**BITS FOR BREAKFAST**—Fair, and continued warm—So says the weather shark; but all the praying folks are praying for rain.

The big Salem paper mill will soon be about twice as big; and it will not stop growing after that. A great industry, and a great thing for Salem and the Salem section.

Good morning, have you had any fresh cherry pie this season?

The cherries are coming in now with a rush; and the cherry mark is on the arm of all Salem.

The Pep and Progress pages of Thursday's Statesman will carry some very important matter on the fruit industry.

Mr. Albert, who has charge of the auto park, is distributing a great deal of Salem literature. But he should have more of it, and better. And every Salemite should help talk Salem's advantages to all comers to the park.

They are talking about wireless honeymoons. But who wants a radio bride? Though she must at least be radiant.

The Salem Electric company has started installing its broadcasting system, and everybody will be buying radio-outfits. The Statesman will offer good radio outfits—guaranteed—as premiums for securing new subscribers.

What has been joined together for 52 years, let no court or commission put asunder. The people of this part of Oregon are against the unmerger of the merger; against the divorcing of the Southern and Central Pacific systems after they have been hooked up in double harness for more than half a hundred years.

Miss Ruth Babb and Miss Ruth Edwards spent Sunday at Miss Babb's home in Lake Grove. Dr. John L. Lynch left yesterday for Los Angeles and will be gone for three weeks. John Catlin, chief of police in Albany, spent yesterday in Salem.

**LONG CANOE TRIP SAILORS' PLAN**—Two Boys at Bremerton Aboard Nitro Ask Questions of Mr. Cupper

Glenn Skoyman and Sol Steinberger, two members of Uncle Sam's navy, now aboard the U.S.S. Nitro at Bremerton are planning a canoe trip across the American continent, to begin in September, 1922, when they are discharged from the navy, and have written Percy A. Cupper, state engineer for advice as to making the start from the Pacific coast. They ask

**Salem Party to Leave For Marshfield Session**

A. C. Barber, state fire marshal and state insurance commissioner, and party will leave here by automobile today for Marshfield to attend the state convention of fire chiefs which will be in session June 29 to July 1, inclusive. In the Barber party will be Miss Fay Hendrickson, secretary to the fire marshal's department; Mrs. Horace Sykes, wife of one of the investigators of the department, and Mrs. Thomas Carlson, wife of Fire Chief Carlson of Bend.

Mr. Barber had expected Jay Stevens of San Francisco, chief of the fire prevention bureau of the National Fire Underwriters' association, to join his party, but he has not yet arrived, but may be here today. Mr. Stevens is coming from San Francisco by automobile and was due here yesterday. Harry Hutton, Salem fire chief, will leave for Marshfield Wednesday.

# TEACHER DIES IN ACCIDENT

**J. A. Griffin of Dallas Victim of Mishap on Highway Sunday Night**

One man was killed and another severely when the automobile in which they were riding went into the ditch on Hogg hill, near Winona three miles west of Salem on the Salem Dallas road, shortly before midnight Sunday. Joseph A. Griffin, 32 years old, athletic director and instructor of manual training at the Dallas high school, suffered a fractured skull and was brought to a Salem hospital where he died at 4 o'clock yesterday morning, while John Friesen, one of the owners of the Dallas Planning mill, was taken to a Dallas hospital in a semi-conscious condition.

Wesley Antican, employed on the I. L. Patterson ranch near Eola, said last night that he was the first to reach the scene of the accident shortly after 11:30 Sunday night.

**Groans Are Heard**—Mr. Antican, according to his statement, was on his way home from Salem and was walking along the road when he noticed that the lights of a car were directed in a northerly direction. Thinking it strange that a car would be headed that way when the road at that point runs east and west, he investigated and heard Griffin groaning. Friesen was not located by Antican for several moments.

Antican, realizing that he must get help, stopped the first passing car, containing George G. Duldager and J. M. McCourt, both of Salem. Griffin was put in the car and rushed to Salem while Friesen was picked up by another motorist and taken to Dallas.

