

CASE SETTLED OUT OF COURT

Boys Must Answer Larceny Charge—Other News From Independence

INDEPENDENCE, Or., June 23. (Special to The Statesman.)—The case of Oregon Milling & Warehouse company vs. Bert Hilke, was settled out of court and the attachment dismissed.

J. Howard, who was arrested at Monmouth for driving a motorcycle with a Washington 1921 license, was dismissed from the court, as he proved that he was only trying the car without a view of purchasing it.

R. W. Hampton and Donald Dille, who were arrested on a charge of larceny from the hop warehouse of S. E. Irvine, were held to appear before the juvenile court, both of them being under 18 years of age.

Alleging that he is an absconding debtor, Mulkey & Son have caused a warrant to be issued for the arrest of E. Brundridge, who resided at Monmouth until recently, and who neglected to settle a \$38.75 grocery account before his departure for California.

D. E. Fletcher was re-elected a member of the school board of district No. 29, Independence, at the annual school meeting held in the public school building on Monday night. The meeting was attended by more than 100 school patrons, and Mr. Fletcher received their solid endorsement.

He was placed in nomination by Mrs. S. C. Halladay, president of the Parent-Teacher association, and was elected without opposition. The term is for three years. Mr. Fletcher has served three years in this capacity, having held the chairmanship of the board for two years. It was his inclination to retire at this time, and it was only after considerable persuasion of the Parent-Teacher association and others that he allowed his name to be presented.

Mr. Fletcher devotes considerable time to school activities. He visits the schools regularly and is a friend to all the children.

Charles G. Irvine, who has been serving as clerk of the board for some time, was re-elected.

The bonded indebtedness of the district is \$28,000, and it has outstanding warrants amounting to \$4154.59.

Independence defeated Turner last Sunday on the local grounds by a score of 4 to 2.

HERE'S A SPIRIT PICTURE.

Reproduction of "spirit picture," taken with a Brownie camera of seven-year-old Isabella Haug of Newark, N. J., in which a photograph is seen of a face, said to be that of child's uncle, dead years ago.

INQUIRY INTO MEX PET LIKELY

Restraint Felt When Investigation Into Rises is Proposed

NEW YORK, June 23.—Trading in the stock market today languished perceptibly, probably as a direct result of the proposed official inquiry into the recent remarkable maneuvers of Mexican Petroleum. Sales of 700,000 shares represented the smallest full session in many weeks.

Additional restraints were imposed upon speculative operations by the firmer tone of money rates. Call loans gradually rose to 5 per cent in final hour.

Mexican Petroleum opened at a fractional advance at 184, that figure proving its best for the session. After declining to 176 at mid-day, it made a temporary recovery, but slid back at the end to its previous minimum, or a net loss of 7 1-2 points.

Pan American petroleum issues resumed early market leadership, the "A" shares making an extreme rise of six points and the "B" advancing 7 1-2 points, but these gains were cut in half later. Buying of pan-American was attended by reports that the company, which already controls the "Mex Pet" contemplated actual absorption of the latter.

Other foreign and domestic oils, especially General Asphalt, Royal Dutch and California Petroleum, trailed along with the new leader. These, too, were materially impaired by the more intensive realizing sales of the afternoon, with motors, shippings and permanent specialties.

Rails were the sustained features of the day although advances were confined to one or two points, with New York Central, Atlantic Coast line and several of the trans-Continental and coalers as the most conspicuous issues.

Sterling bills were off another cent to 4.41 for demand bills. French and Italian remittances were affected to the same extent, losing 7 points each and marks shaded to within the smallest fraction of .030.

Will Surely Help Others
The condition of the human body is reflected by the condition of the kidneys and blood. If the kidneys are not functioning properly, waste products and poisons cannot be eliminated. Rheumatic pains, swollen, aching and stiff joints and muscles, dizziness and blurred vision are symptoms of kidney trouble. Mrs. A. Lechner, 1129 Main Ave., Clifton, N. J., writes: "Foley Kidney Pills have helped me and I will gladly give you permission to use this testimonial for they will surely help." Sold everywhere.—Adv.

Joe Kaster Mill To Run at Seattle
The Northwest Merchants' association is to have its annual meeting at Seattle from July 24 to 29, at which there will be present business men from all over this region.

The Salem paper mill people are going to send to the convention the complete miniature model paper making machine that was manufactured by Joe Kaster, of the Oregon Pulp & Paper company, and Joe will go along to show the people over there how paper is made.

This is one of the most wonderful pieces of machinery ever built. It is only 27 feet long and about four feet wide and four feet high—but it is a complete paper mill, and it makes paper while you wait.

This miniature paper mill was run for three days, not long since, at Oregon Agricultural college at Corvallis, and its work was perfect and its output first class.

Salem and the Salem paper mill will get some good advertising out of the exhibition at Seattle.

Six Fatal Accidents Reported to Commission
Six fatal accidents out of a total of 506 industrial mishaps were reported to the state industrial accident commission for the week ending June 22. The fatalities were:

Norman C. Nielson, Salem, truck driver; H. H. Lee, Dallas, night watchman; John McKinnan, Cochrane, tongman; H. M. Wallace, Newberg, policeman; Henry Larson, Silverton, tallyman; Herman Alto, Portland, faller.

Of the total number of accidents reported 468 were subject to the provisions of the workmen's compensation act, 20 were from firms and corporations that have not elected to come under the act and 18 were from public utility corporations not subject to the act.

BONUS CASES IN HIGHEST COURT

Four Test Suits Appealed for Interpretation of Various Angles

Four cases to test various angles of the state bonus and loan law for ex-service men, appealed by the state aid commission from the Marion county circuit court, have been filed in the state supreme court, and by stipulation will be consolidated in one hearing.

Included in the cases is the question whether the widow of a deceased ex-service man who had made application under the act can benefit, in which the lower court held that she may benefit personally but that the benefit shall not accrue to the estate. Another question is whether the mother of a deceased applicant is entitled to the benefit. It was held that she may receive the benefit of the application.

Plaintiffs in the cases are William F. Faudman, Margaret Crane, F. M. Moore and Cicero F. Hogan.

A fifth case testing out whether a soldier who enlisted in Oregon, but who is a resident outside the state when making his application, shall come under the act, was decided by the lower court in favor of the applicant. The aid commission did not appeal this case, and is now paying under the decree of the lower court.

The damage to the plant was not heavy, as the employees of the mill soon had the fire under control with the excellent water system which has been provided for just such emergencies.

The injured men were taken to a Portland hospital for treatment.

His Friend Recommended Them
"Six years ago," writes W. H. Shadwell, Stanley, Va., "I had kidney trouble, and at times was unable to raise myself in bed. Foley Kidney Pills were recommended to me by the Chief of the Fire Department. After using three bottles I was completely relieved and have never had a return of the symptoms." Why suffer when you can get relief from rheumatic pains, backache, swollen, sore and stiff joints, sleep disturbing, bladderweakness and other symptoms of disordered kidneys. Sold everywhere.—Adv.
