Corn declined 7-8 cents to 1 1-8 cents, oats 1 1-2 to 3-4 cents off and provisions 15 to 27 1-2 cents down. Wheat showed less activity than NEW YORK, Aug. 5 .- Moderon the previous day and averaged lower, there being nothing in the ate gains were registered by most overnight developments to cause any enthusiasm on the buying side. While there was considerable support on the breaks, in the main it came from shorts who were taking profits. A fair decrease in local contract stocks is expected to be shown for the week Harding on the ground that a the receipts being 4.932,000 bush-

Country offerings were not Ill., territory with 403,000 bushthe speculative favorites toward els of grain on hand reported rethe close of the session, Mexican ceiving only one car yesterday. Good rains were reported in parts and Baldwin dropping a half, but of the Canadian northwest, im-

Provisions were weaker and
