

By MARGUERITE GLEESON

THE Salem O. A. C. club will picnic Thursday at Riverside Dip, according to an announcement made by the committee in charge. This is the regular meeting night and all former students, students home for the vacation and graduates of the college with their families are included in the list of those invited.

The Cauthorne clan will picnic Sunday at Bryant park in Albany and included in the members of the family will be several from Polk and Marion counties. Mrs. Mark McCallister and Miss Florence Cauthorne of Salem will be among those going over.

Cauthorne hall at the Oregon Agricultural college was named for a grandfather of most of those included in the clan at the present time. He was a member of the Oregon legislature and sponsored the bill which made possible this dormitory. It is now being used for a women's hall of residence although it was for a time several years ago used for the men. When Waldo hall became inadequate to care for the women it was taken over again for the women. Two large trees were planted by the family in front of the hall when it was built. One of these still lives while the other died several years ago. Other members of the family live in Benton and Linn counties.

The Business and Professional Women's club will meet for their weekly luncheon in the Peacock room of the Gray Belle today at noon.

Mr. and Mrs. J. T. Hunt are spending two weeks at Lafayette's mineral springs.

Mrs. Erzel Kay will defend her championship title in the golf tournament which begins today at the Tualatin Country club.

Mrs. A. Southwick is spending three weeks visiting in Bellingham, Wash.

Mrs. Russell Catlin and Mrs. Henry B. Thielsen are in charge of the local committee of Episcopalian women who will assist with the reception for out of state members who will attend the national convention in Portland next month.

Mrs. George M. Brown and Miss Marjorie Brown attended the Chautauqua in Gladstone Saturday. Judge Brown was one of the speakers.

Mr. and Mrs. Zedoc Riggs left last night for Roseburg where Mr. Riggs will attend the state pharmacists convention.

Mr. and Mrs. L. S. Barnes of Long Beach, Cal. are guests of Mrs. Thomas Burroughs, 355 Leslie street. Mr. Barnes was a former owner of the Capital Journal while residing in Salem.

Mr. and Mrs. Arthur McClain are receiving the congratulations of their many friends on the birth of a son yesterday.

Miss Prudence Patterson and Miss Lenta Baumgartner are home from a vacation spent at The Dalles.

Mrs. L. G. Altman has as her guest her daughter, Mrs. Alts A. Martin of Los Angeles.

Dr. and Mrs. John R. Sites are spending a few days in Portland.

### WOOLEN MILL WILL EXPAND

#### Santiam Company to Build Addition to Care For Increased Output

STAYTON, Ore., July 11.—(Special to The Statesman.)—The Santiam woolen mill company is contemplating the erection of another wing to the mill. The new addition will be built on the west side of the main building and is to be 40x50 feet.

Many new hands have been employed lately and the addition of another large room will prove an opening for more workers.

John Smith left Friday morning for Alaska where he will spend the remainder of the summer visiting his son's who reside there.

V. P. Lancefield, E. C. Titus, F. J. Smith and E. Plesser left on Friday afternoon's train for Detroit from where they go by pack train to the Breitenbush hot springs for a month's outing.

T. H. Thomas left Thursday for his ranch near Jordan where he will rusticate a few weeks.

Miss Gweneth Davis left Monday of last week for Albany where she has accepted a position in the Murphy-McClister cafe.

Harold Murphy of Albany was in Stayton Saturday visiting with relatives.

Miss Luella Keich returned home from a few days visit in Portland.

C. P. Barmester has charge of the Lancefield store during the owners absence at the hot springs.

A. S. Davis and family of Astoria visited several days last week at the home of his parents, J. P. Davis and wife.

C. A. Beauchamp of the Stayton Pharmacy and Mr. Harmon of the Bon Ton cafe are the latest on husbands on radio work here.

Both men are installing ariel stations purporting to establish a radio outfit in their respective places of business.

Traffic between Salem and the upper Santiam country has been so heavy of late, three stages have been required to take care of it. The hay, grain and fruit harvest has all come in a heap this year, in this section, owing to the extreme warm weather hurrying things along. The farmers are surely experiencing a busy time.

Many Stayton people attended the convention at the big tabernacle a Turner both Sundays of the session.

Mrs. Ed Haines of Mill City is here visiting her parents, Mr. and Mrs. Wm. Grier.

Miss Cella Mielkoj is at home again after a months vacation spent at Ashland.

There is a law in Bulgaria that everybody must work. Anglo-Saxon civilization has a lot to learn from some of the less advanced countries on the foot-stool.

### MANY EX-SERVICE MEN GIVEN AID

#### Claims Received by Secretary of State Amount to \$1,197,114.43

Five thousand eight hundred and two ex-service men have thus far availed themselves of the privileges made possible by the law enacted by the people of Oregon in 1919, providing for financial aid to honorably discharged soldiers and sailors, and their aggregate claims have amounted to \$1,197,114.43, according to a statement made public by the secretary of state this afternoon.

