Excessive Heat West and South Are Cause of Sudden Rise in Market

CHICAGO, June 14 .- Brisk upturns in the price of wheat today accompanied reports of excessive heat west and southwest and of black rust northwest. The market closed strong, 13-4 to 23-8 net higher with July 1.12 1-8 to 1.12 1-4 and September 1.12 7-8 to 1.13. Corn gained 1-2@15-8c to 2 1-4c and oats 3-8@1-2 to 13-4. In provisions, the outcome varied from 2 cents decline to 7

cents advance. Temperatures ranging up to 104 in western Nebraska, together with assertions that wheat near Salina, Kan., was turning white as result of the hottest June weather for years gave the mar- State Furniture company. ket a sudden impetus toward higher surface levels soon after trading began. Later reports from the Certification of Bonds southwest made further mention of blight, and told of premature ripening of winter wheat in parts of Kansas, Oklahoma and Missouri. According to a leading authority, the Kansas crop in particular was at a critical stage, susceptible

to any unfavorable influence. With government agents confirming the presence of black rust in North Dakota and with a prominent expert saying that the spring crop was two weeks late, bulls gave sharper attention today to news from the northwest as well as to field developments in other

Traders, however, were chiefly apprehensive regarding winter crop damage. Profit-taking near the end of the day led to but little reaction. Dealings, taken as a whole, showed noticeable increase of volume compared with what has been the rule of late.

Corn and oats derived their strength almost entirely from the action of the wheat market. Provisions averaged higher in line with hog values.

A \$15 deposit with clerk growing conviction that Monday's sharp setback was really in the The school board reserves the nature of a much needed readight to reject any and all bids, ustment of an unwieldy technical

Oils, motors and rails were the most prominent features, but the movement also encompassed many of the motor subsidiaries, leathers, textiles, coppers, utilities, food specialties and issues of no especial clasification.

Realizing was most evident in the final hour, when money tendencies were firmer, but net gains of one to two points were made by many leaders, Studebaker was the outstanding feature, retaining the better part of its advance of almost 5 points. Call money opened at 3 per cent, that quotation prevailing until the session was well nigh spent, when the rate rose to 4 per cent, presumably as a result of tomorrow's heavy drain on local banks to meet federal interest payments. Improvement in the principal foreign exchanges was general, but quite moderate. Sterling rates were half a cent over yesterday's low quotations and the allied remittances were 2 to 3 points high-Notice is hereby given that I er. German marks also showed

Lower Money Rates Have learing House Notice

NEW YORK, June 13. - The New York clearing house associaas trust companies of New York City today took cognizance of the lower money rates prevailing at this center by adopting a sliding scale of interest rates on all credit

The change involves reductions of one quarter to three-quarters per cent on the maximum rates of interest, according to the classificatons of depositors and applies to all balances or account as well as to time deposits.
