

# SLACK SEEN IN USE OF AUTOS

Ratio of Increase Not Maintained This Year, Says Secretary Kozer

During the month of May, according to Sam A. Kozer, secretary of state, 6323 passenger and commercial motor vehicles were licensed in Oregon. Also 265 motorcycles, 23 motor vehicle dealers, 773 chauffeurs and 3874 operators were licensed during the month. From all transactions the fees totaled \$189,544.84.

"During the month of May, 1921, the fees from the same source amounted to \$108,530," said Mr. Kozer. "The receipts from motor vehicle licenses, etc. for the year 1922 up to May 31, totaled \$2,888,308.59, while for the same period in 1921 they amounted to \$2,102,079.

**Number Growing**

"So far during 1922, a total of 106,380 passenger and commercial car licenses have been issued as against 100,159 licenses during the same period in the year 1921.

"Upon comparing the registrations for the current year with those of the past six years we find that the same ratio of increase has not been maintained, though many motor vehicle dealers report much activity during the past month, and the outlook for increased sales quite encouraging.

**Year Shows Slump**

"On May 31, 1921 there were nearly 13,000 more cars registered than up to May 31, 1920, while on May 31, 1922 we are only a little in excess of 6000 registrations over May 31, 1921. These figures tend to indicate that we will not maintain from year to year the large increase which occurred during the years 1918, 1919 and 1920.

**Many Are Replaced**

"Undoubtedly a great many cars will be sold and put into commission, but many of them will be replaced as a great number of old cars—those sold during the years prior to 1915 and 1916—are being junked, having served their period of usefulness."

## PERFECT SOMERSAULT DIVE

Aileen Allen, star diver of the Los Angeles Athletic Club and a member of the last American Olympic team, demonstrating how she makes a perfect somersault dive.

## Bean Files Statement With Secretary of State

Governor Olcott yesterday announced the appointment of L. E. Bean of Eugene as a member of the state game commission to succeed Bert Anderson of Medford, resigned. Mr. Bean has advised the governor that he will accept the appointment.

Bean was one of the candidates in the primary election of May 19 against Olcott for the Republican nomination for governor. In a note of congratulation to the governor after the primaries Bean promised his support in the fall election.

"Mr. Bean is one of the most enthusiastic supporters and advocates of fish and game propagation in the state and for many

years has actively championed every cause in that direction," said Governor Olcott today. "During several terms of the legislature he was either chairman or a member of various committees dealing with fish and game problems. In addition he has materially assisted in numerous constructive movements in connection with development of wild life of the state and there are few men in Oregon more thoroughly familiar with the game statutes and the status of the fish and game situation throughout the state."

Motorist—I have not paid a cent for repairs on that machine during all the 10 months that I've had it.

Prospective Buyer—So the man who repaired it told me.

# MACHINES HERE FOR KING FIRM

Several Carloads of Equipment for Dehydrating Company Are Here

Several carloads of canning machinery for the big new King's Products factory came in from San Francisco yesterday, and the heavy stuff was at once unloaded and put into the factory ready for its final setting and steam and power connection.

The installation was all made on a blue print scale, so that the steam and power installation could be and was put in ready for the canning machinery proper, and it all fits like a glove.

**Ready Next Week**

The machines will be set in place within a day or two, the connections made, and they will be ready to run for the first of the gooseberry and strawberry run, probably the last of next week.

The cannery department occupies the ground floor of the building, which is being finished first. The dehydrating section on the second floor, will not be ready for the strawberry and gooseberry runs. It will take loganberries as its first offering, and they are still almost a month from harvest. But the strawberries are almost here.

**Soon Ready for Strawberries**

All the Salem canneries will be ready for the strawberries, not later than Monday, June 12. The new Starr Fruit company plant, on Mill and Church street, that was started only 30 days ago, already has most of its machinery on the floor, and will start up along with the rest. It is a genuine "sunshine factory", with more glass and ventilation than almost any other factory of any kind in the state.

**Growers Preparing**

The Oregon Growers' one line plant will be ready to handle a considerable quantity of fruit, and is building a large canned-goods storage room to give it additional capacity. All the canneries have been overhauled and put into good running condition, so that the fruit can't come too fast.

## DR. POWELL IS WELL INFORMED

Interesting Sermons Heard at West Salem Evangelistic Meetings

Dr. C. E. Powell, who is conducting evangelistic services at the Methodist Episcopal church, West Salem, is employed by the

DR. C. E. POWELL

department of evangelism of the Methodist Episcopal church. He is a man of wide travel and unique experience, having labored some 15 years in various mission fields. His work has taken him into four continents, among peoples of every race and color—in jungle, country side, great city, and in colleges and universities all over the United States.

As one would expect, his sermons abound with illustrations drawn from personal experience and careful observation, yet are entirely free from obnoxious egotism. They are simple and clear, with the simplicity and clarity which are the marks of genuine thought and earnest study. An admiring lawyer said of one of his sermons that it was "logic on fire." In Dr. Powell culture and conviction are truly wedded. He is both educated and evangelistic. Wide reading and careful study have not colored his gospel passion.

