CLOTURE RULE BRINGS FIGHT

Attempt to Put Over Petition Branded as Buncombe By Underwood

WASHINGTON, July 5.—The Republican position for cloture to shut off debate on the administration tariff bill, was presented today in the senate. It immediately provoked a bitter fight, which promised to consume much of the session tomorrow. Under the rules the issue must come to a vote at noon on Friday.

There were 52 signatures to the petition, or 12 less than the two-thirds majority necessary to invoke the existing cloture rule which would limit debate on the bill to one hour for each speaker and preclude the offering of any additional amendments, even by the finance committee majority. Only eight Republicans refused to sign the petition. The eight were La Follette, Norris, Johnson, Moses, Borah, Brandegee, Crow and Weller. Immediately the petition was presented by Chairman McCumber of the finance committee. It brought a protest from Senator Underwood of Alabama, the Democratic leader, who said the Democrats had "courteously" consented to the committee's request that its amendments be considered first and that it was not fair for the majority to come in now and propose to take away from the minority their right to propose amendments.

The Democratic leader said that every item in the bill was of interest to some business concern of the country, that practically all of them were of interest to the consumer and that the majority should propose some rule which would meet the situation and not merely a gag rule.

Speed Rotis Senator—"The idea of discussing 1000 amendments in 60 minutes!" he exclaimed.

"Gentlemen on the other side had better suggest that we have no further debate." Senator Robinson, Democrat, Arkansas, in a vigorous speech raised the issue of good faith in the presentation of the petition. He charged that the purpose was to cut off complaints against the bill from the majority side. "This bill in the form presented by the finance committee, is beaten," he shouted. "Is there a senator who doesn't know that on that side of the chamber (the Republican side)? There is a growing feeling of disgust that is threatening the defeat of the bill."

Closure Declared Beaten—"It is beaten in the public conscience. This petition for cloture is presented as pure buncombe and some of the signers of the petition would be glad to see the bill withdrawn. Everywhere in primary contests where it has been made an issue its proponents have met with disaster. The press of the country is against it almost unanimously."

Senator Lodge replied that the petition had been offered in "absolute good faith."

"If any senator doubts that it was offered in good faith let him vote for it and see if we do not put it through," said the majority leader. "If they (the Democrats) think this tariff is beaten, why don't they bring it to a vote? They know it is not beaten. We believe the country demands action on this bill. This petition will prevent any deception and allow the country to know who refuses to take action. It will show the country which party is responsible for the delay; which party is using this bill for purely political purposes while business is kept in suspense."

"Reckless Waste of Time"—Senator Lodge declared there had been a "reckless waste" of the time of the senate and the country in the discussion of the bill and urged the Democratic side to set a time to vote on the bill.

Senator Underwood responded that it was not possible to agree to a time to vote on a bill which still was being amended by the finance committee, whose opponents could not know what witnesses would be presented or whether portions satisfactory would be changed later.

"You know you cannot go to the country and justify the passing of this bill under a gag rule," he declared, "and you had better not pass it that way and throw this misshapen thing into the face of the people."

Republicans insisted that since they had 24 majority they had a right to legislate without keeping the senate in session until October or later.

CONGRESS SCORED BY DEMOCRAT

Failure to Prosecute War Profiteers Branded One of Unpardonable Failures

WASHINGTON, July 5.—Delegated by house Democrats to reply to the recent speech of Representative Mondell, Wyoming, the Republican leader, "on the achievements of congress," Representative Byrnes of Tennessee, ranking Democrat of the appropriations committee, declared in an "extension of remarks" to be printed in the Congressional Record tomorrow that Secretary Weeks "frankly and bluntly told the truth" in asserting in an address that congress had reached its lowest ebb.

"Mr. Weeks is quoted as having declared in a sudden burst of candor," said Mr. Byrnes, "that this congress, which is overwhelmingly Republican, had reached the lowest ebb in the entire history of the country. Considering his long service in the house, the senate, and as secretary of war, testimony coming from such a high Republican source will undoubtedly be accepted in preference to the biased opinion of Mr. Mondell, whose candidacy for the United States rests on the record made by congress under his leadership."

Newspapers Approved—"Feeling keenly the force of general criticism leveled against congress," said Mr. Byrnes, "the majority leader very harshly criticizes those who have seen fit to condemn the present congress for its shortcomings and failure to give evidence of statesmanship and keep faith with the people."

Referring to Mr. Mondell's reference to newspaper editors, Mr. Byrnes declared the editors could "take comfort in the fact that in such criticisms they have been no more harsh than was the distinguished secretary of war."

