**BLOSSOM DAY**

The trees are full of millions of blossoms today. In the fall perhaps one blossom in a hundred will have grown to mature fruit. Opportunities are like that. Not one in a hundred is developed to its full possibilities.

Where will you be next fall? Will your present opportunity be ripened to fruitage, or will it have been scattered and lost by the winds and rains of circumstances?

Let us tell you about our courses. Our school is in session throughout the entire summer.

Write or call for information.
