

400 ENROLL IN BIBLE SCHOOLS

Attendance Larger Than Last Year—West Salem Class Deferred

The Vacation Bible schools opened yesterday with more than 400 pupils. The registration last year was 375 in only four schools while this year there are six schools. C. A. Keils director of all of the schools says that the need for teachers in the schools is still urgent. He says that two or three more could be used in each of the six schools.

The West Salem school will not open for another week because of berry picking in that district. The teachers and principals in the six schools now open are:

First Methodist—Mrs. J. B. Litter, Mrs. Ray Farmer, Miss Faith Priddy, Miss Ruth Hoeder, Miss Mary Eyre, Margaret Lege, Mrs. Velma Lege, Etta White, Isabel Newton, Eugenia Savage, Jennette

Vandervort, Miss E. G. Schaffer, First Baptist—Elizabeth Hogg, Mary Jane Albert, Mrs. Cable, Mildred Brown, Miss Shirley, Ruth Griffith, Lucille Moore, Leah Ross, Louise Nunn.

Jason Lee—Ella Deyoe, Charles Hageman, Mrs. Curran, Cybill Smith, Mrs. Barkus Miss Scharff, Ruth Cappelock, Loraine Fletcher.

Leslie Methodist Episcopal—Sofia Townsend, Mrs. Ed. Sherwood, Mrs. John Humphreys, Mable Marcus, Hester Welch, Willette Welch.

Yew Park—Della Schapler, Mrs. Southworth, Mrs. Charles Lisle, Foebe McAdams, Adona Crookran, Mrs. Boardman, Hester Lyle, Irma Fanning, Mrs. Neph-tune.

Bungalow—Merian Anderson, Mrs. L. N. Scott, Mrs. Childs, Berl Cooper, Mrs. Bard, Edna Gilbert, Pauline Findley, Rosefand Van Winkle.

Will Surely Help Others
The condition of the human body is reflected by the condition of the kidneys and blood. If the kidneys are not functioning properly, waste products and poisons cannot be eliminated. Rheumatic pains, swollen, aching and stiff joints and muscles, dizziness and blurred vision are symptoms of kidney trouble. Mrs. A. Lechner, 1129 Main Ave., Clifton, N. J., writes: "Foley Kidney Pills have helped me and I will gladly give you permission to use this testimonial for they will surely help." Sold everywhere.—Ady.

POLICE WILL STOP NOISE

Councilman Objects to Recent Disturbance—Care in Future Promised

Hereafter the police department will be called upon to quell rowdiness at outdoor public gatherings and maintain order, even though it result in wholesale arrests of the noisy gender, if a motion introduced by City Councilman A. H. Moore, and unanimously passed by the city council last night, is carried out by Chief of Police Moffitt.

Vigorous complaints had been registered with the council concerning the disturbance caused by boys in running back and forth discharging fire crackers on the edge of the crowd, and otherwise disturbing the peace at the Flag day exercises in the city park last Wednesday night and of being noisy outside the armory while the graduation exercises were on last Friday night.

Thompson Replies
"We have 10 policemen to maintain order in this city and if they can't handle their job, then I suggest that we either get new policemen or a new police committee." Mr. Moore said, with emphasis in addressing the council.

His words brought Councilman Ralph Thompson, chairman of the police committee, to his feet.

"The job of policing the city rests with the chief of police," he replied. "The chief appoints his officers and details them to duty. I don't see how it falls to the police committee to call up the chief and tell him how to police the city when there is to be public gatherings. As far as I am concerned, you can appoint a new police committee; it's satisfactory to me."

Ropes to form Boundaries
Chief of Police Moffitt was not present when the question came before the council meeting, but he was apprised of the action by Mayor Halvorsen when the former arrived. Chief Moffitt had nothing to say regarding the matter, but when a later motion was adopted, ordering the roping off of Court street between Cottage and Sumner, during the open-air band concert, he assured the council that officers would be placed to handle the situation.

Mayor Champions Boys
Young America had a real champion in the person of Mayor Halvorsen when a petition from the Pacific States Fire Underwriters' association was read, urging the passing of a city ordinance prohibiting the sale of fire crackers and other pyrotechnic inside the city limits.

Only One for Petition
"When the youngsters are forbidden the right to shoot off a few fire crackers on such an occasion as the Fourth of July then it is time we were getting off the earth," the Mayor exclaimed after the reading of the petition. He seemed to express the opinion of the other members of the council as Councilman Baumgartner cast the only vote in favor of the petition.

Dr. Beechler Injured In Sunday Auto Mishap

Dr. D. X. Beechler of Salem was so seriously injured in an automobile accident on the Big Nestucca river near Blaine Sunday that he was taken to a hospital at Tillamook, where several stitches were taken in cuts on the hands and head. He later was removed to his home in Salem.

Other members of the party were Charles G. Miller, Earl Anderson and Lee Unruh. Miller and Anderson were bruised, but Unruh was unscathed.

The automobile was being driven in low gear over a new fill. The fill gave way, causing the automobile to roll down an embankment for a distance of about 40 feet. The automobile was damaged.

