BEARCATS ON BIG
END OF SCORINGWillamette Takes Baseball
Victory from Albany in
Game Yesterday

The Bearcats grabbed the bacon in yesterday's baseball game with Albany college by getting 4 runs against 2 of the Albany players.

In a well played, interesting and evenly balanced game the Bearcats came to the fore and showed some very excellent playing. It was not so much a pitchers' battle as it was the all around team work. Each man tributed a good share in making one of the most interesting and best played games of this season. It was scoreless the first five innings. Then Isham, the third sacker for Willamette, sent the pill down center field and made a home run. Unluckily for the Bearcats there was no one on bases to run the score up in the first home run of this season.

It was nip and tuck until the eighth inning, when Ashby came across the home plate. In the same inning Towner and Shepard crossed the plate and made four runs. The visitors were able to bring in two runs and no more. The game was better played than ordinarily and much better than the first time this season with Albany. In yesterday's game there were only three errors marked against Willamette and four against Albany. Bearcats were at bat 37 times, while Albany had 34 tries at the ball. Nine hits were secured by Willamette and three by Albany.

The Bearcats are improving with each game. Friday they will travel to Forest Grove to take on Pacific University and on Saturday will play Linfield college on Sweetland field.

Ashby filled the pitcher's box for Willamette while Delasaux was the twirler for Albany. Both men were going good except at times they showed wildness.

Score: R. H. E.
Willamette 4 9 3
Albany 2 3 4
Batteries: Willamette: Ashby and Towne; Albany: Delasaux and Blackwell.

Portland Bankers Team
Plays Senators Sunday

When the Portland Associated Bankers attempt to wrest the laurels from Salem's Senators, Sunday, local baseball fans will be called upon to support their team to the limit, according to Manager Jack Hayes, who announced the arrangements yesterday.

No change will be made in last Sunday's lineup of the Senators, unless an 11th hour emergency should force a substitution. The Portland Bankers are entering the Intercity league and are making every effort to acquire an "all-win" repute from the very start of the season. Salem's team has already achieved four victories during the present season, winning every game played.

ONE-SIDED SCOREWoodburn Again Beaten by
Local High School —
Score is 15 to 3

Salem high school again defeated Woodburn high school yesterday by a score of 15 to 3. The game was played at Woodburn.

Every one of the Salem team made at least one run. Reinhardt made three. Braak, the lucky second base guardian of the Woodburn team, gathered two runs without a single safe hit. Bent, catcher, got two safe larpups—and then never saw home. Woodburn made five safe hits.

Francis Ellis pitched a star game for Salem. Adolph practically broke up the game with one three-base hit with the bases full, bringing in three runs. Purvine also made a three-bagger, though without quite such wholesale luck in scoring. Adolphs, Thompson and Reinhardt all made two-baggers that helped.

The line-ups follow:

Woodburn	Hits	Runs

SEATTLE BEATS
VERNON 1 TO 0Both Pitchers in Fine Form
and Hits Are Well Scattered Throughout

LOS ANGELES, May 10.—Seattle shut out Vernon in the first game of the series here today, winning 1 to 0. Both Jacobs for

the Indians and Doyle for the Tigers pitched good ball, and except when Seattle scored, kept the hits well scattered. The only run in the game came in the 8th, when Lane singled and was brought home on a double to the score board.

Score: R. H. E.
Seattle 1 7 1
Vernon 0 7 2
Batteries—Jacobs and Tobin; Doyle and Hannah.

Portland 2, Oakland 1
OAKLAND, Cal., May 10.—The Portland Beavers took a mound duel from Oakland today 2 to 1. Jim Thorpe, who has been out of the game with a sore arm, got in the lineup in right field for the Beavers, got a hit and made one error. Cox, first up for Portland in the first inning, cracked the first ball pitched for a home run. The other tally of the winners came in the fifth on a single for a sacrifice and two base error, Brubaker's throw from short to right field.

Portland 2 6 4
Oakland 1 4 1
Batteries—Sam Ross and Elliott; Krause and Koehler.

Angels 5, Sacramento 1
SACRAMENTO, Cal., May 10.—Dumovich monopolized pitching honors at Moreling field today, the Los Angeles team bunched hits on Niehaus, the left handed Sacramento pitcher, with resultant runs in the fifth and ninth innings. The final score was 5 to 1.

The Los Angeles nine did excellent fielding. This made a two straight for the series.

Score: R. H. E.
Los Angeles 5 11 1
Sacramento 1 6 1
Batteries—Dumovich and Daley; Niehaus and Cook.

