Canadian advices said traffic congestion was becoming worse and that besides lake port embarrassment, Pacific coast elevators were filled and the Vancouver route embargoed. Something of a rally at the last in the

market was ascribed to profit taking on the part of shorts. Corn and oats weakened with wheat. Rotterdam resellers were

said to be offering corn cheaper than offers from New York.

> Foreign Commerce Drops ruptcy in Germany

NEW\_YORK, Oct. 24.-Depre tinental exchange rates to the lowest price of the year, further recesions in bond prices, another movement with stocks with a better tone at the closing, lower prices for wheat and higher prices for cotton, were the outstanding

developments in today's financial torrket. Published reports of a statement ettributed to chancellor Wirth oncerning the possibility of German bankruptcy precipitated the drop in foreign exchanges, French francs falling to 7.06 cents as against par of 19.3; Belglan

rancs dropped to 6.49 cents and Italian lire to 4.02 cents. German marks approached nearer the vanishing point, being quoted at 2 1-8 cents a hundred. Sterling yielded with the rest, but principally in response to a

heavier offering of grain and cotton bills The main effect of the German financial crisis in the stock mar kt was a lessening of activity There was a continuation of forced liquidation and some short sel ling, but stocks generally showed better resistance to pressure than

hey did yesterday. The action of Mexican Petro-Bank building, Portland, and at leum in the face of a new offe: of exchange for Pan-American was surprising to a number of traders. The first sale was 1, 000 shares at 235, up five and the est price this year, and the Pan A'merican "A" and "B" issues imchange being generally better than was expected. After this initial display of strength, how ever, Mexican Petroleum turned weak, dropping to 229 and closing at 229 1-2 or fractionally be low last nightt's close. Both the Pan-American issues, however, blosed at gains of approximately

a point. Further accumulation of Read ing sent the price to 84 1-2 up 2 3-4 and a new top for the year. but the other railroad shares did

The September report of the Union Pacific railroad ,the first public showed a decrease in gross earnings of \$2,220,000 under September, 1921, which was partly explainable by the lower freight rates this year. September gross. however was \$1,600,000 above that of August. Union Pacific common and preferred were fraccommon and preferred were fractionally below yesterday's final

Reports of improved retail business found expression in the better prices for merchandising shares. Total sales were \$52,-100 shares. Call money opened at 4 1-2 per

ent and eased off to four, despite government withdrawals of 23,150,000 from member banks of the federal reserve bank in this district. There was plenty of demand for time money for three and six months at 4.2.4 but all
