HE muffled drum's sad roll has beat the soldier's last tattoo; No more on life's parade shall meet the brave and fallen few. On fame's eternal camping ground their silent tents are spread, and glory guards with solemn round the bivouac of the dead.

Memorial day, when east and west, north and south joins in honoring the soldier dead. Originally a day of memories sacred to the fallen "who had wore the blue" it has become a general day in which the memories of all the nation's fallen heroes are recalled and honored.

Special programs in all of the schools have been arranged for commemorating Memorial day. A number of these were given Friday while others will be given Monday. The schools will be closed all day Memorial day, Tuesday, and the pupils and students will take part in the program of the day.

The holiday coming so soon after the week-end many Salem families have arranged parties going to the beach while others have gone away on motor parties to friends or relatives in neighboring counties.

UNIVERSITY OF OREGON, Eugene, May 27.—(Special)

A new department of the university will be founded Monday when President Campbell and the board of regents will make formal acceptance of Murray Warner art collection the occasion for the establishment of a university department of museums and collections.

The new university museum will start with a collection that is in many respects unique on the Pacific coast and which, in some ways has not an equal anywhere in the world. Neither the Smithsonian Institute nor the British museum will have a better collection or superior examples of ancient Chinese lacquer.

Next to the lacquers in the collection, which President Campbell declares bears as a whole a value between \$100,000 and \$250,000, comes the section devoted to Chinese tapestries and embroideries, of which there are more than 100 pieces forming a group unrivaled in this country.

Another important section of the museum will be that devoted to porcelains. Arms and armor will form an interesting section of 60 cases into which the museum is to be divided. The section devoted to Nitsukis, or Japanese statuettes carved in ivory, will rank second to that exhibited at the Panama Pacific exposition.

In the collection is a mirror, the polished brass surface of which is declared by Professor Kuno, a University of California expert, to be probably 1000 years old.

Among the items of historical interest is the flag which was carried by the Boxers at the head of their forces. It bears a Chinese inscription calling for the death of all foreigners. Another historical item is the identical executioner's sword with which the heads of all the Boxer generals were cut off after the rebellion had failed.

The dedication ceremonies for the new university museum will take place in the museum and gallery rooms of the Woman's Memorial building at 2:30 next Monday afternoon, May 29. The exhibits will be open to the public from 9 a. m. to 9 p. m. on Monday, and from 2 to 4 p. m. every day thereafter. The principal address of the occasion will be delivered by Judge Charles H. Carey, director of the Portland art museum, himself well known as a collector of paintings. President Campbell will preside and will speak on behalf of the faculty and students.

Miss Grace Barhyte of Cadillac, Mich., is expected the first of the week for a visit at the home of her brother, C. D. Barhyte. Miss Nellie Barhyte, who has been in Salem since last July, is employed at the state bonus commission office.

Musical

Former Salem Girl Given First Place

Friends of Miss Florence Austin, formerly of Salem, will be interested to know of her success in a musical way. She recently won first place among five contestants in a piano contest for high school students conducted by the Orange County (California) Musical association.

Miss Austin formerly lived in Salem and with her parents and sister, Miss Harriet Austin, is now making her home in Anaheim, Orange county, California. The Anaheim Daily Herald has the following comment on Miss Austin's work in the contest:

"Miss Florence Austin, daughter of Mr. and Mrs. J. S. Austin of West Anaheim was the winner in the piano contest last night of the Orange county high schools held in Santa Ana. The contest piece played by every contestant was "Elgie," by Nolett. Miss Austin also played Mendelssohn's "Prelude in E Minor."

"There were five contestants in this work. Miss Austin's work, according to critics, was so far superior to others that she was placed as the winner by the audience before the decision of the judges. She received a dainty gold pin, hand engraved with the letters "O. C. M. A." or Orange County Musical Association. This pin was presented to the organization for this prize by the members of the Anaheim Ebell association and their name was engraved on the back.

"Miss Austin is the pupil of Miss Adelaide Trowbridge of the College of Music of the University of Southern California. She is well known among the teachers of that educational center for her excellent work and is given