JOAB POWELL IS HONORED

Memorial to Be Conducted at Old Providence Church at Scio Sunday

OREGON AGRICULTURAL COLLEGE, Corvallis, June 19.—Baptists of the Willamette valley will join in service at the Old Providence Baptist church at Scio in Linn county next Sunday at 11 o'clock, in memory of the Reverend Joab Powell, credited with having converted and baptized 3000 persons, a record for Oregon clergymen.

An attendance of 2000 is expected by Dr. J. B. Horner, head of the department of history at the college, who is planning the arrangements and who will organize a large group of summer session students to be present at the ceremony.

All Churches Notified
A committee of the Corvallis Baptist church is writing to all the Baptist churches in the Willamette valley to get their cooperation in making the affair historical. It is hoped to have one of the leading Baptist ministers of the state as one of the speakers. Professor Horner was in Brownsville Thursday, where he interested the members of the Brownsville Pioneer association in the event.

April 9, 1853, the Providence church was organized and was subsequently developed by the Rev. Mr. Powell into the largest congregation in the northwest.

History Recalled
The large group from Corvallis will, in addition to being present at the ceremonies, take in two other points of historical interest—the Oakville church, the home of the oldest psalm singing congregation west of the Rocky mountains, and the United Presbyterian church in Albany, the mother church of that religious denomination, established in 1852.

The local group will start from Waldo hall at 8:45 Sunday morning.

MARGIN OF 13 WINS SCHOOL BOARD POST

(Continued from page 1)

Inasmuch as both of the candidates upholding the cause of the patrons of the school and those opposed to the action of the school board were defeated, the superintendent and the school board doubtless consider themselves vindicated. Efforts were made during the last few days to have Mr. Clark withdraw his name. Mr. Clark replied that he had filed first and would not withdraw until Monday night.

Mr. Cross stated when his petition was filed that he would support the school board and the superintendent. Members of the school board openly championed him in the fight which was hotly contested.

Efforts to introduce religious feeling into the election were reported to have been made by at least one faction in the fight. That this religious feeling was used to influence both sides in favor of the same candidate, was the report yesterday.

Halvorsen Retires
The first meeting of the new school board will be held June 27 when the votes will be canvassed by the board.

George Halvorsen is the retiring member of the board, having served three years. He refused to be a candidate for re-election.

Sales Tax Is Not Desirable to Federation

(Continued from page 1)

opposed by organized labor. In this connection, committeemen pointed out that adoption of constitutional amendment was a slow process and said if success were ultimately achieved that the labor unions might in the meantime be subjected to various suits, based on the Coronado decision.

Congressmen Thanked
Endorsement of the work of two congressmen was voted by the convention.

President Samuel Gompers was directed to write a letter to Representative Nolan, Republican, California, expressing the federation's appreciation of his work in behalf of organized labor and Representative Frear, Republican, Wisconsin, was said to have given "immeasurable service" to labor's fight on the sales tax.

Several pending bills in congress brought fire from the convention. The measure of Representative Johnson, Republican, Washington, providing for registration of immigrants, was termed a "legislative absurdity" by the representative committee, it being contended that the measure would be harmful to labor during industrial disputes by opening a possible avenue for deportation proceedings.

Seaman Bill Attacked
A bill, permitting fewer able seamen and less life saving equipment, introduced by Representative Scott, Republican, Michigan, was declared to "make drowning

easier" as well as being an attack on the seamen's law. Senator Nelson, Republican, Minnesota, was named as author of a bill permitting removal without preliminary hearing, of residents of one state wanted to answer charges before federal courts in other states.

Four bills known as anti-sedition measures, were said by the committee to be aimed at preventing the normal activities of labor and the committee reported that the vigilance of the officers of the federation had prevented any progress being made toward enactment of these measures. The committee's report on all the measures was approved by the convention.

Co-operation between organized labor and the farmers in behalf of legislation was urged by the legislation committee and the convention approved such a policy.

LONGEST DAY IS HERE TOMORROW

Plenty of Time Yet for Hot Weather, But Rain is Needed Badly

The longest day of the year is almost here; it comes tomorrow, in fact, June 21. It's only a few days, comparatively, back to the time when the sun didn't get up until half the forenoon was gone, and then crawled along across the horizon in a flat little arc that cast shadows a mile long from almost anything big enough to cast any kind of a shadow at all.

The season hasn't been oppressively hot, to date. But never mind—there are infinite possibilities hidden behind that smiling sunshine. The dog-days are coming, whatever they are, as the sun begins to get fairly well started on its southern course. It can get hot enough to boil stones in the bottom of a well, if it once gets good and mad. It can make the prickly heat and the itch as prevalent as face powder or peek-a-boo waisits or sport shirts. The afternoon sea breeze may get sunstruck as it crawls up over the range, and

fall to get here on time; and then it'll be hotter than—well, hotter than.

A number of almost-rains have fallen in and around Salem. It looked enough like rain to put up the umbrella and bring in the baby chicks—but it never actually materialized. A good rain would be worth a lot for fruit growers. A really good rainmaker could get a job here in Salem, almost as quickly as in the Mojave desert, if he could deliver the goods.

A short skirt, one-piece bathing suit, thin mesh stockings, a peek-a-boo waist, sport costume and the moderate use of paint and powder. Such is the make-up of the modern flapper. And there might be added the bobbed hair, the flip mannerism of speech and conduct, the joy ride and petting parties. That makes the picture complete.—Exchange.
