PADDOCK AT OUTS WITH HAWAIIAN ATHLETIC UNION

HONOLULU, Aug. 8.—(By the Associated Press)—That Charles W. Paddock, sprint marvel of Los Angeles, would be liable to disqualification by the National A. A. U., if the Hawaiian A. A. U. sent an official report on his times made during competition in the islands last April was the basis of the local body's refusal today to comply with a request to the effect made by Robert Weaver, president of the Southern Pacific A. A. U.

The Hawaiian record committee informed the Hawaiian A. A. U. that Paddock had "beaten the gun" in his Lulu races, that he ran in an unregistered meet against three unregistered sprinters on the island of Maui, T. H., where he also performed, the committee said, on a track which did not conform to regulations and ran over unregistered distances.

BUNCHED HITS WIN FOR BEES

LOS ANGELES, Aug. 8.—The Hawaiian A. A. U. does not want the records made by Charles W. Paddock to become the official sprint records of the islands and for this reason they have refused to embody them in an official report to the Southern Pacific A. A. U., according to a statement made by Paddock here today.

"One of the boys told me before I left the islands that if the records I made over there were ever officially established as the island's records, it would prevent the local runners from ever estab-

SALT LAKE TAKES FIRST GAME OF SERIES AT SAN FRANCISCO TUESDAY

SAN FRANCISCO, Aug. 8.—Bunched hits spelled a 7 to 2 victory for Salt Lake today over San Francisco in the first game of the series. The Bees scored four runs in the seventh, and three more in the eighth. The Seals got their markers in the sixth.

SACRAMENTO 4, ANGELS 3

LOS ANGELES, Aug. 8.—Errors dominated the opening game of the series between Sacramento and Los Angeles today, the Senators winning 4 to 3. Three errors and a single produced three runs for the Angels in the second, but in the fourth frame filled bases paved the way for Pitcher Kunz's single to center which scored three men and won the game for Sacramento.

DR. COOPER WINS BOTH DIVISIONS

Peter Henley Captures Leader Purse of \$3000 at Cleveland Racing

NORTH RANDALL, Cleveland, O., Aug. 8.—(By The Associated Press)—Dr. T. L. Cooper of Dayton, Ohio, won both divisions of the 2:08 class pace raced here this season when his Peter Henley captured the Leader Purse \$3000, feature of today's grand circuit racing program at North Randall.

It was the only event of the day to be decided in straight heats.

Peter Henley was driven by Harry Stokes and was coupled with Charley Sweet which won the Edwards pace for 2:08 class at the July meeting. Today Charley Sweet finished second in the second heat.

With Peter Henley out in the third heat, Hal Bee won in a driving finish from Charley Sweet and Wrack.

The 2:04 pace resulted in a split heat event, each of which furnished close finishes except the fourth. That was won by John Henry Handily from Tramp Safe. Only four of the six scheduled events were decided today. It was decided to put the 2:14 trot and the three year old trot over until tomorrow.

Northwest Athletic Boards Will Assemble in Spokane

SPOKANE, Wash., Aug. 8.—A conference of managers of all member institutions of the Pacific Northwest Amateur Athletic association to be held here early in September has been called by Joe S. Bain, manager of the Spokane Amateur Athletic club.

According to Bain, the primary purpose of the conference is to arrange schedules in boxing, wrestling, swimming, basketball and other forms of interclub sport for the 1922-23 season and to promote better cooperation and spirit between the managers of the associations. It is planned to make the meeting an international affair.

Below-Equator Go Does Not Appeal to Dempsey

NEW YORK, Aug. 8.—It is unlikely that Tex Rickard and Frank Flounroy, promoters of all big recent boxing championships, would undertake to promote in South America a bout between Jack Dempsey, world's heavy-weight champion, and Luis Angel Firpo, leader in that class below the equator.

"Why should we go down there and neglect our own business here?" Flounroy queried today when asked if he and Rickard would accept a reported offer to making such a match in Buenos Aires.

WISE BANTAM

Meet Bill, the intellectual bantam rooster.

He may be short on size, but he is long on brains. He serves in the dual role of office boy and telephone girl in a livery stable located at Fourth and Abbott streets.

