

CITY NEWS IN BRIEF

Motoring to Frisco—Louis Cohn of the Ace and Mr. and Mrs. C. W. Fox will leave today for San Francisco in Mr. Cohn's automobile. They expect to be gone about two weeks.

Lost—Small gold wrist watch, Thursday p. m. between W. U. campus and the Central Pharmacy. Please notify Vesta Dicka. Phone 1284J.—Adv.

Bonus Board Meets—At a meeting of the soldiers' bonus commission Monday, 22 cash claims amounting to \$5,000 were allowed. Also 37 loans were approved, to the amount of \$92,000. The full board was not present. Another meeting will be held during the week, when it is expected that appointment will be made for new appraisers in Deschutes county.

Licensed to Marry—A marriage license was issued on Monday to Archie Hull and Hattie Wolf, both of Marion county.

Dont Miss Monte Blue—In "My Old Kentucky Home" at The Liberty today.—Adv.

Club to Hear Bonham—The Kiwanis club will have immigration and emigration hurled at and pounded into and poured over it at the luncheon today noon. Raphael Bonham of Portland, who knows all about these two vital subjects, is to be the principal speaker, and it will be a message that the home builders will be delighted to hear. George Griffith of Salem is to give a brief message on a local topic, and Dick Robertson is to sing. Karl Becke gives the attendance prize for the day.

Goldstein's Answer Filed—Morris A. Goldstein, defendant in disbarment proceedings brought against him by the grievance committee of the Multnomah Bar association, yesterday filed his answer. Judge Martin L. Pipes and Judge John P. Kavanaugh signing the answer as his attorneys. He is accused of conduct unbecoming his profession in dealing with clients.

Wood Shortage Due—Buy winters supply now. Silver Falls Timber company mill will close down about Dec. 15. We are now caught up on our mill wood orders and will make prompt delivery. Fred E. Wells, 505 S. Church. Phone 1542.—Adv.

Salem Man Grandfather—Friends in Salem have received word of the birth of a daughter to Mr. and Mrs. Richard Horn of Portland. Mrs. Horn is a daughter of Walter Lenon of Salem.

Will Give Lecture—Cromwell Blower will give the third and last of his series of lectures on character reading tonight in Waller hall at the university. He says that this one will be humorous as well as educational.

Legal Blanks—Get them at The Statesman office. Catalog on application.—Adv.

Dance Tuesday Night—Regular Wed. night dances to be given every Tuesday. Hear Vick Meyers superb orchestra, Dreamland rink.

Tristle Work Proceeds—Work is proceeding steadily in the rebuilding of the Oregon Electric high trestle between Commercial and High streets. Concrete footings are being put in for all the piers, and the piers themselves are to be set straight in the stream to reduce the water effect, instead of being set as before, square with the direction of the bridge, which brought them almost broadside to the force of the stream. A large number of men is employed on the job.

Experienced Waitresses Wanted—At The Gray Belle.—Adv.

Hickman On Tour—President E. C. Hickman of Kimball School of Theology was at Bend, the first of this week to attend an Epworth league rally for the Bend district. A League institute was held last summer, at Suttles Lake, in the Bend district, that was attended by about 90 young people, and it proved so fine that they expect practically to double the attendance for the coming season. Dr. Hickman was one of the leaders in all the League institutes of Oregon, last summer, and is to continue in the work for the year to come.

A Classified Ad—Will bring you a buyer.—Adv.

Big Apple Displayed—Albert N. Fulkerson of Salem Heights, may not have all the apples in the world, but he has about the biggest. From a tree of "Spokane Beauty" apples he gathered this year some remarkable fruit. One apple that is on exhibition at the office of Mrs. Fulkerson, county superintendent of schools, weighs 21 ounces, and the growers thought that there had been yet larger than that. They will have some of these big red-checks on exhibition at some of the Salem stores during Apple Week, October 31 to November 6.

DIED

PURDY—At the residence, 960 Mill street, early Sunday morning, Oct. 15th, Mrs. Ann Jane Purdy, age 70 years, widow of the late Chas. Purdy, mother of Mrs. Charles Brandt and Miss Edna Purdy of this city. Funeral services Tuesday, Oct. 17th at 2 o'clock from the residence, the Rev. W. W. Long officiating, concluding service City View cemetery, direction of Rigdon & Son.

ADAMS—At a local hospital, Oct. 14th, Frank Adams age 54 years. The body was forwarded Sunday by Rigdon & Son to St. Helens, Or., for funeral services and interment.

PENCE—The infant son of Mr. and Mrs. E. L. Pence died at their home on 1825 N. Commercial street, October 15, 1922, at 1 p. m. The little boy, who was only 18 months old, is survived by both parents and one brother, Ellis, age 3 years. Funeral services will be held in the Webb & Clough chapel, October 17, at 2 p. m. Rev. Thos. Acheson will conduct the services, and interment will be in the I. O. O. F. cemetery.

CREAM INCOME IS INCREASED

Twenty-Five Per Cent More Received in Salem Now Than Month Ago

Fully 25 per cent more cream is now coming in to the Salem creameries than they were receiving a month ago.

The fall rains have started the pastures so that they are now yielding luxuriously. The maximum milk yield, however, is yet to come, according to local cream-arymen. Should the frost hold off for a few more weeks, another 25 per cent gain is said to be in sight.