**Friesen's Information Meagre**—Friesen's father, according to Coroner Chapman, stated late yesterday that the younger Friesen declared he knew nothing concerning the cause of the accident and was unable to give any version of it. Mr. Chapman had been unable to talk with Friesen last night owing to the investigation being conducted near Winona. He announced, however, that he intended to make a full investigation of the case, as he had been unable to ascertain which of the two men was driving the car. He will decide whether or not he will hold an inquest some time this morning after further questioning of witnesses.

**Third Man Missing**—It is understood there was a third man, Bern Friar, of Dallas, in the car when it left Dallas Sunday night, but he is said to have left the machine at Rickreall. Mr. Chapman had not been able to locate Friar last night.

No one has been able to determine how the car was ditched, but the general theory advanced is that the high rate of speed and the driver failed to make the turn on Hogg hill which is a double curve. The car was found up-right in the ditch and the men were some little distance away when found. The two rear wheels were demolished, discounting the vision that the machine merely skidded into the ditch.

particularly as to the location of whirlpool and rapids in the Columbia and Snake rivers that would require portage.

The route as they have outlined it is: Up the Columbia river to Snake river, 400 miles; up Snake river to its source, 676 miles; portage to Yellowstone lake, 10 miles; through the lake and down the Yellowstone river to the Missouri river, 600 miles; down the Missouri to the Mississippi, 2800 miles; down the Mississippi to the Ohio, 200 miles; up the Ohio to the Wabash, 200 miles; up the Wabash to its source, 400 miles; portage to the source of the Maumee river, 27 miles; down the Maumee to Lake Erie, 200 miles; along the shores of Lake Erie to Buffalo, 300 miles; through the Erie canal to the Hudson, 300 miles; down the Hudson to New York City, 150 miles.

# Second Band Concert to Be Given This Evening

The second band concert of the year will be given tonight in Willson park by the Cherrian band. A record crowd is expected to attend this evening's entertainment owing to the warm weather. The attendance last week was unusually large for the first concert. No concert was given Friday evening since the band accompanied the Cherrians to Portland.

The program will be as follows: March, "Monte Carlo".... King Selection, "Chimes of Normandy".... Laurendeau Waltz, "Visions of the Past".... Robinson Popular Numbers.... Vocal Solo, "Sunrise and You".... Oscar Gindrich. Selection from "Maritana".... Wallace Gavotte, "Maiden of Seville".... Cribulka Overture, "Gypsy Queen".... King March "Yankee Robinson".... Huffer "The Star Spangled Banner"....

# Will Surely Help Others

The condition of the human body is reflected by the condition of the kidneys and blood. If the kidneys are not functioning properly, waste products and poisons cannot be eliminated. Rheumatic pains, swollen, aching and stiff joints and muscles, dizziness and blurred vision are symptoms of kidney trouble. Mrs. A. Lechner, 1129 Main Ave., Clifton, N. J., writes: "Foley Kidney Pills have helped me and I will gladly give you permission to use this testimonial for they will surely help."

Landlord—You didn't pay the rent for last month.

Tenant—No? Well, I suppose you'll hold me to your agreement.

Landlord—Agreement! What agreement?

Tenant—Why, when I rented, you said I must pay in advance or not at all.—Detroit Free Press.

One minute essay on health by O. L. Scott, D. C.  
**WHOLE NEW WAY**  
Great things happen when health gets chummy with enterprise.  
**IS YOUR APPETITE FINICKY?**  
If your appetite is finicky where it once was hearty, it is not necessarily evidence that the stomach is at fault, though there may be indigestion. Quite often the center and source of a breakdown of this kind is the liver. Constipation causes digestive troubles, and the stomach is a victim of trouble due to faulty action of the liver. Rurdown conditions of the body are invariably due to lack of attention to the most commonly known truths about the body. For instance, the nerves are controlled by the spine. In severe derangements of the spine there is paralysis. In mild displacements such as exist in every spine, the result is weakness located in some organ of the body—call it partial or mild paralysis if you will—and chiropractic spinal adjustments are needed to restore order and health. Chiropractic spinal adjustments correct diseases of the head, throat, lungs, heart, stomach, liver, kidneys, pancreas, spleen, bowels and lower organs.
