorized, unfathered and unbacked. It is election propaganda pure and simple, created for a purpose, and should not mislead the friends of Senator McNary nor anyone else."  
Part in Contest Denied  
In a telegram to me, bearing date of April 22, 1922, Senator McNary said:  
"Am taking no part in contest for national committeeman nor in any other political contest. In deed, no one has ever requested an expression from me concerning any of the candidates, and I have authorized no one to speak for me."  
"I positively know from recent correspondence with the senator that he not only does not question the loyalty of Mr. Williams, but feels exceedingly friendly to him."  
"Since his election as Republican national committeeman for Oregon, Mr. Williams has done everything in his power to build up the Republican party, to do away with factional differences, to secure harmony and to elect the entire Republican ticket at every election."  
Mr. Williams Is Praised.  
"Recognition by the Republican national committee of the high order of ability and untiring service of Mr. Williams to the party resulted in his election to the vice chairmanship of the Republican national committee, an honor never before conferred upon a western man. This reflects credit not only upon himself but upon the state of Oregon."  
"It is one of influence secured only by painstaking labor and years of service. It means much to the state, and it would be a serious mistake at this time for the Republican voters of Oregon to defeat Mr. Williams and elect a new man who would be at the foot of the committee instead of its vice chairman."—Paid advertisement, by Committee of Republicans. Thos. H. Tongue Jr., chairman.

DID HIM MORE GOOD  
Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. Stephen Lewis, Eldridge, Ky., writes: Foley Kidney Pills did me more good than all other medicine I ever took. I had kidney trouble ten years. I don't have any pain like I had before I took them." **HAS RAISED A NEW STANDARD FOR BAKING POWDER**

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

A pound can of Calumet contains full 12 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
