Garibaldi berch occupies miles of the ocean shore, between Nehalem bay and Tillamook bay. The beach is sandy and level, affording excellent bathing and recreation space. The principal resorts in this grouping are Manhattan beach, Lake Lytle, Rockaway, Elmore park, Saltair, Oceanlake park, Watseco and Bar-

Bayocean occupies a small peninsula south of Tillamook bay and fronts on both ocean and bay. Here is a bungalow city with a comfortable hotel and a spleudid natatorium which attracts wist-

The Salmonberry and Nehalem rivers and their tributaries furnish excellent trout fishing. The streams are fairly accessible from the railroad and accommodations for sportsmen are available at

nine convenient points. The Trask, Wilson and Tillamook rivers, favorite trout fishing streams are reached easily from Tillamook. The Kilchis and Miami rivers are closer to Bay City and Garibaldi.

At the upper end of Tillamook bay and about eight miles from the ocean is the dity of Tillamook. the terminus of the Southern Pacific branch line of railway from Bay City, on Tillamook bay, is headquarters for fishermen and vacationists.

Joyous snappy health is the result of proper foods. Good bread is truly the staff of life. Sixty-five percent of our foods should be the starches as found in the breads and starchy vegetables. Twenty-five percent fats such as milk, sugars, fruit sugars, etc. Ten percent only should be the proteins as meat, eggs, beans and the like.

But many people are using sixty-five per cent of the sweets and fats, twenty-five percent of the proteins and ten percent or less of the bread foods. No wonder we have a nation of dispeptics.