If the telephone rings and no one is present Bill will run to the stable and emit a series of squawks to call the owner of one of the stable boys.

All day his station is either at the door of the office or he perches himself on a corner of the roll-top desk. Should a stranger step in and no one be on hand to receive him Bill will notify the help out in the stalls that they are wanted in front.

If two persons are talking about him and incidentally happen to mention "Bill," that feathered prodigy will immediately cock up his head and stretch his neck out two inches beyond its normal length. He recognizes his name as well as a child.

His owner calls him by yelling "Bill." He is totally unafraid. A favorite position is to perch on his owner's hand.

Bill sometimes gets up in the morning with a sort of a grouch when the horses are led out. When he can't quite approve of something about some horse. So he jumps toward a horse's foot and digs his spurs into its leg. His owner is afraid this will eventually bring retaliation in the form of a good swift kick. But so far he has been unable to teach Bill the virtue of humility or weaken his arrogant conviction that he is cock of the walk, or rather of the livery stable.—Detroit News.

FIRST PAYMENTS ON LOANS COME

Ex-Service Men Early to Begin Paying Money Back to the State

"All going out and nothing coming in" has been the rule in the state bonus commission up to Saturday of last week. This can no longer be maintained however, for on Saturday the first repayment on a loan arrived at the commission's office.

Frederick Jensen of Portland obtained a loan of \$3,000 three months ago, being the fifth actually paid. He was the first, however, who elected to make his payments quarterly and a money order for \$45 arrived at the office of the commission two days before it was due. Thirty dollars of this is credited as interest and \$15 applies to reduce the principal. The second payment in the form of a cashier's check arrived yesterday from Edgar Franz, of Hood River, and was for the same amount. Nine more payments come due during August and 23 in September, with a rapidly increasing number in the succeeding months.

"While the law does not require it," said Major Harry Brumbaugh, secretary of the commission, "we are mailing out notices of payments due in ample time for the borrower to make his arrangements for the payment. On our notice we call attention to the fact that personal checks in payment cannot be accepted and request that remittances be made by money order or bank draft made payable to the state treasurer. Personal checks sometimes necessitate a fee for their collection through the bank, which we are unable to pay under the law, and for that reason the ruling was made that personal checks would not be accepted."

"With the close of today's business, the commission has approved 18,063 claims for cash bonus amounting to \$4,147,938; has approved and fixed the amount in 2,347 loans aggregating \$5,327,700; has approved for payment, 842 loans amounting to \$2,009,500. Loans are being paid now at the rate of approximately \$1,250,000 per month. The amount of funds remaining from the first sale of \$10,000,000 in bonds it is estimated will be exhausted about October 1. The commission has authorized the sale of an additional amount of \$5,000,000 early in September for delivery on October 1."

GARDEAU HERE FOR BIG BOUT

Both Principals Working Hard—Mulkey Has Stiff Session Daily

Billy Gardeau arrived in Salem yesterday afternoon and had a light work-out at the armory last night. He appeared to be in excellent condition and all ready for the bell next Friday night when he meets "Dubs" Mulkey in the 10-round main event of Company F's boxing show.

He will work out again this afternoon at 3 o'clock and the fans will get a chance to see him go. There is a dearth of sparring partners, as Mulkey generally provides all the violent exercise the boys care to take in his evening work-outs and Gardeau will have some trouble getting sufficient boys to spar with him this afternoon. Any of the fellows around town who will be willing to show up at the armory at 3 o'clock will be welcome, and Billy says the bigger the better.

Mulkey went through a stiff session last night. He skipped the rope, shadow boxed, and took on two sparring partners in several torrid rounds. He will work again tonight at 7:30.

Jimmy Anderson of Tillamook is due in Salem today for his six round muss with Phil Bayes' in the semi wind-up. If he arrives early enough he may go five rounds with Gardeau this afternoon. Bayes is working hard every day and is rapidly getting into the well-known pink.

Ed Boatwright and Bill Hunt are working hard for their four-round go, and this bout is looking better every day. Both are rapidly rounding into shape.

There will be two other four-round events on the card.