## John H. Brooks Dies at His Home in Silverton

SILVERTON, Ore., June 2.—(Special to The Statesman)—John H. Brooks died at his home in Coillidge street Wednesday morning at 7 o'clock after a very short illness.

Mr. Brooks has been a resident of Silverton since 1893 from which time until 1910 he was in the drug business here. In 1913

## CORRECT BREATHING LONG STEP TOWARD HEALTH

Capt. Ernesto V. Galiardo, who has been often called the perfect specimen of man, credits his health and happiness to correct breathing. He has been highly recommended by police officials in many cities throughout the country for his help in making bigger, better and stronger policemen, whom he taught the fundamentals of proper breathing. The foremost authorities on preserving health agree with his methods.

he was appointed postmaster and continued as such until one year ago when ill health forced him to resign.

He leaves one brother, Dr. F. M. Brooks of Portland, and a widow of children, also two sons, Robertson Brooks of Astoria and Russell Brooks, in the consular service in The Netherlands. Funeral services will be held from the home Friday afternoon and burial will be in City View cemetery at Salem.

payments on certificates and cash sales, \$5402.97; common school fund principal, payments on loans, \$84,806; common school fund interest, payments on certificates, \$318.57; common school fund interest, payments on loans, \$32.24; agricultural college fund interest, payments on loans, \$130.50; agricultural college fund interest, payments on loans, \$756; rural credits loan principal, \$2058.24; rural credits loan interest, \$816.72. Total \$126,899.48.

## State Land Board Turns Money to State Treasurer

During the month of May the state land board turned over to the state treasurer a total of \$12,899.48. The items were as follows: Common school fund principal,

"Have you a speed limit?" cautiously asked a tourist who was driving a car of suspicious vintage as he entered a burg in Kansas. "Yes," drawled the constable, casting one look at the machine. "But don't worry, mister, you'll never be able to make it."—Le-gion Weely.

# HEALTH SOCIETY WILL BE FORMED

Saidie Orr-Dunbar and Dr. Huckleberry to Address Meeting Today

Mrs. Saidie Orr-Dunbar, executive secretary of the Oregon Tuberculosis association, and Dr. E. R. Huckleberry, assistant state health officer of the Oregon board of health, arrived this morning in order to be present at the organization of the Marion County Public Health association. This afternoon at 1:30, at the First Methodist church, are the time and place for the organization of Oregon's 18th county public health association.

John H. Scott will preside, and Miss Elizabeth Putnam will act as secretary. All people vitally interested in disease prevention and healthful living are invited to attend.

Following is the program that will be followed: Meeting called to order.

Short talk—"The Public Health Idea," Dr. E. R. Huckleberry, assistant state health officer. Brief address: "Purposes and Functions of a County Public Health Association"—Mrs. Saidie Orr-Dunbar, executive secretary of the Oregon Tuberculosis association. Opportunity for discussion. Business session: (a) Adoption of constitution. (b) Election of officers and (c) Plans for definite activities. Adjournment.

## Premium is Paid on District Interest Bonds

The Anglo London Paris company of San Francisco and the Security Saving & Trust company of Portland, bidding jointly, were successful bidders Thursday on \$188,895 in Oregon irrigation district interest bonds sold by State Treasurer Hoff. The bid was a premium of \$1350, of 100.72. There were four bidders. The money is for the payment of interest on bond issues of irrigation or drainage districts under an Oregon statute whereby the state may guarantee interest for the first five years or less after the issue.

# Berry Hallocks

Just received a carload of extra fine hallocks; by far the best hallock made on the coast. By buying in carlots we are able to sell them as cheap as others ask for inferior hallocks.

# BERRY CRATES

We have secured a stock of the stapled crates, the strongest and best crate without doubt sold today. Our price is as low as the common crate that you have to nail and is ready to use, filled with hallocks.

Place your orders now and be sure of getting what you need.

Remember how scarce they were last season and it looks like the same condition would happen again.

## Harley Davidson Motorcycle and Bicycles

To Ambitious Boys and Girls

Contest Closes 8 p. m. Wednesday, July 3, 1922

## The Motorcycle Competition

The Oregon Statesman has decided to announce a great Motorcycle competition for boys and girls.

Think of it! A magnificent world famous Harley-Davidson big twin-cylinder motorcycle and two splendid Harley-Davidson bicycles and cash prizes to be awarded to proud and happy boys and girls just at the dawn of summer when boys and girls like to ride around in the great outside world, enjoy the scenery and build up their bodies for future health and happiness. Participate in the joys of summer travel. Make your travel dreams come true.

Admirers of cycles will no doubt hail with delight the announcement of such sensational prizes as a Harley-Davidson motorcycle and two Harley-Davidson bicycles. Particularly when it is understood that a cash commission will be paid on all subscriptions received from active candidates that do not win a grand prize. Could anything be fairer or more reasonable? Boys and girls have everything to gain and absolutely nothing to lose. Over one hundred boys and girls have already been awarded prizes by the Motorcycle Contest Editor in former contests and those contestants won them by employing their spare moments and never lost a day at school.