Neglect of Prosecutions—After a general denial of the claims put forth by Mr. Mondell as to the saving of public funds, Mr. Byrnes declared "one of the most disappointing and unpardonable failures" of the administration was "its culpable neglect to promptly and vigorously prosecute the war profiteers." "For four months the attorney general took no steps to bring these profiteers to justice," he said, "and there seemed to be a purpose to let the status of limitations run and permit at least many of them to escape criminal and civil liability."

"So evident did this become," he added, "that two Republican representatives—Woodruff and Johnson—felt it their duty to bring this neglect to the attorney general and the department of justice, to the attention of congress and the country."

Reflections on Administration—Touching on the failure of the house to act on the Woodruff Johnson resolution for an investigation and the subsequent appropriation of half a million dollars for war fraud prosecutions, Mr. Byrnes declared:

"The money asked for was promptly and unanimously granted. The gentleman from Wyoming takes credit for this action, but I submit that the administration, lashed by two members of its own party, who were actuated by a high sense of public duty, can claim little credit therefor. It is a severe reflection on the administration and the Republican party that the majority leaders suppressed this resolution in the rules committee and refused to permit a public inquiry as to the causes which influenced this inaction on the part of the department of justice."

"I hear you've sold your pig," said one farmer to another. "What's he got?"

"Thirteen dollars."

"What'd it cost you to raise it?"

"Paid \$3 for the shot, five for the lumber in the pen and house and five more for the feed."

"Didn't make much, did ye?"

"No, but I had the use of the pig all summer."

CHAUTAUQUA IS NOW HISTORY

Director Wilson Announces Course Practically Sure For Next Year

The Salem chautauqua is now history—and a delightful and tuneful history it is.

The last concert was given last night, by the Gilvan Opera company, a quartet of metropolitan singers who brought to their audience the best offerings from a number of the greatest operas. They sang the Sextette from Lucie di Lammermoor, pared down to quartet size; they sang it wonderfully, with all the haunting grief and tragedy of the splendid number. They sang many other pieces also, among them being "The Merry Miller" from the opera "Rob Roy," and selections from other standard operas.

Fine Talent Shown—The main part of the evening program was a rendition of "Ruddygore," or "The Witch's Curse." This was a tuneful, delightful medium for presenting the company talents at their best. Originally, the cast was to include 17 persons, but the four singers staged it finely with the other 13 warblers overboard. The piano accompaniment was one of the fine features of the evening, and the rendition of Liszt's Second Hungarian Rhapsody, one of the beauty pieces of all the ages, was a dream of excellence. The Gilvans could get an audience in Salem any day on their record Wednesday afternoon and evening. The usual practice of saving the star musical number of the whole course for the last night, certainly held good with the chautauqua course this year.

Another Course Assured—The chautauqua course is practically assured for Salem for another year. It was announced last night that a few pledges were desired to make the 1923 guarantee good, but some were given in immediately following that announcement, and the contract is understood to be certain. The guarantors this year did not come out quite even, and had to put up some money to make good the guarantee. This is the first year there has been a deficit, and it probably won't happen again. The program this season has been good enough to warrant its continuance.

C. E. Wilson, Salem newspaper man, who has served as local director, has been well pleased with the reception given his company this year. He started with the chautauqua season down in Texas early in April, and has been working back home ever since. He will have all of July and August to keep it up, when the season ends and one tired man will settle down for a few minutes genuine rest in some place where they haven't a piano, or a man who can speak above a whisper; and under a tent that has an icehouse built over it for a roof, and no more contracts or train schedules to worry about.

LANDEN IS HELD IN COUNTY JAIL

California Man Unable to Furnish Bail—Berkely Attorney Coming

Unable to furnish cash bail in the sum of \$1000 set by the justice court yesterday morning, Charles Landen, who was arrested Tuesday on a charge of contributing to the delinquency of a 7-year-old girl, was yesterday lodged in the Marion county jail to await arraignment next Monday morning, at which time Landen believes he will have an attorney present from Berkeley, Cal.

Landen continues to maintain that he is innocent of the offense charged and is unable to account for the motive behind the filing of the charges against him. He declared yesterday that he had been a guest in the home of the mother of the little girl on one other occasion while passing through this city, and that some one was present in the room nearly all of the time when the alleged crime was supposed to have been committed Tuesday afternoon.

Landen declared that he had sat on the front porch with the child for a few minutes, helping her unravel a bunch of firecrackers. Later, he declares, he, together with others about the house, went into the home and that he started the phonograph, dancing once or twice with the mother of the little girl.

He stoutly maintains that he knows nothing about the alleged offense, and is unable to make any explanation.

Landen has been employed by a California portrait house for some time, and according to the salesman with whom he has worked, has always borne a good reputation.
