"The Black Panther's Cub," the first super-special screen production to be made by W. K. Ziegfeld for the Ziegfeld Cinema Corporation, which is the feature of the program at the BLIGH theatre this week, is remarkable for many things: for its brilliant and lovable star, Florence Reed, for its truly ideal casting, for its well-nigh perfect direction of Emile Chautard, for the nicety of detail given it by the producer, Mr. Ziegfeld, and for the forcefulness with which its theme has been presented by Ethel Dono-

### FLORENCE VIDOR in "DUSK TO DAWN," A King Vidor Production

"Wolf" is delightful summer entertainment. It is a positive antidote for hot weather. Edith Roberts, late star of Cecil De Mille's "Saturday Night" is Chook-Ra. Wheeler Oakman, and many other favorites are in the cast.

Norma Talmadge's latest starring vehicle, "Smilin' Through," is coming to the GRAND Theatre on Saturday for an engagement of two days.

Advance reports state that this is the most ambitious production yet made by Norma Talmadge. It is an adaptation of Allen Langdon Martin's stage hit of the same name in which Jane Cowl appeared on the speaking stage. Appearing opposite Miss Talmadge are two leading men, Wyndham Standing and Harrison Ford, and a splendid supporting cast, including Alec B. Francis, Glenn Hunter, Grace Griswold, Miriam Battista and Eugene Lockhart.

"Nice People," a William de Mille production featuring Wallace Reid and Bebe Daniels, is winning praise at the OREGON Theatre this week. It's a beautiful picture.

Harold Lloyd in "Grandma's Boy" just closed its Los Angeles record run, in the 18th week. It must be some film as it has hung up records all over the United States and it is expected that it will break the record in Salem when it is shown during Fair Week.

More than 18,000 people paid to see Harold Lloyd in "Grandma's Boy" at the New York Strand Theatre on Labor Day.

**Westerners for Bill**  
The house vote on the first passage of the bonus last March 23, was 333 to 70, or 4.75 to 1, as compared with 4.77 to 1 today. The senate vote today compared with 47 to 23, by which the meas-

ure was first passed on August 31.

Most of the house votes to sustain the president were cast by members from eastern and southern states, with western delegations voting almost solidly for the bill.

There were two changes in the senate, Senator Cameron, Republican, Arizona, who voted for the bonus originally, voting to sustain the veto, while Senator McKinley, Republican, Illinois, who was announced as favorable to the bill on the first vote, was paired against.

**Receive Result in Silence**  
There was only brief consideration of the measure in the house. In calling up the bill, Mr. Mondell said it had been considered for a long time and that further debate was not likely to change a single vote and was unnecessary. Mr. Garrett asked that there be an hour's discussion, but after cries of "vote, vote," from the Republican side, the majority leader moved the previous question and the roll call was ordered.

Announcement of the result of the voting was received in silence by both the membership and the fairly well filled galleries. The same was true in the senate.

## WHEAT TAKES WHIRL UPWARD

### Increased Anxiety About War Possibilities Brings on Busy Session

**CHICAGO, Sept. 20.**—Increased anxiety about war possibilities gave the wheat market a new whirl upward today, especially during the last hour of the board of trade session. Closing prices were strong at nearly the topmost level reached, with December \$1.02 1/2 to \$1.06 1/2 and May \$1.11 to \$1.11 1/2.

Corn gained 1/4 to 1 1/2 to 1 1/2 cents, and oats 1 1/2 to 1 1/2 cents. In provisions the outcome was unchanged to 15 cents higher.

In later dealings wheat buying was further stimulated in connection with reports of the militant attitude of the Turks as to achieving their objects both in Europe and Asia. Meanwhile, seaboard points on this side of the Atlantic advised that a good export demand for wheat in nearby positions was apparent and that there seemed to be extensive shortage of wheat readily available to fill September contracts at Liverpool.

Domestic receipts showed a falling off through the southwest in particular. Broader demand was evident for corn and oats. European purchasing of both cereals was noted. Provisions averaged higher in line with grain and hogs.
