Tennis Players Lay by Until Injuries Mend

BOSTON, Mass., Aug. 12.—Instead of fighting out their struggle for the Davis cup preliminary honors, the tennis teams of Australia and France went to the movies or nursed ailments today. The postponement until Monday because of rain of the two singles matches that remain of the tournament in which the Australians lead by one match, was satisfactory to both.

GYMNASIUM AT Y ABOUT READY

Fall and Winter Program of Sports Receives Encouraging Impetus

Painters have been hard at work in the Y. M. C. A. gymnasium, putting the walls into presentable condition, laying out the floor plans and marks for basketball, volleyball, handball, and all the other indoor games. The gym has been so thoroughly renovated that it looks like an altogether new place. It will be ready for action Monday.

INDIANAPOLIS, Aug. 12.—

The Y is to have a special boys' secretary, who will relieve Physical Director Boardman of much of the smaller detail and allow him to give more time to the team work with the larger lads and the young men. Even the old men will have more chance than they have had heretofore—the volleyballers, the basketball players, the handball sharks, and all those games of the grown-ups. The real gymnasium season is only about six weeks away. It will open in part with the Williamette university season, and will be in full swing with the Salem high school opening the first week in October.

SENATORS PLAY AT HOME TODAY

Rain of Yesterday Not to Stop Game With Montavilla, Says Manager

Regardless of the heavy rain yesterday the baseball game between the Salem Senators and the Montavilla team of the Portland City league will be played at Oxford park this afternoon, according to Manager Harry Wenderoth. Manager Wenderoth inspected the ball ground last night and found it in excellent condition. The soil at the park is such that it absorbs water like a sponge and is dry in a very short time after the hardest rain.

Evangelical Conference Will Open on August 17

The annual convention and camp meeting of the United Evangelical church for the Oregon conference will open in Quinaby park Thursday, Aug. 17. Several meetings and conventions of the church are included in the group of meetings which will extend from August 17 to 27. The meeting of the Keystone League of Christian Endeavor and Sunday school will open August 17 and continue the rest of the week. The Bible conference follows this, closing August 27. IRISH LEADER DIES SUDDENLY AT DUBLIN

of its greatest fighters for freedom and from the Free State government one of its most courageous leaders. Advocates of both the Republican and Free state movements joined in expressing sorrow. They declared that Griffith's teachings and his works had inspired all Irish leaders and that they would carry on for him. Life-Interesting. Men who were intimate with Griffith before the birth of the Sinn Fein recalled some of the interesting chapters of his life. For many years he edited a newspaper. Often it was suppressed by the British government, but undismayed, Griffith continued its publication, changing its name after each suppression. He continued this for 15 years and his paper had that many names.

ATTENANCE QUOTED

One of his utterances, printed in May, 1918, in a pamphlet bearing the title "The Love Mind," was: "The slave mind has been the bane of Ireland, for it is the very root of the lack of self reliance which has reduced the sturdiest race in Europe—the Gaels—to what they are today. It has destroyed our moral courage, we are Irishmen. Out duty to our country demands us to regain Ireland's national and political liberties, and until England has restored them, England remains Ireland's enemy."

YOUR HUSBAND IS A GREAT HOME-LOVER, ISN'T HE?

"Yes, especially on the evenings we are invited out together."

EXPOSITION FLEET

thin dime; Multnomah pays the last red cent of the bill. It is understood that after that, fair corporation stock will be offered for sale all over the state. The stock itself, if it follows the run of the other big expositions, will be good security to own, for it will pay real money. The incalculable benefits that will come to the state from the hundreds of thousands of out-of-state tourists who will visit Oregon, make the fair look like a business elixir.

Live Wires Coming

A number of the live wires of Portland will be on the caravan staff, as pickets, scouts, sharpshooters, plain and fancy talkers, and "just fellers" with the glad hand and the smile that won't come off. They will be worth meeting.

Pittsburg Gathering Place for Golf Bugs

PITTSBURGH, Pa., Aug. 12.—Pittsburgh was the gathering place tonight for golf enthusiasts, attracted by the Professional Golfers' association title tournament, which will open at the Oakmont Country club Monday. The final round will be reached Friday. Sixty-four professionals, the cream of the United States players and a few from Europe, have qualified and will try to annex the title held by Walter Hagen, the British champion. Hagen, according to word received here, will not defend his title as he is engaged in a series of exhibition matches with Joe Kirkwood. Gene Sarazen, the open champion; Willie Hunter of England; Jock Hutchison of Chicago and other celebrated figures in the world of golf, make up the field.

Silverton Woman Champion Angler of State; Catches Them So Fast Old Fishermen Wonder at Her Luck

By CAREY F. MARTIN
BELKNAP SPRINGS, Aug. 11.—Marion county has the champion trout fisherman of the state, according to the writers of best judgment. Mrs. Morley of Silverton is the person. The Morleys and the Jacks of Silverton are tenting here a few weeks on their way to southeastern Oregon. This champion woman angler goes only a few hundred yards from the camp grounds and in half an hour has a string of the famous McKenzies redsides. In five minutes' fishing one day this week she landed a three-pound redside from the river right at the camp grounds where hundreds of fishermen have been casting all summer.

Half Dozen in Few Minutes

Yesterday in half an hour's fishing just below the hot spring she landed six large redsides and was back in camp during the time it required the writer to get ready to go fishing. Really she can almost catch fish on dry ground. But the secret of her great success is that she studies their habits and can tell at a glance where the trout lie and an expert cast of the fly gets them with such ease that old time fishermen are simply dumfounded.

Rain is Welcomed

A fine rain last night and today has cleared and cooled the air and put down the dust and stopped forest fires. It is still raining as this is written. Extensive road improvements coupled with a long dry season have made these mountain roads a trifle rough but not bad to the average traveler. In fact the longest and roughest detour is less than one-fourth of a mile in length. At another place a new grade for about two miles is not yet rucked and is, of course, very dusty. With the exception two very short detours, the new grade mentioned and several places of a few hundred feet each where re-
