

### PROFESSOR KRAPS IS LAID TO REST

Prof. J. T. Matthews Delivers Funeral Sermon for Prominent Educator

A large number of friends attended the funeral of the late Prof. J. T. Kraps Saturday morning at the Rigdon parson. Professor Kraps had been in educational work in and near Salem

for many years, and had a wide circle of friends who could never forget his kindly interest in them during his lifetime.

The funeral address was by Prof. J. T. Matthews of Willamette university, who was for a long time an associate of Professor Kraps in educational work. It was a splendid tribute of an appreciative friend and neighbor to the memory of one worthy of the highest record.

Professor Kraps taught school in this part of the state back in the days when wages were low. He presided over the Central Howell district school when the district paid him only \$25 a month. Later he took up normal school work, directing his efforts to the preparation of teachers for their life vocations. He was a man of infinite devotion to his task. No teacher ever got by him without actually knowing the subjects thoroughly. Old-time teachers tell of the patience with which he would go over every knotty problem. One teacher told Saturday of how some of the teacher students have even cried over their inability to grasp the essential points, but in the end the instructor's ability to make matters clear, brought them through triumphantly. Profes-

or Kraps was reckoned as one of the ablest educators in the state and certainly one of the kindest.

He had reduced much of his teaching code to textbook form, until the publication of these books came to be a bigger item than the actual teaching. However, he had planned to take up his normal again during the past summer, but his health broke under the strain and he had to give it up.

He was a soldier in the Civil war and a member of Sedgwick Post G. A. R. The post attended the funeral in a body to pay their last respects to a most worthy comrade.

#### TURNER NEWS

TURNER, Oct. 7.—The Turner public school opened October 7 with an enrollment of 109, 42 of whom are in high school. Outside districts are well represented, Marion having sent 11 pupils.

Pearl Hussler of the Turner Tribune and his managing editor, R. D. Gray attended a banquet to the newspaper men of the state at the Albany hotel Wednesday evening.

Keith Roberts, now an official contender, was in this neighbor-

### POWER PLANT IS NEARING FINISH

New Unit of P. R. L. & P. Co. Soon to Be Ready for Operation

Practically the last brick was laid on the walk of the power house for the big Portland Railway Light & Power company plant Saturday. The roof is on and the monitor windows are ready to be put into place. Part of the concrete floor of the station was laid yesterday, and a considerable larger area will probably be cleared for floor-laying today.

The huge turbine and generator are mounted and practically ready for the steam to be turned in. There is considerable work yet to do in placing the lighter machines in the plant, but with the floor cleared, the great traveling crane will pick up the heaviest of these machines and set it as lightly as a feather just where it is to go.

The switchboard will be set in place within the next few days. The wiring is all carried under the floor in pipe conduits, so that there will be small danger from wire burns.

The water tube boilers have been all bricked in, the fire-brick furnaces have been finished, and except for the installation of the automatic fuel feeding devices, the fires might soon be started under the boilers. The smoke disposition plant, however, has not yet been completed. The workmen are now riveting the smoke conveyors into place to carry all the combustion products to the smoke condenser and cinder cone that eliminates the smoke evil practically altogether.

The "hog" fuel is to come in from the railroad on Trade street by belt conveyor. The trestle for carrying all this apparatus is now being built and will soon be finished. The boiler house walls are still waiting construction. There is a considerable quantity of brick yet to lay for this portion of the plant.

It is expected that the plant will be ready for operation in less than 30 days. The boiler

hood last week and Wednesday night was initiated in the Rebekah lodge.

Miss Hazel Bear is driving back and forth every day to her work in the Washington, Jr. high at Salem.

Mrs. I. H. Small is home from Coquille, where she was called because of the death of her nephew, Delos Cole.

house is the largest item that would be seriously affected by a rainy spell. Much of the inside finishing is already beyond the reach of rain.

### Kenneth Allen Sings With Whitney Chorus Oct 11

At the Portland Municipal auditorium, October 11, Kenneth Allen, son of Mr. and Mrs. W. G. Allen, will be featured on the program at the concert of the Whitney Boys chorus. Kenneth has been a member of the chorus for more than a year and is recognized as one of its finest singers. His voice is of such purity that he was one of the nine of the Whitney organization to be chosen for private vocal instruction. Critics of note have said that Kenneth had a voice more pleasing than any other boy's voice they ever heard. It is interesting to note that this young singer, 13 years of age, was recalled repeatedly in Vancouver by the largest audience ever assembled in that city since the World war, when he sang "The When" by Lehman. At the concert, Kenneth will sing "The Swallow" by Dellacqua.

"Kenneth has always been fond of singing," stated Mrs. Allen, "and when he was nine years old, he would listen to records by Gal-

### FRENCH MANEUVERS.

The French are still keeping up the war game and will be prepared for eventualities in case the Teuton race ever again crosses the Rhine. In the maneuvers just held the tanks played an important role. The photograph shows them preparing to unload in readiness to repel the Red or invading army.

li-Curel and Farrar, afterwards to imitate them when about his play. He never has had to be driven to his practice."
