county expositions in the state, and is made a regular feature for many of the attractions that follow any of the fair circuits.

Will Play in Marlon Square—The band concert program that was to have been given at Willson park Friday night, but was postponed because of rain, is to be given Tuesday night, August 15.

at Marlon square. This is the first of these concerts to be given this year at Marlon park. The band has been willing to go there, but the accommodations for the people are not nearly so good. There is not enough grass to provide good seats; there are not enough regular park seats to take care of the crowds adequately, and it is only the one square in extent, whereas the crowds cover more than two squares in the Willson park location. Because of the interruption Friday night the series will run one concert later; it brings two concerts next week, instead of only the one that had been planned.

Printing Plant Moves—The Rowland Printing company started in yesterday to move from its old location upstairs in the Patton building, to the basement corner in the Masonic block. The Moore-Dunn Music company has occupied this place until recently. The Rowland printers have grown steadily, from a one-man shop to a prosperous establishment. They have been adding more equipment, and have other machinery in view that will make theirs an up-to-date plant. They will have their plant running by Monday, August 14.

MacDonald's Farmer Almanac—At Tyler's Drug Store.—Adv.

Spic N. Span Cleaners and Dyers—Formerly the Swiss Dye works, solicits your patronage. 544 State, phone 195.—Adv.

At Methodist Church—Because of the rain that will make the park too wet for a public meeting, the union park service that had been scheduled for Willson park at 4:30 today is to be held in the First Methodist church instead. Prof. Francis Jones, recently from Hing-Hwa, China, is the principal speaker. He will talk on "The Characteristics of the Chinese People." A Salemite who visited in Portland two weeks ago and heard him give the same address, says that he will present a genuine treat to those who attend. Joseph A. Albert will preside. Edwin Payne will be in charge of the orchestra. Miss Esther McCracken will sing. Frank Kinney will be the song leader, and the Rev. Nathan Schwab will deliver the invocation and read the Scriptures. All are invited.

Thirty have already signed up and the Elks' 24-piece band and 30 Elk Chanters will be there to make the Salem organization conspicuous. Stunts are being composed by Art Wallace and Karl Hinges will guarantee a laugh every minute.—Adv.

NEW DRYER WILL SOON BE WORKING

Cunningham Plant of Twenty Tunnels to Handle Part of Prune Output

Work is being carried on steadily to fit the big Bruce Cunningham prune dryer for business by the opening of the season.

The dryer is being built with 20 tunnels, and it is expected to handle a full carload of dried fruit a day. Ordinarily, a "tunnel" will not do that much business, but because of exceptional boiler facilities, the machinery for fans and for mechanical handling, it is expected that this latest of all dryers will establish a new production record.

Finding enough dryer room to care for the record crop of prunes promises to be the big task of the fruit growers. A number of new dryers are being built all along the Willamette valley, and almost every old one is being repaired and in many cases enlarged, to

meet the urgent demand. This big West Salem plant will be a boon to many growers in that neighborhood. Estimates have been made that the prune crop may reach as high as 70,000,000 pounds. The rains of the past two or three days are expected to be good for several million pounds more fruit than if they had not come; and better fruit, too, for it needed the rain to fill it out. Prune drying is expected to begin about the first week in September, all along the valley.

Yakima Traffic Moves Unhindered by Strike

YAKIMA, Wash., Aug. 12.—Five hundred and thirty-nine cars of fruit, vegetables and shoes were moved out of the Yakima valley this week, according to figures of local railroad officials, announced today. In spite of the strike, there was no delay in car movements, they said.
