Legion Willing to Stop Dempsey-Brennan Fight

INDIANAPOLIS, Ind., Aug. 17.—American Legion officials, under whose auspices the proposed 10-round bout between Jack Dempsey and Bill Brennan is scheduled to be held at Michigan City Labor day, will call of the contest if Governor McCray continues to maintain that the affair is illegal, according to a statement issued today by Oswald Ryan, national committeeman of the legion from Indiana.

The legion's organization stands for law and order, Mr. Ryan said, and if the governor decides to prohibit the contest, the legion will comply with his wishes.

However, Mr. Ryan said that the affair was to be a boxing exhibition and not a prize fight.

Cannon is Caustic in Remarks About Heydler

MILWAUKEE, Wis., Aug. 17.—The statement of John A. Heydler, president of the National league, concerning a proposed baseball players' union "is just as anyone would expect, because, of course, he is on the side of the owners of the clubs and is by instinct and interest with the owner," declared R. J. Cannon, Milwaukee attorney and former ball player, who is interesting himself in behalf of a number of major league and other players in organizing a baseball players' union.

Mr. Cannon said today salaries were not the main question and that the public would be shocked if the terms of some players' contracts were made known. He criticized what he termed the fixing of salaries by club owners and the barring of players from organized baseball who do not accept such terms.

SARAZEN MAY GET TWO SILVER CUPS

Final Round With Ernest French of Youngstown Stands Between

PITTSBURGH, Aug. 17.—(By the Associated Press.)—Two cups of silver—one emblematic of the national open golf championship and the other representative of the national professional title—will rest side by side on the trophy shelf of Eugene Sarazen if he is successful in the final round of 36 holes tomorrow with Ernest French of Youngstown, Ohio. The youthful instructor at the Highland country club of Pittsburgh flashed his smile of victory as the gallery that almost surrounded the 16th green late today paid him tribute of applause after he had won his semi-final match from Bobby Cruikshank of Westfield, N. J., 3 and 2.

A half hour before Gene won his match, French had taken an uninteresting contest from John Golden of Tuxedo, N. Y., 8 and 7.

"You did it Gene; I wish you luck," said Cruikshank. A moment later the boy who started as a caddy was surrounded by a happy crowd in which sport skirts predominated.

Sarazen's victory was well earned. In the morning he not only duplicated the low medal score of the tournament—69, made by French—but he shot the first nine holes in 32, the course record.

"Hot Stuff," Says Jack, "Oh Boy," Says Brennan

MICHIGAN CITY, Ind., Aug. 14.—Regardless of the blazing heat and the announcement of Governor McCray that their Labor day fight would not be permitted, Jack Dempsey and Bill Brennan today continued training. Dempsey boxed five rounds while Brennan worked four.

Dempsey boxed two rounds each with Jack Thompson and Jack Taylor and one round with Joe Benjamin. Brennan worked two

rounds each with Kid Norfolk and Panama Joe Gans. Then he shadow boxed and punched the bag for ten rounds.

"Hot stuff," said Dempsey. "Oh boy," said Brennan. Then they called it a day and went swimming.

Wills Signs Agreement To Fight Champion

NEW YORK, Aug. 17.—Less than an hour after the state athletic commission today had granted the application of the Republic Athletic club for a license to conduct boxing matches at the Polo grounds, John M. O'Connor, president of the club, announced he had received Harry Wills' agreement to meet Jack Dempsey in a 15-round bout to a decision for the world's heavyweight title.

The agreement calls for an October match, preferably the 12th, to be staged in the ball park. Plans filed with the athletic commission showed that the park would seat 65,000.

SEATTLE, Wash., Aug. 17.—Jim Middleton, crack right hander of the Portland ball club is manager, succeeding Al Demaree, forced out by a decision of Judge Landis, baseball commissioner. Appointment of Middleton for the rest of the year was announced here today by Fred River, business manager of the Beavers.

Middleton is held in high esteem by his team mates. He joined the club this year. The Toledo club in the American association tried in vain to buy him from Portland to make him manager.

PRESIDENT TO GIVE MESSAGE TO CONGRESS

emergency which would authorize the recruiting of the army to war strength, or to allow the drafting of men in time of peace. While no such action was contemplated, Mr. Weeks said the opinions were asked from the judge advocate general to settle any doubt in the minds of officials and the public as to the power of government.

Both the senate and house were in session today ready to hear the president, but the house adjourned when it became known that he intended to delay his presentation another day. Representative Ward, Democrat, North Carolina, introduced a bill to give the interstate commerce commission wage fixing authority in railroad employment and providing a system of making public wage rates similar to that now operative for new freight schedules.

Chiefs Meet Once More.
NEW YORK, Aug. 17.—(By Associated Press.)—Railway executive and brotherhood chiefs today wrestled with the problem of settling the shopmen's strike and then adjourned until tomorrow without scoring a fall.

Tomorrow, while President Harding is expected to appear before congress with a message on the rail situation, the conferees will reassemble in an effort to come to grips on the slippery question of seniority.

