Kansas State Crop Report of Large Yield is Cause of Decline

CHICAGO, May 19 .- Pronounced weakness developed in the wheat market today owing more unsettled, 7-8 to 41-4 cents net Corn finished unchanged to 3-8 of prices, but are obliged to meet ed figures to ten cents off.

Heavy seiling of the July delivery of wheat came from the principal long interest in May. Most of the activity showed itself in the been preceded by early selling on the part of foreign holders on September delivery. Aside from 3,000,000 bushels increased estimates of the probably KaKnsas yield, the trade seemed to be impressed with the liberal volume of receipts at this time of the year and with the absence of any import or export business. Todays's arrivals here totalled 313 carloads, and there were advices that St. Louis olane was loading 25 cars with wheat for Chicago. A year ago the day's total receipts of wheat in Chicago was 101 cars. Tomorrow's receipts at

200 cars, and Monday's at 300. During the last hour of the board of trade sessions, prices crumbled rapidly in the wheat pit. From the lowest point reached May recovered about 2 1-2 cents but there was little rallying power displayed by the latter months. Corn and oats prices sympathized a little with the weakness of wheat, although the greater part of the day's attention was chiefly given to reports of wet weather hinderance to corn plant-Provisions prices were inclined
