RICHARDSON IS STILL LEADING

Margin Over Stephens Reduced But Still is Comfortably Large

SAN FRANCISCO, Aug. 31.—Belated returns from remote precincts and several revisions operated late today to reduce the margin of Friend W. Richardson over Governor William D. Stephens for the Republican nomination for governor in Tuesday's primary, but left it, like those of the other candidates previously leading, comfortably large.

The figures: For Senator: Republican nomination, 6049 precincts: Hiram W. Johnson 291,629; Charles C. Moore 221,314. Johnson's lead 70,315. Governor, Republican nomination, 5,981 precincts: Friend W. Richardson 258,254; William D. Stephens 246,370. Richardson's lead 11,884. Governor, Democratic nomination, 4,784 precincts: Thomas Lee Woolwine 51,274; Mattison B. Jones 29,724. Woolwine's lead 21,550. Chief justice supreme court, 524 precincts: Curtis D. Wilbur, 249,041; William P. Lawler, 217,292. Wilbur's lead 31,749. Lieutenant governor, Republican nomination, 5134 precincts: C. C. Young 212,868; Joseph A. Rominger, 125,431. Young's lead 87,437. State treasurer, Republican nomination, 5134 precincts: Charles G. Johnson 148,679; John T. Millan, 110,306; Walter Brinkop, 81,313. Johnson's lead 38,373. The state has 6695 precincts, but in many counties the semi-official count stopped entirely today and complete returns from them must wait until the official count.

In the senatorial fight, today's returns showed one more county to have gone into the Moore column, giving him a lead in five counties in all.

This county was Inyo, but its Moore majority was only 15 out of about one-third of the precincts. Los Angeles today reported a margin of 12,847 for Moore, while in San Diego he was 401 ahead of Johnson. Moore's lead in Santa Clara was 109, in Kings 531.

The rest of today's returns showed little proportionate change in Johnson's majority.

Johnson's opponents in November will be W. J. Pearson of Los Angeles, Democrat; Upton Sinclair of Pasadena, Socialist and H. Clay Needham of Newhall, Prohibitionist. They had no opposition at the primaries.

Thomas Lee Woolwine maintained his big lead over Mattison B. Jones today for the Democratic nomination. Richardson, Woolwine and Alexander Horr of San Francisco, the Socialist nominee, will be the three to contest for the governorship in November.

Fannie Rodgers Gets \$600 McGilchrist and Ferguson \$300 Each

Fannie May Rodgers of Albany was yesterday awarded \$600 and Wm. McGilchrist, jr. of Salem and C. McNary, president of the Rotary club; Mrs. LaMoine R. Clark, president of the Salem Woman's club; J. C. Perry, president of the Commercial club;

PRUNE DRYER IS RUSHING SEASON

PRUNE DRYER IS RUSHING SEASON

One Plant Reported in Operation South of Salem— Rain Beneficial

Word has come to town that one prune dryer is already in operation, south of Salem. So far as known, this is the first to start and it is rushing the season far ahead of the average evaporating plant.

One of the prominent prune handlers of the valley said Thursday night that the rain of this week is worth an immense sum to the prune crop. The fruit needed rain to fill out and mature the crop. Where the orchards have been well tilled, preferably with a good plow-under cover crop to add humus to the soil, and then a good dust mulch kept for the summer, the trees are dark green and exceedingly thrifty. The cultivation for the past two years shows positively in the color of the foliage and the strength of the growing crop.

Some wonderful growth has been recorded in many young orchards that were well cared for. Single shoots were measured this

week that have grown fully six feet in the one season. They have grown almost as rapidly as the English walnuts, which are themselves almost as rapid in growth as a poplar. The young trees, of which there are many hundreds of acres in the hills south of town, are almost without exception thrifty and of wonderful promise.

The WESTERN FURNACE

is made of cast iron (not sheet iron)

As a heating machine it is superior to the lighter constructed furnaces just the same as is true in regard to heating stoves. Nobody expects to get the same service from a sheet iron heater that they can get from a good cast iron heater.

The Western cast iron furnace heats quickly and carries the heat evenly. It is easy to regulate and takes a small amount of fuel. The large oblong fire box appeals to all who see it. If you want a pipe furnace let us figure with you as the number of registers makes some difference in the price.

We install both pipe and pipeless furnaces under a guarantee to satisfactorily heat your home. We have replaced other furnaces with the western and made a big saving on fuel used in the other furnaces.
