

**LLOYD GEORGE IS
APPLAUDED BY PEOPLE**
(Continued from page 1.)

Legislation left to the new parliament. Either plan would be practicable, the only point being that ratification of the Irish treaty must be effected before December 6. Whichever course is adopted, Irish legislation is quite safe from any attempt to frustrate an Irish settlement.

Irish Treaty Safe
Mr. Lloyd George in a message to William Cosgrave, president of the Dail Eirean, has removed any fear of opposition from him in his new position as leader of the opposition in parliament. The Marquis of Salisbury on behalf of the "die hards" has made a similar promise, so there is no party in the house of commons that is likely to offer any hindrance to the carrying of the Irish treaty into effect.

The retiring premier left today for Leeds with his sword in his hand, as he asserted in a short address at the St. Pancras station prior to his departure. Al-

though he delivered five addresses from the rear of his car on the way to Leeds he has left until tomorrow's speech in Leeds any revelation of what his tactics will be.

Labor Support Sought
There is intense curiosity everywhere as to what the line of his procreation will take—whether he has any new domestic reforms or legislative plans to propose as a new election battle cry. There have been rumors that he has some new plan for unemployment insurance, with a view to detaching the labor vote from the labor party and bringing it into the fold of his new proposed Center party.

The rebellious conservatives who were headed by Mr. Bonar Law, Sir George Younger and Stanley Baldwin who brought about the fall of Mr. Lloyd George have contended that they were trying to get back to the party system. Only the result of general elections will show how far the have succeeded in this intention. Up to the present the only consequence of their tactics

RACING SHIPS SAVE 217 ADRIFT AT SEA.

Two hundred and seventeen passengers were transferred to lifeboats at sea 500 miles off the Pacific coast when a fire gutted the S. S. City of Honolulu, homeward bound to San Pedro, Cal. Ships from all points of the compass rushed to the rescue and all passengers are reported safe. The vessel was formerly the North German Lloyd liner "Frederic De Grosse."

has been adding of still another group to the existing party groups, thereby bringing the British parliament still nearer to the group systems as the European parliaments.

Parties Number Five
Mr. Lloyd George, who during the war split the Liberal party into two sections has now done the same thing by the Unionist party. Thus instead of the two original parties, there are now four with the labor party making the fifth. With the five separate parties it is clear that no single party can form a big enough bloc to carry on a government not aided by further alliances. It has to be remembered that the whole of the electoral machinery and the funds of the Conservative party belong to the rebellious Younger section of that group.

Mr. Lloyd George is credited with intentions to create a center party. This would necessitate the creation also of new party machinery and party funds, for the former premier has no such funds or machinery at present at his disposal.

The press was very busy today in forming a new cabinet for Bonar Law. The speculations of the various newspapers showed there was no lack of able men for a new administration.

skirts was the elderly husband, watching his wife's triumphal exit and still doggedly maintaining that she gave birth to a son and a daughter last December.

Hoax Accepted
The spectators who elbowed him aside to watch Mrs. McNally ride away were inclined to believe he was the victim of a clever hoax from beginning to end, but its purpose, why it began and why it ended is as much a problem as ever.

CENTENARIAN.

This is John Daubney, Minnesota's oldest man. He hails from Taylor Falls and is 103 years old.

FIRST WOMAN SENATOR IN U. S.

Mrs. William H. Felton, the first woman to be made a United States Senator and, though 87 years old, her power to think and act is equal to that of a man forty. She started into politics fifty years ago by electing her husband to the House of Representatives. Fancy a woman "stumping" in the crinoline period! And she wanted prohibition when Bryan was kicking at the slats in his crib.

SHE IS THE CHAMPION WOMAN RIDER OF TEXAS.

Miss Ruth Hughes of San Antonio, who returned from a European trip on the President Garfield, holds nine medals for riding and one for bucking bronco riding.
