You May Be the Son of Adam

But why use the same ancient method of getting somewhere that Adam did.

A Motorcycle

will carry you anywhere on land comfortably and dependably at a little more cost than walking—45 to 75 miles on one gallon of gasoline. Up to 15,000 miles on tires. 700 to 1000 miles on a gallon of oil.

You can't beat that, besides the saving in time pays for the price of the machine.

We have left a few good used machines that we have completely rebuilt and for the next two weeks will offer them at very low prices. Call and pick one out now.

to the crime committed. If one is called murder, certainly the other cannot be called a preacher's convention or a Sunday school picnic. And aside from getting revenge, which is a mean, dirty word, the state ought to devise some means of sentencing a murderer that would be of some profit to society and state. Why not put the murderer to work at some trade or profession and let the proceeds from his product support the family of the man he murdered?
