

FEDERAL PERMIT GIVEN COMPANY

P. R. L. & P. to Proceed With Clackamas County Extensions.

A permit was received from the federal power commission yesterday by the state engineering department as the government is concern-

ed, for the Portland Railway, Light & Power company to proceed with its executive additional power development in Clackamas county.

The permit covers the construction of a diversion dam for the appropriation of water from Oak creek and Three Links, a conduit extending to a power house that will develop 20,000 kilowatts or over 25,000 horsepower, and a transmission line connecting with the Cazadero power plant.

A water right for appropriation of the necessary water will be procured from the state as soon as applications are completed.

The public service commission has not completed its inquiry as to whether the proposed extension is justified. Certain information and data have been asked of the company and this, it is promised, will be furnished to the commission.

been a pillar of the people's interests and the center of the world's desire."

"Good Fellow" Sung

The proceedings began with the customary British ritual for such occasions, the singing of "For he's a jolly good fellow." In acknowledging the vote of thanks from the meeting, Mr. Lloyd George said:

"I have been very much encouraged by the kindness which I have received in many quarters. I have never in the whole of my experience witnessed such a spectacle as the crowds at the stations which met me on my way to Leeds. I do not believe the people of this country will order their army at such a bidding (referring to the resolution of the Unionists), and whatever happens in the next few weeks I cheerfully stake my appeal on the people of this country."

... Rotten Eggs Hurlled

GLASGOW, Scotland, Oct. 21.—The present political turmoil in Great Britain was reflected in the percentages at the rectorial election at Glasgow university this afternoon when Lord Birkenhead, Unionist, was elected with 1,165 votes over Sir John Simon, Liberal, who received 530 votes and H. G. Wells, the novelist as the labor candidate who received 353 votes.

In the course of the polling several free fights occurred among the students in high flour, soot, rotten eggs and decayed fish were freely used. Several students were injured.

Will Not Merge

LONDON, Oct. 21.—By the Associated Press)—The labor party will not merge itself into a new party with other elements united with Lloyd George, according to announcements made at labor party headquarters today. "However, if Lloyd George wishes to join our party we will be glad to have him," was a remark made by the party spokesman.
