## Every Woman looks forward to the day when she an own PERIOD FURNITURE In Jacobean, Queen Anne, William and Mary, Cromwellan

Every woman who has achieved the distinction of possessing period furniture has attained a prestige among her friends and neighbors that not only enhances her own social position, but assists materially in creating favorable influences that lead to the business success of her husband.

The period furniture to be found here is of the highest grade. The wealthy homes of the large cities can boast no finer. Yet when it comes to prices we can undersell the large city merchants for the reason that we haven't the overhead nor the high rentals to add to the cost price.

Make your home your palace with period furniture in mahogany, oak or walnut.
