**REED DENIES WILSON FIGHT**  
Missouri Senator Repudiates Charge by Opponent That He Fought Ex-President

ST. LOUIS, Mo., July 22.—United States Senator James A. Reed says he has never fought former President Wilson. He has been telling his audiences this in his campaign for renomination at the August 1 primary election in this state. His opponent, Breckinridge

Long, third assistant secretary of state in the Wilson administration, on the other hand, has been referring to the fact that Reed was read out of the party by the 1920 Democratic state convention because of his attitude towards the former president. Outside of telling his audiences not to allow "outsiders" to in-struct them how to vote, Senator Reed has but infrequently referred to the letters Mr. Wilson sent into Missouri urging Reed's defeat. In asserting he has not fought Wilson, Reed has emphasized that his actions in the senate were guided by what he believed the wishes of his constituents in Mis-souri. "My only boss is the people of this great state," the senator has been telling his audiences, then,

with a grin, adding "and my wife." Mr. Long says he is content to let the forthcoming primary de-cide whether Reed was correct in his construction of the wishes of Missouri Democrats. Long has the support of the d-ry, while Reed has been fought

**Oakland Wins!**

OAKLAND wins the Sweepstakes Cup—grand prize for cars of all classes regardless of cost, size or weight—in the Sixth Annual Los Angeles-Camp Curry, Yosemite Valley Economy and Endurance Run. Oakland also wins the first prize for cars of its own class.

Fifteen other makes of cars yielded to Oakland's phenomenal record of 49.2 Ton Miles per gallon, according to official A. A. records! The actual mileage per gallon for the Oakland car was 29.37. No oil was used and only two pints of water—and the length of the run was 360 miles!

Think of it! Nearly thirty miles to the gallon—through city traffic and over rain-soaked country roads; up steep mountain trails and through sand, hub-deep!

And remember—the New Oakland Car that accomplished this remarkable feat was a stock, five-passenger touring car. You can buy an exact duplicate—you can buy this same economy and dependability in any New Oakland model!

Truly, Oakland is the economy car. It is the only car, backed by 15,000 mile performance guarantee. It is the light-six sponsored by the resources and the prestige of the General Motors Corporation. Can you afford to overlook The New Oakland Six once you decide to spend around a thousand dollars for a motor car?