Today was a day of conferences—among brotherhood chiefs this morning; between brotherhood chiefs and executives this afternoon, and between brotherhood chiefs and shop crafts officials this evening.

The first gathering, over which Warren S. Stone, head of the Brotherhood of Locomotive Engineers presided, was called for the ostensible purpose of framing a concrete program to be submitted to the executives. The brotherhood men, who made it plain that their position was solely that of mediators, went into the afternoon parley without breathing a word of the proposals for a strike settlement which they were believed to have drawn.

But if the train service men were silent, representatives of the striking crafts gathered to await the result of the conference, made it plain that they did not believe any proposal would be made by the running trades which would include a sacrifice of their seniority rights.

A committee representing the

executives headed by T. DeWitt Cuyler, chairman of their organization, lunched together and then went to the conference chamber where they awaited the arrival of the mediators. At 2 o'clock the conference was on.

Two hints of what had transpired escaped.

First, the executives sent for files containing decisions of the railroad labor board in which that body, in rulings bearing on other strikes, had directed that strikers should forfeit seniority rights. This was taken to indicate that the question of seniority, which had figured so prominently in the two efforts by President Harding to end the strike, had bobbed up again. The second hint was obtained from J. K. Kruttschnitt, chairman of the board of the Southern Pacific, who leaving the conference shortly before it adjourned, indicated that little progress had been made.

Grand Ronde Indian Runs, Into Legal Toils at Dallas

DALLAS, Or., Aug. 17.—(Special to The Statesman.)—Larney Tom, an Indian from the Grand Ronde reservation several miles northwest of this city, was gathered in by City Marshal O. P. Chase Wednesday afternoon in an intoxicated condition.

Tom came to Dallas early yesterday morning and parked his car on the sidewalk on North Main street, where he left it and is said to have tanked upon some squirrel whiskey he brought with him. When found he had about half a gallon of the liquor left and was unable to navigate. He was confined in the county jail until today when he was taken before Justice of the Peace Baker at Independence. Judge Ed F. Coad of this city being away on his vacation.

Two charges were lodged against Tom, one for driving a car while intoxicated and one for driving without a license. Papers found on him at the time of his arrest showed that his driver's license had been suspended and that he had just paid a fine in Sheridan for being drunk.

COAL SHORTAGE NOT EXPECTED

(Continued from page 1.)

by congress will be necessary to enable federal price control temporarily and to facilitate distribution of anthracite and to supply needs of the northwest.

Prices To Be Adjusted.
"With the resumption of mining," he said, "the price situation will be quickly over. While there will be some control of prices and distribution temporarily, the matter will quickly adjust itself."

Collapse of the fair price agreements made with producing operators, however, when the union mines resumed production, was indicated by Mr. Hoover. There would then be 75 to 80 districts, he said, to hold in line as to prices by voluntary means which would be an "infernal machine."

Nevertheless, Mr. Hoover de-

clared, the results of the fair price agreements thus far have constituted a "remarkable showing" with 70 per cent of the coal, now moved being handled under established maximums of from \$2.25 to \$2.75 a ton. Difficulties in the price situation, he asserted, arose from the other 30 per cent which gave rise to the charges of profiteering while operators observing the agreements were passing up from \$8 to \$10 on every ton sold.

State to Have Hand.
Emergency price control legislation, which, it is understood, President Harding will suggest in his message to congress tomorrow would apply only to coal moved in interstate commerce, in the opinion of the secretary.

State authorities, he believed, would have the power to regulate coal prices during the emergency, especially if the federal government, acting nationally gave the states the framework to build on. He advanced the opinion that the federal government could control prices charged by operators for coal in interstate commerce and could "deliver coal over the state line at fair prices," after which the price problem would become one for the states.

Settlement Predicted.
PHILADELPHIA, Aug. 17.—Optimism prevailed among leaders of miners and operators directly interested in the anthracite coal situation following the first session of the joint conference which is expected to result in a settlement of the strike and send 155,000 men idle since April 1 back to work. The operators have announced they could return at the old wage scale.

In a statement given out after the conference had adjourned until tomorrow John L. Lewis, president of the United Mine Workers, and Samuel D. Warriner, spokesman for the operators, said there apparently was a "sincere determination on both sides to effect a settlement" if at all possible, but that it was necessary that the union officials and the operators hold conferences between themselves before further progress could be made. The meeting was said to have been marked by the friendliest of feeling. It was chiefly taken up by preliminary discussion.

Both Mr. Warriner and Mr. Lewis appeared enthusiastic over the prospect of peace.

Neither, however, would say what their intentions were, but indicated they were anxious to confer with their respective sides so as to be able to go into tomorrow's conference with a definite program.

Some persons in close touch with the situation predicted that an agreement would be negotiated not later than Saturday and that the men would be back in the mines in a week or ten days.

It is announced that the Socialists of California will push Upton Sinclair for the United States senatorship. Now there is one man that Hiram Johnson ought to be able to beat.—Los Angeles Times.
