PROPOSAL OF PEACE GIVEN BY INVADERS

Mudania Conference Believed to Have Brought About Terms on Which Peace May Come.

OPPOSING FORCES OUT OF GUN RANGE

Allies Have Agreed to Turn Thrace Over to Turks Within Thirty Days

CONSTANTINOPLE, Oct. 4.—A message from Athens says that the Greek government has ordered general mobilization of the classes of 1917 and 1918. It also has cancelled all leaves.

CONSTANTINOPLE, Oct. 4.—(By The Associated Press)—The Mudania conference, it is understood this evening, probably will reach an agreement on all points of the Turkish proposals upon which M. Franklin-Bouillon secured Kemal Pasha's pledge to suspend military movements during the negotiations, with the exception of the provision relating to the occupation of the western line of the Maritza river by allied troops.

Argument on this point is still proceeding. The allies have agreed to turn over Thrace to the Turkish army in thirty days. News received this evening that M. Franklin-Bouillon, the French envoy, and Hamid Bey, nationalist representative, had decided to return to Constantinople from Mudania immediately, strengthened the hope of the success issue of the conference.

The delegates agreed this afternoon to establish a different line of demarcation between the British and Kemalist forces in the Chanak zone.

The space between the opposing forces will be sufficient to place them out of rifle shot, thus lessening the danger of immediate conflict.

- The Turkish conditions referred to in connection with the probable agreement in the Mudania conference are as follows: 1.—Formal guarantees concerning the evacuation of Thrace. 2.—Establishment of allied garrisons in the larger towns of Thrace. 3.—Occupation of Thrace by Turkish Nationalist gendarmerie. 4.—Transfer of the civil administration of Thrace to Kemalist functionaries. 5.—Evacuation of Thrace within eight days by the Greek army. 6.—Occupation of the westerly line of the Maritza river by allied troops.

Lightning Flopping From Tree to Antenna Causes Oregon City Fire

OREGON CITY, Or., Oct. 4.—During a terrific electrical storm Tuesday night a bolt of lightning struck the top of a tree where a radio antenna had been arranged at the home of Mr. and Mrs. Harry Bond of Meldrum, Or., according to word brought today. A short circuit caused from the antenna and the electric wire crossing set fire to the Bond home. Mrs. Bond found the curtains and shades ablaze. She managed to extinguish the flames but not until the walls were badly damaged. The home of Mr. and Mrs. Mort Parks, close by, also had a narrow escape, and crossed wires played havoc in their house.

DOUBLE EXPLOSION WIPES OUT MOVIE OUTFITS IN SOUTH

SAN FRANCISCO, Oct. 4.—Ten persons were injured in a double explosion and fire here tonight. Several film exchanges were wiped out, and property loss running into thousands of dollars was suffered. The explosion caused by chemicals in the basement of a film exchange, shook buildings for several blocks. In the Granada theatre, across from where the explosion occurred, the audience was thrown into a near panic, but no one was hurt. Two firemen were reported seriously injured.

Immense Throng of Over 36,000 Witnesses First of World Series

NEW YORK, Oct. 4.—The unconquerable spirit to keep on trying when success doesn't come at first, carried the New York national team to a smashing victory this afternoon in their clash with the New York Americans for the 1922 title of world baseball champions. The score was 3 to 2.

To overcome a 2 to 0 lead that the Yanks had acquired, the Giants, turned back in all their previous assaults upon the American leaguers' defense, crashed out four singles, on right after another in the eighth inning and then crowned their furious attack with a sacrifice fly. The four hits crushed Joe Bush, the Yank speedball pitcher, and tied the score. Waite Hoyt succeeded Bush, and on his fourth delivery gave the sacrifice fly which scored the deciding run of the game.

WOMAN IN NEED LOSES HER MONEY

Local Case Worthy of Charity Reported by Dr. Henry E. Morris

The money which was to go toward paying bills contracted by illness and for the general expenses of her family of 5 children, was lost Monday by Mrs. Cora Cox, 1245 North Capital street. The oldest of the five children is 11 years and the youngest only two months. The husband and father died several weeks ago.