The law aids an ex-service man to the extent of \$25.00 a month while attending school, but which an ex-service man who has secured the benefits of the education aid desires the state bonus or loan which was later provided, the amount of any educational aid must first be repaid by the state.

For 1919, a total of \$297,458.38 was disbursed to ex-service men attending educational institutions and in the year 1920, \$194,045.99. During 1921 the state provided \$225,075.47 and up to July 8 of 1922, \$118,122.75. Of the amount received for educational aid there has been returned to the state \$38,703.19 by ex-service men who have received the bonus or secured a loan from the state.

### Morris Optical Company To Move in New Offices

Some time this week, probably on Thursday, the Morris optical company will remove from its present quarters in the Bank of Commerce building to its new location on the third floor of the Oregon Electric building. The company came here three years ago to occupy two small rooms on State street. It expanded greatly in its move to the present location and now it finds yet more room an imperative necessity.

The present change came about through the affiliation of Dr. H. J. Clement with Drs. Findley and Steeves, and their need for more office room, together for general eye, ear, nose and throat practice. The affiliated Morris Optical company also needed more room, so a business separation was finally arranged.

"Warren G. Harding. "By the president, Charles E. Hughes, secretary of state."

Urges Conference CHICAGO, July 11.—B. M. Jewell, president of the railway employees department of the American Federation of Labor, declared tonight in reply to a proclamation issued by President Harding, that the way to end the present strike was to call a conference of the shop crafts and the railway executives.

"If any one wants to end the strike they know how to do it—call a conference of railway executives and shop crafts representatives," he said. "Full responsibility for the present situation and the continuation of it rests upon the shoulders of the railroad managements."

### FARMER BLOC HAS ANOTHER REBUFF

#### Growers to Spend \$3,000,000 in Producing Present Crop

WASHINGTON, July 11.—The Republican agricultural tariff bloc got another setback today in the senate, losing 33 to 24 its fight to make dutiable imported vegetable oils, used in the manufacture of non-edible products. The senate then, without a roll-call, approved rates of three cents a pound on cotton-seed oil and soy bean oil and four cents a pound on coconut oil and peanut oil, where such oils enter into the manufacture of edible commodities.

The bloc did not vote as a unit on the proposition to remove the provision allowing free entry of vegetable oils for industrial purposes but the defection within its ranks was more than made up by support from the Democrats, eight of them voting to eliminate the provision. They were Ashurst, Broussard, Harris, Hefflin, Jones of New Mexico, Kendrick, Ransdell and Sheppard.

Before the senate got down to consideration of the tariff bill Senator Edge, Republican, New Jersey, served notice that unless the flexible tariff provision was retained in the bill he would not vote for it. He declared he was

### MEALS COOKED BY SOLAR HEAT

#### Apparatus of Reflectors and Ovens Used in Experiment

PASADENA, Cal., July 11.—The three square meals of mankind may soon be prepared by solar heat alone, according to Dr. Charles Greeley Abbot, noted astrophysicist of Washington D. C., who will continue experiments at the Mount Wilson observatory, near here, with his "solar cooker," an arrangement of reflectors and ovens. All the cooking for himself and his staff was neatly and appetizingly done with this device during a previous sojourn on the mountain.

"The apparatus installed on Mt. Wilson," said Dr. Abbot, "cost about \$50, not a great deal when it is considered that there is no additional cost for fuel and that this particular solar cooker was made especially for these experiments. Quantity production may lower the cost materially."

Dr. Sarah Hobson says the time is coming when the sex of the child will be determined by the parents. But Sarah is wrong, the whole matter will be under government control, with a commission to say what shall or shall not be long before that.—Ex.

Come to think of it the best talker and the worst flyer among the birds is the parrot.

Senator Edge stressed that he wanted authority given for a downward as well as an upward revision of rates, declaring he was interested in the development of the country's export trade, believing that only by such development could there be a full measure of prosperity in the United States. He also reiterated his belief that tariff should be built scientifically with an impartial commission to gather the facts on which congress acted.

### SCHOOL BEARD NAMES NEW INSTRUCTORS

### Warner's Rust-Proof Corsets

Dr. Adolf Lorenz, the famous surgeon in an interview in the New York Tribune, January 26th, 1922, says:

All Women Should Wear Corsets, Says Dr. Lorenz

Prevent Spinal Troubles, as Well as Bracing Vital Organs, Surgeon Declares

Dr. Adolf Lorenz appeared as an advocate of corsets for women during his Health Department clinic yesterday.

"Every woman should wear a corset," said the famous surgeon. "Possibly the young girl should be excepted. The corset not only braces vital organs that need bracing, but is a preventative of spinal troubles."

"I do not say that women should squeeze their waists as once they did. I am referring to corsets of today, designed on common sense lines. The important thing is that the corset should in every instance be a perfect fit."

"I frequently prescribe corsets modeled after casts made of the patients under my observation. I agree with Health Commissioner Copeland in his observation that a corset gives to a woman the sense of being completely dressed and thus contributes to her peace of mind, which is beneficial."
