## JOHNNY DUNDEE EASY WINNER

### World Junior Lightweight Title Successfully Defended by Italian

NEW YORK, Aug. 28.—Johnny Dundee, veteran Italian pugilist, successfully defended his "world junior lightweight title" tonight, receiving the judges' decision after a 15-round contest with Vincent "Pepper" Martin of Brooklyn.

In the first round Dundee sent Martin to his knees with a sharp left to the chin. Martin was wild and missed often at the speedy Italian danced about him, rushing him to the ropes twice and again.

They were in a series of vicious exchanges in the second, Dundee landing cleaner and oftener.

They both jumped and danced in the third, exchanging heavy punches to the jaw.

The fourth was another series of hard exchanges, Martin holding his own in the punching. He was made to miss often, however, by the wily Italian.

Martin adopted the Dundee tactics of jumping and dodging in the fifth and clipped Dundee with hard lefts to the chin several times.

Martin shook the Italian in the sixth with hard rights to the jaw. They slowed down in the seventh and after Martin had shaken Dundee with a right uppercut, the Italian launched a two-handed assault to the head.

Dundee started a punching bee in the eighth and Martin responded willingly. It was about an even exchange.

There was little heavy action in the ninth.

## YANKS INCREASE LEAD IN LEAGUE

### Browns Are Beaten in Thrilling Eleven-Inning Pitchers' Battle

NEW YORK, Aug. 28.—(American)—The New York Americans increased their lead over St. Louis to a game and a half today, defeating the Browns in a thrilling 11 inning pitchers' battle. The victory gave the Yanks three games out of the four game series.

The game remained deadlocked until the eleventh when Dugan led off with a single. Ruth fled to the infield but Pipp's hot single past Sisler, advanced Dugan to third. Schang was intentionally passed and Meusel drove out a sacrifice fly to Tobin which was so deep that no effort was made to get Dugan at the plate. The game was perfectly tied by both sides.

## LIONS LISTEN TO TOOTH TALK

### Learned Lecturer Proves Interesting at Weekly Luncheon Yesterday

A lecture on teeth ought to be especially appropriate in a Lions' club meeting for teeth next to a long, lashing, tufted tail and long claws, are a lion's best stock in trade. The Salem Lions listened to such a talk Friday from Dr. Lloyd R. Haight of Spokane, a visiting Lion from the Spokane jungle.

"The goblins'll get your teeth if you don't watch out," was the substance of his address, and a toothless lion is about as grotesque as a Hamlet with neither ham nor ghost. The goblins, of neglect, of distrust in the efficacy of dentistry to save the teeth, of carelessness in the face of certain loss of toothly efficiency, the disregard for appearance that will one day spoil the most loquacious countenance when the teeth become snaggy and gappy and aching like the Dickens, all these are as sure as taxes for the person who does not look after his dental apparatus.

Neglect of little intertooth decays, that let one tooth crowd over against another and then leave gaps on the other side, are common sources of infection for pyorrhea where the gums are left exposed on the open side. Teeth go crooked under neglect. "Teeth die the same as any other form of life," said the speaker. "Most cases of abscesses of the teeth come from deadened nerves that taken away the life of the tooth, and leave it a dead creature in the jaw, like a sliver or a wound. The teeth need their nerves to keep them alive. The way to keep good teeth is to have frequent and regular inspections of the teeth by a competent dentist, and then do what he advises. It will cost far less in money and infinitely less in suffering and ill health to have this work done by your trusted dentist, than to neglect it and then pay the ultimate price."

The club is continuing its drive for new members, and expects to bring a goodly number of roaring, lion-fanged meat eaters in the near future. Boss Lion Ed Chastain stated at the Friday luncheon that the average age of the Lions' membership is 17 years younger than the average Rotary club, but they're not going to pass by any good oldish man whom they could pep up a little and make him roar in their concerts and pick bones with his name grown teeth.