Salt Lake 8, Frisco 7
SALT LAKE, May 10.—Salt Lake won the belated opening game of the series from San Francisco this afternoon 8 to 7. A home run by Pitcher Thurston in the eighth inning broke the second tie the Seals had established.

New Members Honored at
First Methodist Church

Since January 1 of this year the First Methodist church of this city has received 103 new members, and in recognition of this achievement an informal reception was held at the church for them.

Short addresses of welcome were given by Will T. Kirk, representing the official board; Miss Grace Smith, representing the Sunday school; Mrs. E. E. Upmeyer, representing the women's missionary association, and Merwin Stolzheise, representing the Epworth league.

Response on behalf of the new members was made by W. L. Kuser, superintendent of the State Training school for boys.

Men's Brotherhood is
Host to Presbyterians

The Men's Brotherhood of the Presbyterian church gave a reception Monday night at the church parlors to the women of the church, staging it under the attractive and intriguing title of "Bothers' and Daughters' banquet." It was all of that, and a first class feed as well as a delightful social event. Two hundred and fifty members and guests sat down to the table, which groaned under the weight of good things to eat. An attractive literary program was arranged and presented by the members of Mrs. C. A. Park's Berean class of women. The dinner itself was the production of the church men,

who fairly outdid themselves in the preparation of viands and good service.

More Building Permits

C. M. Irwin will build a one and one-half story frame residence at 1776 Fir street at a cost of \$5000. The contract for construction of this residence has been let to J. F. Law.

J. T. Cooper will build a one and one-half story frame dwelling at 1755 Saginaw street, at a cost of \$2700. The structure will be erected under direction of George M. Post.

Artist Now in Salem
Has Interesting Career

W. D. Reynolds, whose home is in California, is visiting for a few days in Salem. Partly he is the guest of the Bligh hotel, but principally he and his wife are with H. J. Miles, H. S. Poulson and L. M. Gilbert, whom he knew back in Iowa, years ago.

Mr. Reynolds has had an interesting career. He was in charge of one of the family home groups of boys at the Eldora, Ia., boys' school, when Mr. Miles was superintendent and Mr. Poulson and Mr. Gilbert were also in the famous school. In 1898, he was a lieutenant in the Third Nebraska regiment raised by Colonel William Jennings Bryan to serve in the Spanish-American war. For a number of years he was an artist on the staff of Leslie's weekly, the famous illustrated newspaper.

Going up to Alaska, he finally drifted into business, but a fire, without insurance, left him stranded three years ago. Then he went back to his palette and brush, and is now doing some industrial decorative work. He was here in Salem a year ago, to do a lot of work at the Bligh hotel and elsewhere.

Vote for HUBBS for Senator
Pledges of Economy in Themselves Are Meaningless

For the last decade or more, Oregon has been worrying along with taxes doubling. Administrations have come and gone. Each left a bigger indebtedness than when it took office. Taxes have become gigantic. Business men, farmers, laboring men alike are staggering beneath the enormous weight thrust upon them by the mistakes of past officials, whose extravagance and deficiency are notorious.

Mr. Hubbs was selected upon his record and qualifications to assure the county of a clean, competent, economical administration. Mr. Hubbs has ably served as councilman, chairman of the School Board of the City of Silverton, and a member of the Good Roads Committee for a number of years. Those who are most familiar with county affairs concede him to be the best candidate offered for the position of State Senator. The best assurance that a man's conduct in public office will be for the best interest of the county is an investigation of his previous record. The record of Mr. Hubbs needs no explanation or excuse. It stands for itself, a monument to his honesty, prudence and economy.

Piston
clearances—4/1000 of an inch when cold
1/1000 of an inch under fire

An automobile engine having a 4" bore will have when cold a clearance between its pistons and cylinders of approximately 4/1000 of an inch. When the same engine has been heated to operating temperature, this clearance will have decreased 75%, or to 1/1000 of an inch.

Likewise, a main crankshaft bearing having a clearance of about 1 1/4/1000 of an inch when cold, will show a decrease in this clearance at operating temperature to less than 1/2/1000 of an inch.

All oils lose viscosity, that is, they become lighter in body when subjected to the heat of engine operation.

An analysis of Zerolene shows that the difference in its body at the various engine temperatures, from cold to operating temperature, follow in close relation the decrease in bearing clearances.

The right body at all operating temperatures
For this reason Zerolene oils have at all engine temperatures exactly the required body to splash and flow freely into the fast-moving, small-clearance bearings to provide an adequate film of lubricant.

Because of their "oiliness," Zerolene oils offer to bearing surfaces, and at the same time offer to themselves a minimum of resistance to the engine power going to the driving wheels. For this reason they give perfect lubrication and permit the development of the maximum power, speed and gasoline mileage of the car.