BROWNS BEATEN BY WASHINGTON

Southpaw Zachary Pitches Airtight Ball in Pinches at St. Louis

ST. LOUIS, Aug. 8.—(American)—Southpaw Zachary pitched airtight ball in the pinches here today and Washington defeated the league leading Browns. Washington won by hitting Davis in the pinches. With New York losing, the Browns retained their lead of one game.

RINGLING BROS. BUY MORE ACTS

Convinced of the circus-goers' demand for the biggest things in trained wild animal acts and educated horses from the experiments made on their 1921 program, the Ringling brothers have imported Europe's foremost displays of this character.

These splendid importations have been added to the main-tent program of the Ringling Brothers and Barnum & Bailey combined shows and constitute the greatest aggregation of educated jungle beasts and beautiful equine actors ever traveled in America.

Twenty specially equipped railroad cars are carried as part of the show trains to accommodate the scores of animals and their attendants. The animals are presented by the European trainers who taught them, and while they are sufficiently numerous to constitute an entire show in themselves, are presented as part of the circus and in conjunction with the other circus numbers.

Five out of the 16 main tent displays will be given over to these newly imported jungle thrash-pians when the big circus exhibit here Saturday, August 26. These displays include two kinds of animals—those performed in steel arenas and those exhibited from the rings, stages and hippodrome track. Four arenas of steel are set up at every performance and at such vantage points as to insure a complete view of their contents from all parts of the tent. In these are shown the most marvelously trained wild animals ever subjugated. All are in charge of the European trainers who taught them the many wonderful tricks which they do.

The actors include entire troupes of polar bears, black-maned African lions, Bengal tigers, leopards and jaguars. These beautiful animals walk upon ropes, pyramid in mixed groups, permit their attendants to place their heads, feet

Sir Tom of Seattle Wins California Yacht Race

BALBOA, Newport Harbor, Cal., Aug. 8.—Ted Geary's wonder boat, the Sir Tom of Seattle, drifted across the line first in the 12-mile sloop race of the Southern California Yacht association regatta here this afternoon. The Angela, the California Yacht club "R" boat, with Ben Weston at the tiller, finished second, far in the rear of the Sir Tom, while the Patricia, owned by Capt. Ron Matland of the Royal Vancouver Yacht club, was third. Lack of wind hampered many of the entries. The morning races were run in a light rain.

A man was found dead at West Palm Beach, Fla., with \$37,000 in his pocket. The name of the paper for which he worked is as yet unknown.

STOCK QUOTATIONS MUCH UNSETTLED

Undertone Strong Yesterday, However, and Most Losses Fractional

NEW YORK, Aug. 8.—Two reactionary periods in today's stock market caused a general unsettlement of prices, but the undertone was strong and most losses were of a fractional nature. Inability of pools to attract an outside following at the higher levels, combined with profit taking and a weakened technical position, encouraged the bear attacks, which were directed principally against the motors, oils and shippings.

Favorable overnight developments regarding the coal strike imparted early strength especially to the stocks of coal companies, and coal carrying railroads, but irregularity developed under heavy selling pressure in later dealings.

Several new highs for the year were recorded in upward movements, notably by Omaha, Chicago and Northwestern, Pere Marquette and Lackawanna railroads, corn products, May department stores, and Detroit Edison.

Weakness of shippings was ascribed to reports of a virtual abandonment of the ship subsidy bill.

Mexican Petroleum fluctuated within a range of nearly nine points, closing at a net loss of six for the day. Royal Dutch, General Asphalt and other foreign oils reacted in sympathy despite the ratification of the Mexican debt agreement, which it was believed would strengthen their positions.

Total sales were approximately 775,000 shares.

Foreign exchange rates were again reactionary on comparatively light dealings.

Call money opened at 2 1-2 per cent and hardened to four in the afternoon. The time loan market continued quiet with little change in rates.

THEY NEED NO RADIOPHONES

American manufacturers of radio broadcasting or receiving devices might just as well pass up the Canary Islands as a market for their instruments, in the opinion of Consul F. A. Henry at Tenerife. There is not a chance, says the consul, particularly on the remote island of Gomera, to compete with the whistling language of the natives. The inhabitants of this island, by use of a system of whistling signals, can convey bits of news and information over considerable distances with great rapidity. The system dates back hundreds of years, says the consul's report, consequently radio telephony is practically unknown.—Commerce Report.
