CONGRESSMAN HAWLEY'S CAMPAIGN; SOME CLOS-ING WORDS.

The contest over the Republiin congress for the First district, whom to see and how to get in western Oregon, has been attracting much attention here since A. W. Norblad of Astoria filed for the nomination early in April.

"While the congressional campaign in the First district has been of short duration, it has been active and thorough, and we have every confidence in the success of Congressman Hawley on May 19 by a large majority. His opponent, Mr. Fisher, has conducted his campaign in a dignified manner and so as to command the respect of his opponents, but it is generally believed he will not poll a large vote next Friday. In marked contrast to the campaign of Mr. Fisher has been that of Mr. Norblad. He has wilfully misrepresented the work of Congressman Hawley, and when I have written letters to him calling attention to his misthe mouth of the Columbia river, the river itself, Tongue Point and other public improvements at his very door testify to the effective work of Representative through the center. He probably knows more men of national influence than any other citizen of the far west who is not a U. S. senator, and knows them on terms of intimate friendship. He knows to see him. It would be a queer thing if Oregon Republicans failed to keep in his seat a committeeman who has this long-established acquaintance and prestige. Surely the enterprising Republicans of the competing states of California and Washington would not overlook a chance to maintain so influential a contact.

If Mr. Williams had failed to make good, either as to his party or his state, there might be reaslars. In his party he has been a harmonizer whose industry and tact has been a definite factor in cess in Oregon and the country. REPUBLICAN NATIONAL COMMITTEEMAN

The Only Westerner Ever Elected Vice-Chairman of the Republican

The Republican National Committee consists of one member from each state in the Union and is the political organization of the party. In June, 121, at the Committee's first meeting after the inauguration of President Warren G. Harding, every state cast its vote for Ralph E. Williams of Oregon for vice-chairman of the Committee, recognizing by their unanimous vote his fitness and ability as a leader to fill this responsible position,

A vote for Ralph E. Williams for Republican National Committeeman will confirm the action of the forty-eight states in electing him vice-chairman of the Republican National Committee, a position never before held by a Western man.

Ralph E. Williams of Oregon, as vice-chairman of the Republish can National Committee, is directly in line to become National chairman, the highest position attainable in the Republican organization. A National Committeeman on the National Committee does not make or execute the laws, but carries out the policies and platform of the party adopted by the delegates at each previous National.

Mr. Williams is senior member of the National Committee. S niority in this committee gives one the same power as seniority in the U. S. Senate.