Prices are stable. Prices have not varied materially, for a number of weeks. Butter retails at 50 cents a pound, a lower figure than prevailed in the early fall, but one that pays the dairy owner a much better profit, because of the largely increased yield with no increase in production cost.

The earliest of the fall rains came in time to insure a fine crop of corn for silage in most of the fields where corn was grown. An unusually good supply of silage is reported from most of the dairy farms, insuring adequate feed for their dairy stock for the coming winter.

Butter Test High

An exceptional number of high butter tests from dairy herds in the Willamette valley, shows that the year, even though marked by an unusual drought, has not seriously affected the well-tended dairy herds.

No world dairy records have yet been announced for this district, during this fall; though at least one record that promises to astonish the whole dairy world, is in sight in Marion county, for a pasture-fed Jersey cow. The unequalled McArthur & Stauff herd record at Rickreall and the world's record of Lad's lota, the S. J. McKee Jersey cow at Independence, were both made on part of this year's pasturage.

Industry Healthful

Dairying seems to be one of the least objectionable departments of agriculture in the Willamette valley this year. The butter price is not expected to go much if any higher than it now is, for the reason that the 50-cent butter price is about the dividing line between the limited and the extensive use of Oleo and artificial butters. There are three pounds of substitutes sold with butter at 55 cents, to one when butter is lower than 50 cents. The buttermilk competition automatically operates to hold butter at its half-dollar mark, and give the user a chance as well as the butter-maker.

Recommended as cures for certain motoring problems. There are special socket wrenches, combination wrenches, trouble lamps, ratchet wrenches for use on the transmission; tire tools and piston ring compressors. Then you can take your pick of valve grinding outfits, jacks of both gear and ratchet types, pliers of a dozen or more types and kinds, wheel pullers and many other tools too numerous to mention.

"The motorist could not, even if he wished, find room for all tools he could use," said G. L. Linnigan, sales manager for the Western Auto Supply company.

"A lot of the tools now made for the man who repairs his own car—and his number is legion now—a-days—were made primarily for garage use. There are many different assortments of tools now put on the market in the form of tool kits that give about as fine an assortment of tools for roadside repairs as any motorist could want. One of the most popular sets contains thirty tools as well as repair materials such as cotter pins, copper wire, etc. The next time you hear a man bragging about his car," concluded Mr. Linnigan "just ask him who does his repairing. Two to one he'll say that he's tired of paying out money to garages and mechanics and is doing it himself."

Some men's minds are just like a pint of cider in a washtub—broad enough, but not very deep.

The man who has money to throw at the birds is always afraid of spraining his wrist.

RUPTURE EXPERTS IN SALEM

DEMONSTRATE THE FAMOUS RICE METHOD FREE

To Callers at Hotel

If you are ruptured, your big opportunity has now arrived. If you would like to be free from the slavery of goggling, pinching, chafing trusses that make life a burden, then HERE and NOW is the time to act.

Mr. and Mrs. F. E. Williams, experts in rupture cases, trained under the personal direction of W. S. Rice, of Adams, N.Y., the famous discoverer of the Rice Non-Surgical Rupture method, will be at the Marion Hotel, Salem, Ore., October 20 and 21.

Mr. and Mrs. Williams are here to personally demonstrate to all ruptured people what the Rice Rupture Method can accomplish. You have, no doubt, heard and read much about this famous method and the cures which thousands have reported from it. Now, you have the chance to find out all about it—to have it demonstrated to you and to see what it can do in YOUR OWN case. Just call at the hotel and these experts will give you their personal attention, best advice and complete demonstration absolutely without charge.

Are you tired of that binding, hampering, uncomfortable truss? Would you like to be free of it forever? Then investigate this Rice Method and find out the possibilities it holds out. Surely a method that could cause so many thousands of former rupture sufferers to report cures must be worthy of your full and complete investigation.

The Rice Method is different from anything else. It is modern, up-to-the-minute, abreast of the latest scientific developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you. And you—alone—are the sole judge of that.

In justice to yourself, come in and see these experts. Remember, they will be here only two days, then your opportunity will be gone. Grasp it NOW. It may prove to be the wisest thing you ever did, and anyway, it costs you nothing to find out.

Remember, come to the Marion Hotel any day from 9 to 12 forenoons, 2 to 5 afternoons, or 7 to 9 in the evening. The dates are October 20 and 21.

Don't let this opportunity get away from you.

PERSONALITY IS NEEDED IN CAR

The man who really gets the most pleasure out of his automobile is the chap who, after tinkering with it, making his own repairs and installing his own accessories, can really say that the old boat has a distinct personality. He is the fellow you see every day who brags about the mileage he gets to the gallon; the absence of vibration; the pickup and pep his boat has and other various and sundry things that a man can talk about if he really knows his car.

And it's much easier to know the innermost secrets of an automobile's internal workings than it was in the past. Complete encyclopedias on autos and their ailments are on sale at nearly every good accessory store and at many book stores. The ones in the libraries seem to have been perused with care by dozens of prospective back yard mechanics, and occasionally you'll see some chap parked along the side of the road looking over the old "Dyke" to find out why his motor decided not to mope.

Of course it would be out of the question for a motorist to try and carry all the different tools that are now on the market and rec-
