Order made approving inventory and appraisal of estate of Sarah Bennett, deceased. Appraisement shows personal property to the value of \$2,689.93. Catherine Nickel appointed administratrix of estate of Helen

POLK FAIR DATES SET

October 5, 6 and 7 Set for Annual Exposition of County's Resources

DALLAS, Or., Aug. 3.—(Special to The Statesman.)—At a meeting of directors of the Polk County Fair association held in the Commercial club rooms yesterday the dates of October 5, 6 and 7 were set for holding the big fair this year.

Plans were also outlined for conducting the show and if everything works out as planned, the fair will be the biggest held in this part of the state outside of the state fair.

Amusement Question Up Among the matters brought up at the meeting was that concerning the amusement attractions for the three days. Both the Browning Amusement company and the Hoyt Amusement company of Salem will probably be awarded the concessions, as they furnish a variety of amusement that are sure to draw the crowd.

In addition to the amusement companies for drawing cards, a wild west show and riding contest will also be staged which is expected to draw people from all parts of the country.

Polk Has Scratches In this latter form of amusement any person can enter, and Polk county has some fair rough riders who are expected to give a good account of themselves at that time.

Hallie Parrish Hinges of Salem has been engaged to sing during the fair, and about 100 Indians from the Siletz reservation will stage a series of Indian and war dances which take well with fair crowds.

Gathering and preparing the displays for the fair is under the direction of Mrs. Robert Sachtler, secretary of the fair board. Mrs. Sachtler has been busy for the past several weeks seeking fine grains and grasses for display, and has a corps of helpers busy preparing the grain.

Butz Is President The officers for the fair this year are H. S. Butz, president; C. C. Gardner, vice president; Mrs. Robert Sachtler, secretary; Eugene Hayter, treasurer, and W. L. Soehren superintendent.

Nickel, Eugene Hayter, Walter Williams and August P. Risser appointed appraisers. Order made approving bond and oath of sale of real property by Irma L. Daniels as guardian of person and estate of Henry C. Brown, deceased.

Matter of guardianship of person and estate of Henry C. Brown, deceased. Order made for sale of real property.

Order made approving inventory and appraisal of estate of Helen Nickel, deceased.

Matter of estate of Mary M. Watson, deceased. Estate valued at \$5,500. J. R. Sibley appointed executor. A. P. Risser, F. J. Holman, T. B. Hooker, appraisers.

SERVICE MAN PASSES AWAY

Uda Burke of Dallas Succumbs to Injuries Received While Overseas

DALLAS, Or., Aug. 3.—(Special to The Statesman.)—Uda Burk, son of Mr. and Mrs. Sam Burk of this city and an overseas veteran of the World war, passed away in a Portland hospital last night where he had been taken about a week ago for enlargement of the glands, believed to have been caused by injuries received when he was in France by the explosion of a hand grenade.

Mr. Burk was born in Kansas on August 10, 1893, his parents afterwards moving to this state to make their home. He enlisted in Company L of this city on April 5, 1917, and accompanied that organization overseas. Shortly after his return to Dallas after the war he was united in marriage to Miss Leona Clamfield, a Dallas girl, who, together with a small daughter and his father, mother, one brother and two sisters survive him.

He was a member of Carl B. Fenton post of the American legion of this city and that organization will probably conduct a military funeral, the date of which has not yet been set.

Mrs. Amos Holman Dies from Recent Injuries

DALLAS, Ore., Aug. 3.—(Special to The Statesman.)—Mrs. Amos Holman died Tuesday in a hospital at Hood River following injuries received last week when an automobile driven by her husband left the grade and plunged down an embankment in Wash-

ington across the Columbia from Hood River. Mrs. Holman suffered the fracture of both legs and was injured about the skull. Mr. Holman was also injured but at last reports he was recovering. The Holmans left Dallas some days ago for an automobile trip through eastern Oregon and Washington where they planned to visit relatives. The place where the accident occurred is on a fine stretch of highway and it is supposed that the driving apparatus of the car must have broken and caused the machine to leave the road.

The body of the dead woman will be brought to this city for burial. The date of the funeral has not yet been set owing to the condition of her husband who is still confined in the Hood River hospital.

MRS. SMITH TO GIVE LECTURES

Teacher of Applied Metaphysics Arranging Course in This City

Ann S. Smith, formerly of Boston, Mass., and for the past two years of Portland, is known to be an unusually strong teacher of applied metaphysics. She excels particularly in her interpretation of the teaching of Emma Curtis Hopkins, a teacher of teachers of New York City of whom she has long been a student.

The chief characteristic in Mrs. Smith's work is her great power to inspire her students with a living faith and confidence which makes one dare and do. She receives a friendly greeting and hearing wherever her message is given.

Mrs. Smith is now in Salem where she is arranging a course of lectures and due notice will be given of time and place.

J. V. Chitty Dies After Suffering Sudden Stroke

DALLAS, Or., Aug. 3.—(Special to The Statesman.)—J. V. Chitty, a one-time business man of this city passed away suddenly last night at his home in the Oakdale country following a par-

alytic stroke. Mr. Chitty has been in poor health for some time but had been able to be about and was working yesterday. Arrangements for his funeral have not yet been made. He leaves a wife and little son.

One minute essay on health by G. L. Scott, D. C. Health is the first law of winning. The other three are: Work, to think and to stick.

There Are No Home Runs to Health

There are no home runs in the health game. When health is gone you have got to make your way back to normal by easy stages. Nature is not hurried beyond a certain point.

When the cause of disease is a displacement of spinal joints causing pressure on spinal nerves there is no way back to health except through the chiropractor's office. The spinal displacement must be righted, and it takes adjustments to do it.

Chiropractic spinal adjustments correct diseases of the head, throat, lungs, heart, stomach, liver, kidneys, pancreas, spleen, bowels and lower organs.

GETTING STARTED toward health is merely a matter of telephoning 87 for an appointment.

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS: HEART, EYES, EARS, THROAT, LUNGS, LIVER, STOMACH, PANCREAS, SPLEEN, BOWELS, BLADDER, LOWER LIMBS.

Have you joined our HEATROLA Club? ONE TON of coal FREE to all who join before Aug 12th. This is our offer: To all who join our HEATROLA CLUB before August 12th we will give absolutely FREE ONE FULL TON OF COAL. The club fee is \$2, which applies on the price of the Heatrola. The balance is payable in easy installments. Here is a chance to get one of these wonderful new-day heaters and a supply of fuel for the price of the Heatrola alone. Installation of the Heatrola will be made at any time specified by the purchaser. All over the country, Heatrola dealers are making this offer on a limited number of Heatrolas and for the period from July 22nd to August 12th. Last year everyone waited until the last minute to order their Heatrolas and the factory was swamped with more orders than it could deliver. To prevent this congestion this year is the reason for this very attractive special offer. The Heatrola looks like a phonograph and works like a furnace. It heats three to six connecting rooms with warm, moist air—the most healthful heat known. It is really a furnace. Beautiful enough to grace any parlor, in its handsome form and rich grained mahogany enamel finish. And how it heats! Come in and read the book of letters testifying to its heating capacity. Read—not claims we make, or the manu-
