Mother Sick Without Food-A woman sick in bed with the flu, nothing in the house for six children to eat. That was the situation reported to Dr. Henry Mor-ris of the Associated Charities yesterday. He ordered some groceries sent out; but very few, since the Associated Charities have more bills payable than anything else at the present time. Dr. Morris suggested last night that Salem persons who might care to help this mother and her small children call him this morning and he would give them the address. Dr. Morris' phone number

bowels. Sold everywhere .-- Adv.

Rev. Clayton Judy addressed the student body and faculty of Willamette university yesterday during chapel period. He described the African negro and told some of his personal observations while serving as a missionary in Africa. He emphasied the fact that the negroes are capable of making themselves useful and educated members of society. They have the ability to rise to a civilization which will make them much better, he said. All they need is guidance and the help of the white men and more particularly the influence of Christian education, he declared.

Science Department of High School May Make Function Annual Event

One of the largest crowds which has ever witnessed a high school entertainment attended the science department open house staged by the combined tion and will certainly remain in science classes in the school last the bill and provide for improvenight. The entertainment was ments costing about \$5,000,000 accorded huge success by the 750 dollars, according to a message or more guests who crowded received yesterday from Reprearound the experiments and ex-

Elaborate decorations were in cyldence throughout the entire building and the botany rooms were beautifully decorated by ferns, moss and flowers. The experiments of the chemistry department attracted much interest with the more difficult and expansive experiments and exhibits of the physics classes.

Because of the unusual success of the new enterprise, an open house seems to be insured for next year and may possibly become an annual event. It is the largest exhibition of high school work ever attempted. Herman Clark head of the science department, is the originator of the idea here and was largely responsible for its success.

#### Mouse Found by Salem Man in Fish's Stomach

"Montesano, Wash., May 18 .-(Special) -A mouse-eating fish is said to have been caught in the Wynooche river last Sunday by Dr. L. A. McCracken of this city. The fish was a cut-throat trout, measuring 13 1-2 inches. When ppened for cleaning two full grown field mice were found in the intestine. The doctor is wondering when cut-throat trout started chasing around after field mice."

(Dr. McCracken, mentioned in the above item, clipped from yesterday's Oregonian, was a Salem resident formerly. He formerly worked for Ward K. Richardson, the North Front street merchant.)

#### Block Letter to Be Worn By Varsity Letter Men

A block "W" will be worn by all letter men of Willamette university according to the returns from the student body meeting of yesterday. All letters won in track. football, baseball, tennis, and other sports will be awarded the block "W". This is the size and kind of letter worn by the football lettermen. It is intended to make all of the awards of a uniform size. As it formerly was the different sports had a different award letter and there was no uniformity to them. This change intends to make a better looking and a neater lot of letters on the
