

### PRATUM SEAT OF TWO CONVENTIONS

Hayesville District Sunday School Association Will Meet Today

Two interesting conventions are to be held at the Mennonite church in Pratum within the coming month. The first is to be the Hayesville district Sunday school convention today, September 24. The Hayesville district at one time was claimed to be the largest and most progressive rural organization of its kind in the world. It now has some other good competitors, even in Marion county, but it still ranks as one of the leaders. Mrs. Arthur Beardsley

These affiliates with the state Sunday school convention, which meets at Portland, October 11 to 12. Those who wish to go with lodging and breakfast furnished them, are requested to send word to Fred DeVries, phone 23F11, who will send in their names.

The second Pratum convention is the Marion County Christian Endeavor association, which meets at the Mennonite church, October 22.

The Southern Pacific will meet the reduced fares announced by the Oregon Electric line, which range from 10 to 20 per cent below existing fares.

"If the motor stages cut under our schedule," said W. D. Skinner, traffic manager for the Oregon Electric and allied lines, "we will meet their cut."

#### Father of Loganberry To Be Honored at Fair

Oregon will honor Judge J. H. Logan, inventor of the loganberry that carries his name, when he comes to the state fair next Thursday, as the guest of the Webfoot state.

He is to arrive on Thursday, from his home in Hayward, Cal., and he may have a chance to see the fair formally and as a private citizen with no handle to his name. He is to be taken to the grounds by a notable escort. The cavalcade is to be met at the fair grounds gate at 11:30 and he will be escorted to the big new band stand near the stadium, where there will be fitting reception exercises. Bert Johnson, of Corvallis, president of the State Horticultural society, will preside, and Governor Olcott is expected to introduce the judge, who is to respond as he chooses. At 8 o'clock in the evening, a banquet is to be tendered the distinguished visitor, at the big dining room of the First Christian church on the grounds. Judge Logan and others will make addresses.

#### DRY WEATHER BRINGS DALLAS WATER SHORTAGE

DALLAS, Or., Sept. 23.—(Special to the Statesman)—The Dallas water company has notified the citizens of Dallas that owing to the extremely dry season and the large number of prune dryers in the city which are now in operation, and which use a large amount of water, the water supply has diminished to such an extent everyone is asked to use as little water as possible and irrigation should be discontinued until after the fall rains set in. The water supply has been ex-

ceedingly good this season until the present time and were it not for the amount used in the dryers there would still be ample water for family use and irrigation.