MEUSEL COMES HOME

In the next inning the Yanks got their second run. Bob Meusel singled past Heinie Groh. Walley Schang laid down a bunt to push Meusel along to second, but before the Giants got through playing with the bunt, he had reached third. Nehf, in picking up the soft tap that Schang laid in front of the plate, decided to try to catch Meusel at second instead of being satisfied with the out at first. He threw wild and the ball went past the second baseman and into the right field. There it was fumbled by Young. This lapse permitted Schang to reach second while Meusel went to third. Aaron Ward then lifted a fly almost to the center field bleachers and Meusel trotted home.

THE WEATHER

PRAIRIE FIRE OBLITERATES THREE TOWNS

Wide Area in Northern Ontario is Swept by Conflagration

TORONTO, Ont., Oct. 4.—At least three mining towns have been wiped out by forest fires burning over a wide area in northern Ontario tonight. Trains and telegraphic communications from the district which is an isolated section north of Cobalt, have been interrupted, but as far as can be ascertained, no loss of life has occurred in the more known populous centers.

The towns known to have been burned are Halleybury, North Cobalt and a smaller mining settlement in a group of towns lying north of these. Unconfirmed reports state that Englehart also has been burned.

Trains due from Englehart and Cochrane have failed to arrive, and fears are entertained for these two towns. The mining settlements of Heaslit and Elk Lake also are in the path of the main fire.

NEW BRUNSWICK, Oct. 4.—A mystery car with three occupants—two men and a woman—was added today to the conflicting maze of clues among which Middlesex and Somerset county authorities are groping in their efforts to apprehend the slayers of the Reverend Edward Wheeler Hall and his choir leader, Mrs. Eleanor Rheinhart Mills.

A. E. Soper, retired business man of Highland Park, came forward with a story of this car. Nearly three weeks ago on the night of the murders, Soper told the authorities, he passed a sedan in Derussy's lane, close to the spot where the bodies were found. He turned his searchlight on the car, he said, and observed that it contained two men and a woman. Although he failed to recognize any of the trio, he said, he observed that the woman wore a light coat.

NEW MORTUARY TO BE BUILT

Webb & Clough Will Erect Structure at Church and Ferry Streets

Webb & Clough, undertakers, are to have what is said to be the first undertaking parlors in Marion county, and the third in Oregon, planned and built exclusively for that line of business. The contract has been let for the building of a \$20,000 mortuary at the southwest corner of Church and Ferry streets. It is to be of hollow tile and stucco construction, two stories high, with full basement, and is 61 by 72 feet in size. Equipment all Modern. It will have elevator, garage, quarters for a permanent attendant, and is entirely off the car line and away from any main, noisy street. The route to the Salem cemeteries will go straight south on Church street, and does not touch the business portion of town, where there is always a congestion of traffic.

DEMONSTRATION IS STAGED IN STREETS BY STUDENT THROG

Changes in Courses, Curtailing of Credits and Suppression of Activities Cause of Resentment—Resolution to be Presented From Youths at Next Meeting—Youel Issues Statement

SILVERTON, Ore., Oct. 4.—(Special to The Statesman)—All but four of the students of the Silverton high school joined in a public demonstration on the streets of Silverton this afternoon to show their dissatisfaction at the turn of school events this year. At a quarter before 1 o'clock the student body met at the intersection of Park and First streets, forming a line and marched two and two up to the business section of Silverton. The students secured the permission of Mayor Eastman and Chief of Police Thomas to hold the meeting on Main street between Water and First streets. Student body President Almond Balch first spoke, explaining the cause of the demonstration.

The immediate cause of the meeting seemed to be the fact that the school board would not ratify the student body. The school laws require the consent of the school board before a body of students can collect money. The board would not pass a motion to this effect. This would then do away with all student body activities. It is said the athletic organizations were particularly incensed as this would not permit them to enter any games in the name of the high school.

Donald Hutton, Ray McKee and Edwin Taylor each gave a talk. At the conclusion of the meeting a resolution was drawn up by the students and read as follows: Text of Resolution. "We, the students of the Silverton high school hereby respectfully petition the school board of this district to adopt the attached course of study for the year 1923-1924 and further petition that as a student body be allowed to carry on our student body activities and accept contributions from students who are willing to pay."
