Game Listless at Corvallis Yesterday—Tucker Gets Thrilling Run

CORVALLIS, Or., Oct. 14.—In a listless game the Oregon Aggies eleven defeated Pacific university here today by a score of 3 to 0. PENNANT IS WON BY FRISCO TEAM

First Since 1917 is Credited to Miller in First Year As Manager

SAN FRANCISCO, Oct. 14.—The San Francisco club won the 1922 Pacific coast league pennant by defeating Oakland today in the first game of a double header. The game went ten innings and the score was six to five.
 The Seals can now lose all of the three remaining games and still hold the pennant with the Vernon club second in the race. This is the first pennant the San Francisco team has won since 1917. Jack (Dots) Miller, in his first year as manager, is given credit for having the club win the pennant.
 Players on the San Francisco team will split \$6,000 which was offered by the league to the team finishing first. The Vernon Tigers will divide \$4,000 offered to the second place team. All other teams in the league except the tail enders will receive a bonus.
 Wonder who will "give away" the former kaiser when he marries that blooming German widow with five hostages to fortune? But possibly he has already given himself away. The verdict of the world seems to be along that line.

(Continued from page 1.)
 "The problem of tax reduction is mainly a local one, up to the people of the various taxing districts.
 "Of the total tax bill of Oregon this year, \$40,473,066, only 23 per cent or \$9,373,376, was levied as state taxes. This amount included soldiers' bonus millage necessary for soldiers' loan bond redemption market road millage, millage for state aid to elementary schools and all the millage and appropriations for state educational institutions, including the soldiers' educational aid.
 "Only \$2,514,080 or 6 per cent of all taxes paid in Oregon this year, were for general state purposes outside of roads and education, while 94 per cent were taxes voted by the people of the state or of local taxing districts, or for purely local expenses under control of the people of each county and locality. Note this important fact that the man or woman who pays \$100 taxes, pays only \$6.30 of taxes under the control of the legislature, so that if all legislative appropriations were wiped out of existence they would still be paying \$93.70.
 Avers Pierce Raised Taxes
 "As state senator, Mr. Pierce introduced more bills than any other member of the kind that increase taxes. He voted for practically every appropriation and millage bill that came up and has caused high taxes by his bills and votes more than any other member of the legislature in the State of Oregon in 20 years."
